Requisition #1861

November 5, 2015

Q: Are there any eligibility restrictions that limit who may submit a problem state or proposal to MDOT's research program? For example, some state DOT's limit eligibility to public institutions or in-state vendors only.
A: Each requisition number that is posted on our RFP page advises who is eligible to submit a proposal at the bottom of page 1 of the posted RFP. Requisition #1861 is eligible to all universities and consultants nationwide.

Q: Secondly, is there a typical research cycle defining when RFP's are published and when proposals or problem statements are due?
A: For more information on our typical research cycle, please read Chapter #2 of our Research and Implementation Manual, which is located at the following link:
