STATE OF MICHIGAN
DEPARTMENT OF NATURAL RESOURCES
LANSING

RICK SNYDER
GOVERNOR

RODNEY A. STOKES
DIRECTOR

SUBMITTED: January 26, 2012

MEMORANDUM TO THE DIRECTOR

Information: Natural Resources Commission

Subject: Order to Regulate Use of State Forest Campgrounds
Land Use Order of the Director Amendment No. 03 of 2012
FOR INFORMATION ONLY

Authority:

The Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, authorizes the Director to issue orders to designate state parks and recreation areas.

Discussion and Background:

The intent of this order is to:

- Amend definitions in Land Use Order 1.2 to reflect current statute and rules.
- Define recreation areas to include state forest campgrounds and non-motorized pathways.
- Amend Land Use Orders 2.103, 4.1, and 4.2 to require a Recreation Passport for entry to those facilities.

At the November 2011 Natural Resources Commission meeting it was announced that some major organizational changes will take place within the Department of Natural Resources (Department) to help the Department strengthen its role in Michigan's natural resource-based economy and better promote our state as a top destination for outdoor recreational opportunities.

One of the organizational changes was the transfer of personnel and functions of the Forest Resources Division's Recreation and Trails Section into the Parks and Recreation Division. With this transfer of functions, the state forest campgrounds and pathways are governed under Part 741 of the Natural Resources and Environmental Protection Act.

This change unites the Department's camping and trail management and promotion responsibilities within a single division, anticipating greater efficiency, improving outreach, and providing for consistent management of facilities across the Department.

Recommendation:

It is recommended that the state forest campgrounds and pathways be transferred to and administrated by the Parks and Recreation Division, as part of the Michigan state park system.
