Treating Patients with Special Care Needs

Funding for the Special Care Needs Reference Book was provided by the Department of Health and Human Services Health Resources and Service Administration Grants to Support Oral Health Workforce Activities (T12HP10742). The Contents of this Reference Book are solely the responsibility of the author and do not necessarily represent the official view of HRSA.

Please contact the dentist directly regarding method of payment. This Resource Book is provided for information purposes only and does not guarantee treatment. This is not a complete list of dentists willing to treat patients with special care needs. This is a resource book of those dentists who have expressly requested to be listed. Listing of a dentist on this directory in no way implies that MDCH endorses the services of or treatment by any dentist on their staff.
