NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

A. Accounting Practices – The Annual statement has been completed in accordance with the NAIC *Accounting Practices and Procedures* manual except to the extent that state law differs. No material change has occurred since the annual 2004 filing.

B. Use of Estimates in the Preparation of the Financial Statements – The preparation of financial statements in conformity with accounting practices prescribed or permitted by the Office of Financial and Insurance Services of the State of Michigan requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reporting period. Due to the prospective nature of these estimates, actual results could differ. Medical revenues and expenses require significant estimates, which include incurred but not reported claims.

C. Accounting Policy - The Company receives monthly capitation and delivery case rate payments under its contract with the Michigan Department of Community Health. The Company is required to provide covered health care services to all recipients enrolled, regardless of the cost of care provided. Capitation and delivery case rate revenue is recognized in the month that recipients are entitled to health care benefits. Reinsurance premiums are netted against premium revenue, and reinsurance recoveries are reported as a reduction of related health care costs.
