LEARNING STATEMENT

While working on "One Michigan: Celebrating Many Traditions," I learned...

While we were talking in my 8th grade Art class I learned a lot of different traditions.
Some traditions were passed down for several of years or maybe hundred's some could have just started and will be used for a long time.
Also I learned every one in my Art class has there own traditional way of celebrating christmas.
I thought it was cool just hearing about every one different way's of celebrating, and we all respected each others different way of celebrating.
I thought it was fun and cool.

While working on "One Michigan: Celebrating Many Traditions," I learned...

I learned many things while working on my "One Michigan Celebrating Many Traditions" ornament. I learned about traditions and how many there are. That traditions can be adopted from differant areas.

My class made Gingerbread houses. I learned about Gingerbread houses; They originaly Came from Germany. Gingerbread houses are very popular. Many family's make them, Malls and stores decorate with them, and they are fun to eat!

I really enjoyed doing this project and I learned alot. I had a lot of fun making my house, and I know my classmates did too!

While working on "One Michigan: Celebrating Many Traditions," I learned...

What I learned from this project is that every family has its own little traditions. In class we descussed traditions of the students and we all had similar but different traditions.

Also from this project I learned how to Paper Mache better. It is a long, messy, but fun activity. I really enjoyed getting to make this project for our government!

Thank You!

... that gingerbread houses came from germany. Gingerbread houses are very commen to see in stores and it's a family tradition. Most traditions come from a long line of cultures big and small.

wile makeing the gingerbread house I learned that it takes many layers of paper mache. First a paper towel layer then a layer with brown and white. After that you had to decorate the house with many items such as sparkly hard a door and a window.

While working on "One Michigan: Celebrating Many Traditions," I learned...

Talking with our class, I learned everybody has different traditions. Traditions are good for a family to have because for one they bring a family together and two they are just so fun to do and to pass down from generation to generation. We were so lucky and very proud to be representing and decorating our governers mantion. This year we decided to decorate with ginger bread house, they were started in Germany and made its way all the way over to America. Where ever you go around christmas there will be something to do with Ginger Bread houses. These houses will look great in our Governers mantion.

While working on "One Michigan: Celebrating Many Traditions," I learned...

I learned that people in Michigan have many traditions. And many people share those traditions. The traditions we share are going to be passed on for generations, to come. And by making the Ginger Bread houses that, that is a tradition that many people share. I learned that paper machéing is very hard work and it takes alot of hardwork and effort. And by working with paper mache, that it could also bring a tradition, to come. Another thing I learned is that sometimes paper machéing sometimes takes teamwork.

While working on "One Michigan: Celebrating Many Traditions," I learned...

I learned about all of my classmates, about how they have different traditions. Some had the same as other people did but most were pretty different. I did'nt know that there was so many different traditions. I am very glad that we did this project because I learned a lot more than I had known before this project.

I also learned how to make ginger bread houses out of a small piece of caraboard. Paper macheing was different to I've never done it before so that was new. I am glad that I got to make these decorations for our governor.

While working on "One Michigan: Celebrating Many Traditions," I learned...

I learned that everyone has traditions.

I also learned that we all have a ton of Christmas memories and those memories are where our traditions come from. Some of the traditions in our family were started before we were born and others were started for the fun of it.

I learned that we all share the gingerbread house as a tradition.

While working on "One Michigan: Celebrating Many Traditions," I learned...

I learned that traditions are passed by generations. Some examples are what you eat, if you open a gift on Christmas Eve or any other traditions. Some of my classmates do traditions like my family does.

I also learned how to paper mache. Now I can make ginger-bread houses at home with my family. Now I can realize what some of the traditions that my family does each year like family gathering on Christmas Day.

Those are the things of what I learned about traditions.
