PREFACE

COMMERCIAL, INDUSTRIAL, AND UTILITY PROPERTY TAX LEVY REPORT

Act No. 332, Public Acts of 1993, which became law on December 31, 1993, changed the way local assessors reported their tax levy information to the Property Tax Division beginning in the 1993 tax year. Prior to that year, local assessors reported Ad Valorem property taxes on one report. This report was used to compute both the statewide average tax rate and to provide the basis for revenue sharing payments. Beginning with the 1993 tax year, the change in the law required the assessor to file two reports; one to report the State Equalized Value of all classes or property, real and personal, and another to report the State Equalized Value of Commercial, Industrial, and Utility classifications of property.

On March 15, 1994, Michigan voters adopted Proposal A. Prior to Proposal A, State Equalized Value (SEV) was used in calculating property taxes. As established by Proposal A, beginning with the 1995 tax year, and continuing through the current tax year, TAXABLE VALUE is used as the base for calculating property taxes and is used instead of SEV throughout this book.

The information in this book is based on the combined total TAXABLE VALUE of Commercial, Industrial, and Utility property, real and personal.

County, township, city, and village Taxable Values, millage rates, and tax levies are included in this book. School district information (K-12), Intermediate School District, and Community College information is also included.

The State Education Tax of 6 mills is included in the county information pages in this book. It is also included in the 1998 tax year information on page 2.

For information based on All Classes of property, please refer to the STC book entitled, "Ad Valorem Property Tax Levy Report".
