Bureau of Health Systems Summary of 2011 PA 63 Section 731 Report

Mike Pemble, Director

February 16, 2012

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

REPORT AUTHORITY

Public Act 63 of 2011, Article XII

Section 731.

(1) The Bureau of Health Systems shall prepare a report detailing the number of facilities, locations, and beds for each type of health facility licensed, certified, inspected, or otherwise regulated by the bureau. The report shall also include the bureau's cost to license, certify, inspect, or otherwise regulate each type of facility. The data required by this subsection shall be collected and reported on acute care hospitals, home health agencies, hospices, hospice residences, psychiatric units in general hospitals, psychiatric hospitals, partial hospitalization psychiatric programs, outpatient surgical facilities, laboratories, end stage renal disease facilities, rural health clinics, substance abuse programs, long-term care facilities including nursing homes, hospital long-term care units, county medical care facilities, and radiation machines.

(2) By February 1, the Bureau of Health Systems shall work with interested stakeholders to recommend to the governor and the legislature a schedule of fees to be charged by the bureau for regulating health facilities. **The fee schedule proposed by the bureau shall bear a direct relationship to the cost of the service or act, including overhead expenses.** The report shall also recommend the necessary statutory and administrative rule changes necessary to implement the recommended fee schedule.

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Health Systems

- License, certify and/or regulate facilities:
  - ✓ 440 Nursing Homes equaling 46,890 licensed beds*
  - ✓ 175 Hospitals equaling 26,397 licensed beds*
  - ✓ 12 Psychiatric Hospitals / 48 Psychiatric Units within Hospitals*
  - ✓ 26 Psychiatric Partial Hospitalization Programs*
  - ✓ 9 Organ Transplant Facilities
  - ✓ 662 Home Health Agencies
  - ✓ 110 Hospice Programs and 21 Hospice Residences*
  - ✓ 170 End Stage Renal Disease (Dialysis)
  - ✓ 150 Rural Health Clinics
  - ✓ 120 Freestanding Surgical Outpatient Facilities/Ambulatory Surgical Centers*
  - ✓ 15 Comprehensive Outpatient Rehabilitation Facilities
  - ✓ 11 Portable X-Ray Facilities
  - ✓ 196 Outpatient Physical Therapy/Speech Pathology
  - ✓ 7,659 Laboratories* (not licensed since 1992)
  - ✓ 10,063 Radiation Machine Sites

*Licensed

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Stakeholder Input Summary

- Electronic survey of stakeholders was sent to over 1,000 entities including affected licensed provider types and consumer groups
- Survey resulted in 302 responses; 282 licensed provider responses (93%), 12 non-licensed responders (4%), 8 responders did not self-identify
- 93% indicate importance of issuing a license within 90 days
- 97% indicate importance of timely revisits after deficient practice is sited
- 85% want timeliness and effectiveness of licensing process improved
- 35% believe that care and treatment generally better when inspections are performed
- 92% believe BHS should **respond timely to citizen complaints** against providers
- 49% believe fees should support cost of licensing activities
- 37% would support reasonable license fee increase
- 45% of responders would not actively oppose a license fee increase
- 91% of responders indicate that any funding generated from a license fee increase should be restricted to supporting only licensing functions

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Stakeholder Survey Results

"Supportive" of a reasonable fee increase by facility type:

- FSOF related responders 52%
- Hospice related responders 52%
- Hospital related responders 67%
- Nursing home related responders 30%
- Psychiatric related responders 68%

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Proposed Revenue Changes

Health Facility Licensure Fees

- ✓ License fees not increased since enacted in 1981
- ✓ Regulated entities contribute toward the State's share of the cost of inspections and complaint investigations
- ✓ Federal funding will continue to offset State's expense
- ✓ Encourages new health facilities in MI
- ✓ Better service to all stakeholders
- ✓ 91% of stakeholders preferred BHS restricted funding
- ✓ Proposed fees based on actual average survey hours
- ✓ $4.75 million GF/GP savings

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Health Systems

Key Accomplishments

- ✓Eliminated long standing backlog of nursing home complaint investigations
- ✓Innovative nurse recruitment techniques assist in filling health care surveyor vacancies
- ✓Improved coordination and efficiencies in the inspection process
- ✓Improved communication with provider community
- ✓Biannual joint training for providers and surveyors huge success
- ✓BHS meeting all LARA departmental dashboard performance requirements

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Nursing Home Complaint Response Time

Average Number of Days from Receipt of Complaint to Surveyor Onsite

Non IJ High Priority Complaints:

- 2007 – 102.5 days
- 2008 – 105.7 days
- 2009 – 84.5 days
- 2010 – 23.4 days
- 2011 – 15.9 days

Note: Complaints involving Immediate Jeopardy to a nursing home resident are initiated within 2 days of receipt

BHS Performance Measures

	IL	IN	MI	MN	OH	WI
FY 2007	9083	6515	2800	3022	8577	2929
FY2008	9437	6736	3065	3204	9109	3021
FY 2009	8979	6854	3395	3091	8882	3194
FY 2010	7673	6301	4044	2976	7930	2563

Michigan is the only State in Region V (Midwest) that consistently shows an increase in the number of inspections completed annually.

Health Systems

The Role of Effective Regulation in Job Creation

- The number one concern for new providers interested in building new health facilities in Michigan is whether they will receive a timely initial licensing and certification survey once construction is complete.
- A new facility creates construction jobs and ongoing jobs to run the facility.
- BHS licensing and certification inspections verify compliance with licensing requirements and Medicare and Medicaid conditions of participation to secure funding that reimburses the facility for the delivery of care.
- Initial Medicare/Medicaid Certification Surveys are completed by BHS in accordance with the priorities set by the federal Department of Health and Human Services, Centers for Medicare/Medicaid Services, the authority having jurisdiction.
- Adequate State funding can assure completion of all State and federal survey activity to make Michigan an attractive location to establish new facilities.
- Inadequate State funding results in failure to complete required inspections. In turn, CMS may deny or delay certification of new providers in the State.

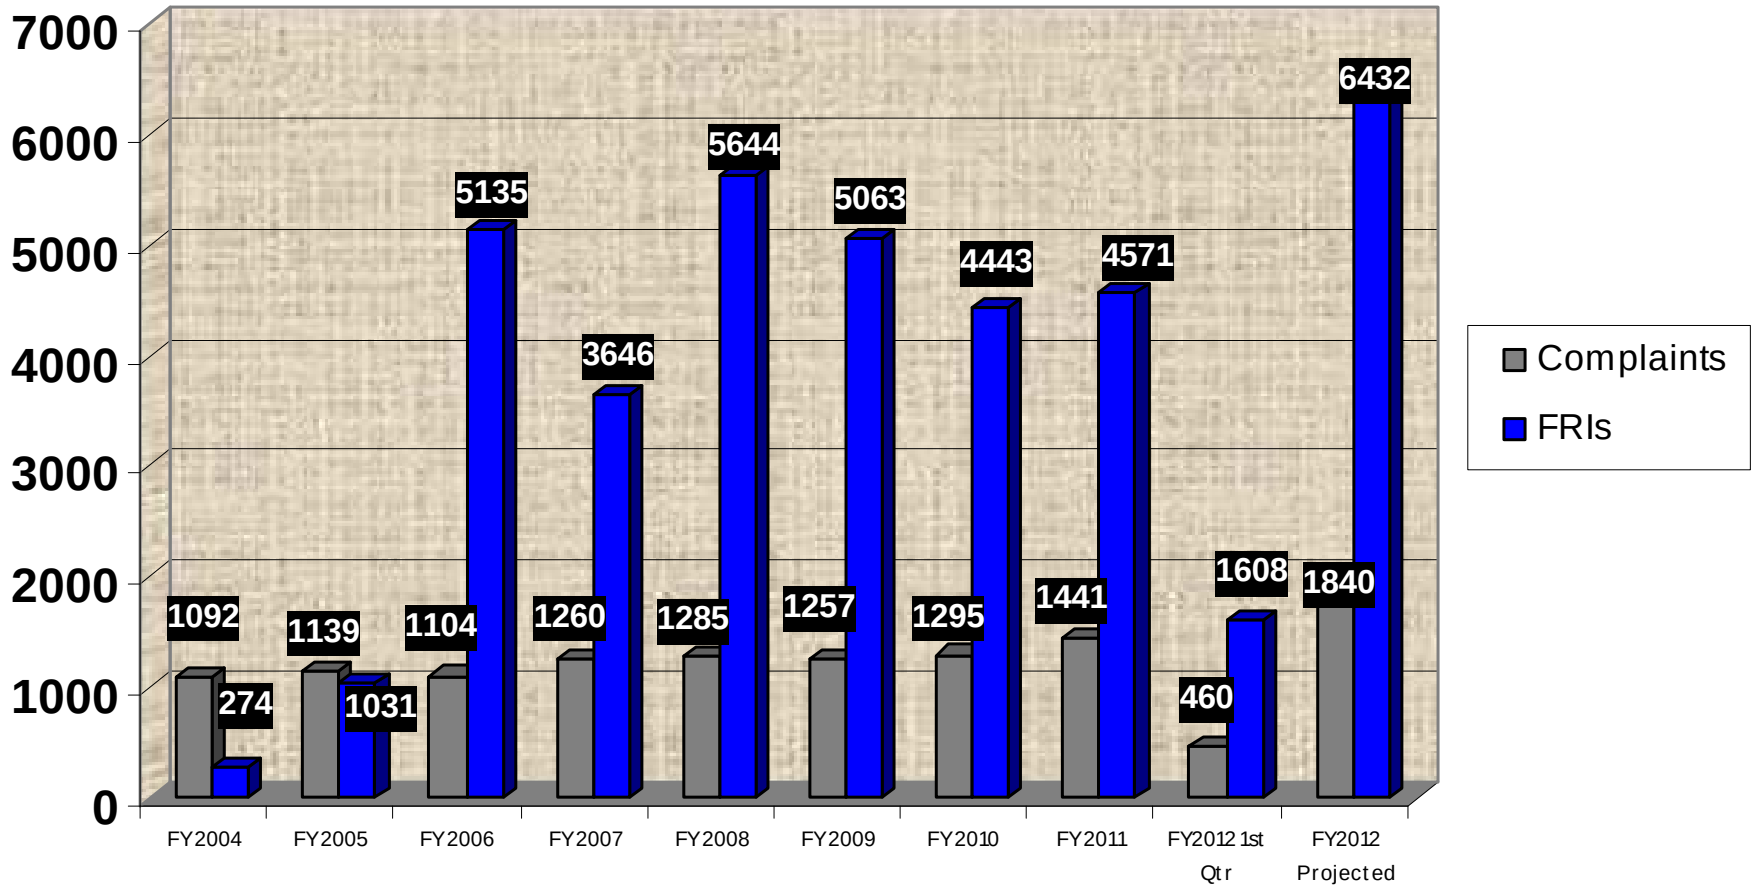
LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Nursing Homes, County Medical Care Facilities & Hospital LTC Units

- 440 facilities; 46,890 licensed beds
- Nursing homes must be licensed, and most request certification to participate in the Medicare/Medicaid programs
- BHS/LARA is the State licensing authority and under contract with the federal government to perform certification inspections
- Inspections are performed annually by a multi-disciplinary group of State Health Care Surveyors
- Nursing home complaints and incidents reported by facilities involving allegations of abuse or neglect are investigated upon receipt
- The overall cost and number of staff necessary to regulate nursing homes has increased annually (insurance, travel, retirement, office space, etc.)

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Nursing Home Citizen Complaints and Facility Reported Incidents (FRIs)



- Facility Reported Incidents (FRI's) of alleged abuse, neglect, misappropriation of resident property, and injuries of an unknown (suspicious) origin are projected to increase 41% based on 1st Quarter FY12 actual data.
- FY12 Citizen Complaints are projected to increase another 28% based on 1st Quarter data.
- Complaints increased 11% in FY11.

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Long Term Care - Total Number of Complaint Health Surveys Conducted

	IL (788)*	IN (503)*	MI (429)*	MN (386)*	OH (955)*	WI (390)*
FY 2007	2846	1584	555	411	2226	896
FY 2008	2742	1450	616	503	2452	858
FY 2009	2826	1443	721	516	2052	913
FY 2010	2430	1434	1503	511	2058	798
FY 2011	1755	1356	1578	216	1743	799

Michigan is the only state within Region V reflecting a consistent pattern of increasing complaint investigations. MI is on a trend to have its nursing home complaints exceed those in states with nearly double the number of nursing homes.

*(Total Number of Nursing Homes)

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Nursing Homes cont'd

BHS current staff dedicated to nursing home regulation: 162.85 FTE's

- Health Care Surveyors: 110
- Non-Surveyor Professionals: 30.85
- Clerical: 22

Relevant factors:

- 42% increase in nursing home complaints since FY10
- 45% increase in facility reported abuse/neglect since FY10
- 90% of all BHS complaints involve nursing homes
- 85% of all BHS inspection time is spent on nursing homes
- 14 new nursing homes licensed in FY12
- $1.6 million cost accounting increase in staff retirement/healthcare for FY12
- Investigations are accumulating a backlog (currently 360 intakes pending)
- Reports are not always issued timely
- Revisits are not always timely

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Nursing homes cont'd

- In order to be positioned to investigate a 44% increase in complaints and facility reported incidents (FRI's), and in order to perform required inspections at the 14 new nursing homes, BHS will need to increase staffing for nursing home regulation by about 10%. Including:
    - 12 Health Care Surveyors
    - 2 Analysts to Take In Complaints and FRI's
    - 1 Manager

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Nursing homes cont'd

- Funding splits:
  - Title 18 Medicare: 35.4%
  - Title 19 Medicaid: 33.4%
  - Balance: 31.2%
- $7,210,221 / 48,245 beds = $150 per bed
- Note: Average annual cost to stay in a nursing home is $50,000+ per bed (aarp.org)
- **Report Recommendation:** $1,500 annual license fee along with a $136 annual per bed fee to more fairly balance the costs between very small and very large nursing home operators.

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Acute Care Hospitals

Relevant factors:

- 175 acute care hospitals
- Inspections can take 4 to 5 surveyors a full week to complete.
- Acute care hospitals account for about 65% of the approximately 600 non-long term care complaints received by the Bureau in FY 2011.
- Biennial inspections have not been conducted routinely as required by Code
- $1.6 million cost accounting increase in staff retirement/healthcare for FY12
- Complaint investigations are accumulating a backlog
- Reports are not always issued timely
- Revisits are not always timely
- BHS proposes to eliminate the inspection waiver provision for hospitals to assure routine inspections
- BHS proposes triennial inspections to reduce survey costs

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Acute Care Hospitals Cont'd

- **Estimated current staff dedicated to acute care hospital regulations**: 3.05 FTEs

  Health Care Surveyors: 2.40 FTEs

  Non-Surveyor Professionals: 0.45 FTEs

  Clerical: 0.20 FTEs
- **Total staff necessary to perform acute care hospital regulation is 11.50 FTEs.**

  Health Care Surveyors: 10.10

  Non-Surveyor Professionals: 0.95

  Clerical: 0.45
- **Funding Sources:**

  Title 18 (Medicare): 21%

  State Obligations: 79%
- **Report Recommendation:** $1,500 annual license fee along with an annual per bed fee of $35 to fund the State Obligations portion of the survey costs.

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Hospice Agencies and Residences

Relevant factors:

- 110 Hospice agencies and 21 Hospice residences
- Hospice agencies currently pay no license fees
- 19 new agencies and 2 new residences are awaiting licensure that is expected to take an average of 9 months to process
- Annual inspections have not been conducted as required by Code
- $1.6 million cost accounting increase in staff retirement/healthcare for FY12
- Reports are not always issued timely
- Revisits are not always timely
- BHS proposes triennial inspections to reduce survey costs

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Hospice Cont'd

- **Estimated current staff dedicated to hospice regulations**: 2.05 FTEs
  Health Care Surveyors: 1.40 FTEs
  Non-Surveyor Professionals: 0.40 FTEs
  Clerical: 0.25 FTEs
- **Total staff necessary to perform hospice regulation is 6 FTEs.**
  Health Care Surveyors: 4.6
  Non-Surveyor Professionals: 0.9
  Clerical: 0.50
- **Funding Sources:**
  Title 18 (Medicare): 22%
  State Obligations: 78%
- **Report Recommendation:** $4,616 annual license fee for each hospice agency or residence. This flat fee is better reflective of the survey costs for each hospice and will fund the State Obligations portion of the survey costs.

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Freestanding Surgical Outpatient Facilities

Relevant factors:

- 120 freestanding surgical outpatient facilities (FSOF)
  - Includes abortion, cosmetic, cystoscopy, dentistry, endoscopy, laser and orthopedic surgery centers
- Some FSOF's may qualify for federal certification
- Increased focus on infection control during inspections
- Annual inspections have not been conducted routinely as required by Code
- $1.6 million cost accounting increase in staff retirement/healthcare for FY12
- Reports are not always issued timely
- Revisits are not always timely
- BHS proposes triennial inspections to reduce survey costs

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Freestanding Surgical Outpatient Facilities Cont'd

- **Estimated current staff dedicated to FSOF regulations**: 1.55 FTEs
  Health Care Surveyors: 1.10 FTEs
  Non-Surveyor Professionals: 0.35 FTEs
  Clerical: 0.10 FTEs
- **Total staff necessary to perform FSOF regulation is 5.50 FTEs.**
  Health Care Surveyors: 4.30
  Non-Surveyor Professionals: 0.85
  Clerical: 0.35
- **Funding Sources:**
  Title 18 (Medicare): 22%
  State Obligations: 78%
- **Report Recommendation:** $4,653 annual license fee to fund the State Obligations portion of the survey costs.

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Psychiatric Hospitals, Units, and Partial Hospitalization Programs

Relevant factors:

- 60 psychiatric hospitals and units within acute care hospitals
- 26 partial psychiatric hospitalization programs
- Periodic inspections have not been conducted as required by Code
- $1.6 million cost accounting increase in staff retirement/healthcare for FY12
- Psychiatric related complaints frequent and often serious
- Psychiatric related complaint investigations are accumulating
- Psychiatric complaint investigations take significant staff time
- Reports are not always issued timely
- Revisits are not always timely
- BHS proposes triennial inspections to reduce survey costs

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Psychiatric Hospitals, Units, and Partial Hospitalization Programs Cont'd

- **Estimated current staff dedicated to psychiatric regulations**: 1.75 FTEs
  Health Care Surveyors: 1.00 FTEs
  Non-Surveyor Professionals: 0.50 FTEs
  Clerical: 0.25 FTEs
- **Total staff necessary to perform psychiatric regulation is 4.00 FTEs.**
  Health Care Surveyors: 2.50
  Non-Surveyor Professionals: 1.00
  Clerical: 0.50
- **Funding Sources:**
  Title 18 (Medicare): 33%
  State Obligations: 67%
- **Report Recommendation:** $1,500 annual license fee along with an annual per bed or treatment position fee of $71 to fund the State Obligations portion of the survey costs.

LICENSING AND REGULATORY AFFAIRS
CUSTOMER DRIVEN. BUSINESS MINDED.

Clinical Laboratories

- The State licensing program for clinical laboratories was suspended in 1992 under the **Department of Public Health**.
- Licenses have not been issued, license fees have not been assessed, and licensing inspections have not been completed for 20 years.
- Complaints for this program area are infrequent.
- The Bureau estimates approximately 3,200 existing laboratories could fall under State licensing requirements if re-initiated.
- BHS would require an additional 15 FTE's to conduct biennial inspections.
- Public Health Code and Rules are out of date and in need of revision.
- A comparable federal program, Clinical Laboratory Improvement Amendments (CLIA), is administered by BHS on behalf of CMS covering approximately 7,000 laboratories in the State.
- BHS presently has 3.6 FTE's allocated to regulate clinical laboratories.
- Title 18 (Medicare) provides full funding of the CLIA program.
- **Report Recommendation:** Elimination of the State clinical laboratory licensing requirement.

REPORT AUTHORITY

Public Act 63 of 2011, Article XII

Section 731. (1) The bureau of health systems shall prepare a report detailing the number of facilities, locations, and beds for each type of health facility licensed, certified, inspected, or otherwise regulated by the bureau. The report shall also include the bureau's cost to license, certify, inspect, or otherwise regulate each type of facility. The data required by this subsection shall be collected and reported on acute care hospitals, home health agencies, hospices, hospice residences, psychiatric units in general hospitals, psychiatric hospitals, partial hospitalization psychiatric programs, outpatient surgical facilities, laboratories, end stage renal disease facilities, rural health clinics, substance abuse programs, long-term care facilities including nursing homes, hospital long-term care units, county medical care facilities, and radiation machines.

(2) By February 1, the bureau of health systems shall work with interested stakeholders to recommend to the governor and the legislature a schedule of fees to be charged by the bureau for regulating health facilities. The fee schedule proposed by the bureau shall bear a direct relationship to the cost of the service or act, including overhead expenses. The report shall also recommend the necessary statutory and administrative rule changes necessary to implement the recommended fee schedule.

REPORT OVERVIEW

In accordance with Public Act 63 of 2011, Article XII, this report will provide:

- A fee schedule necessary for State licensing of health facilities and agencies,
- An overview of State licensing and federal certification activities,
- Costs associated with State licensing and federal certification activities,
- Statutory and rule changes necessary to implement the revised fee schedule, and
- A directory of all health facilities and agencies licensed and certified in the State.

RECOMMENDED STATE LICENSING FEE STRUCTURE

The Michigan Compiled Laws (MCL), specifically 333.20161 and 330.1139, set forth the licensing fees for health facilities/agencies. Licensing fees were established in Code on October 1, 1981 and have remained for the most part unchanged for the last 30 years.

Table 1 is the recommended fee schedule necessary for licensing activities by the Bureau of Health Systems ("Bureau") within the Michigan Department of Licensing and Regulatory Affairs ("Department").

Table 1
Recommended Health Facility/Agency Licensing Fee Schedule

Hospitals……..	$1,500 per license + $35 per bed
Hospice Agencies……..	$4,616 per license
Hospice Residences……..	$4,616 per license
Freestanding Surgical Outpatient Facilities…	$4,653 per license
Nursing Homes*……..	$1,500 per license + $136 per bed
Psychiatric Hospitals/Units……..	$1,500 per license + $71 per bed
Partial Psych Hospitalization Programs…….	$1,500 per license + $71 per Tx Position
Clinical Laboratories…….	See recommendations
Application Fee……..	$5,000 per new license

* Nursing homes include county medical care facilities and hospital long-term care units.

The proposed fees above are assessed on an annual basis. If licensure is for more than 1 year, as specified in Code, the proposed fees are multiplied by the number of years for which the license is issued. The Bureau is also proposing an application fee for new providers to assist in covering the initial costs of pre and post surveys prior to initial licensure. The application fee does not apply to renewal of licensure.

RECOMMENDED FEE STRUCTURE BENEFITS

The recommended fee schedule will:

- Eliminate the need for general fund dollars to support licensing functions.
- Provide funding necessary to fulfill mandatory licensing activities, such as
    - Timely processing of licensing applications for new providers,
    - Routine onsite surveys to assure compliance with state requirements, and
    - Improved monitoring of quality of care and services for Michigan residents in licensed health facilities and agencies.
    - Timely inspection reports issued to licensed health facilities and agencies.
    - Timely revisits to licensed health facilities and agencies in order to verify compliance with regulatory requirements when appropriate.
- Assure funding to be used solely to support necessary licensing activities.
- Create an annual fee adjustment mechanism to offset inflationary increases.
- Create an application fee for new licensure and base fee renewals.

RECOMMENDED FEE STRUCTURE OVERVIEW

The recommended fee schedule includes:

- An annual license fee for all providers, similar to the current license fee for psychiatric providers. The license fee is designed to cover routine fixed costs that occur no matter the size of the provider. Routine expenditures include administrative costs, periodic onsite visits, issuing licenses, maintaining records, database maintenance, consultations, etc.
- An increase in the existing per bed or per treatment position fee. This proxy allows for an incremental increase in licensing fees based on the size of the health facility or agency. Larger facilities and agencies tend to consume more survey time due to the size and complexity of services offered and potential number of complaints.
- A new initial application fee. This initial fee is to offset the cost of establishing and processing a new provider in the licensing system, as well as the labor intensive work to conduct pre and post licensure surveys. New providers will benefit from a timely processing of licensure applications, while not shifting the added costs for this labor intensive process to existing providers under routine licensing fees.
- Elimination of the State clinical laboratory licensing requirement. The State licensing program for clinical laboratories was suspended in 1992 under the Department of Public Health. The Bureau estimates approximately 3,200 existing laboratories could fall under State licensing requirements if re-initiated. A comparable federal program, Clinical Laboratory Improvement Amendments (CLIA), is administered by the Bureau on behalf of CMS covering approximately 7,000 laboratories in the State.

CURRENT STATE LICENSING FEE STRUCTURE

Table 2 is the current schedule of licensing fee set forth in MCL 333.20161 and 330.1139 for health facilities/agencies.

Table 2
Current Health Facility/Agency Licensing Fee Schedule

Hospitals*……..	$8.28 per bed x # of years
Hospice Agencies……..	No Fee
Hospice Residences……..	$200 per license + $20 per bed
Freestanding Surgical Outpatient Facilities...	$238 per license
Nursing Homes……...	$2.20 per bed
Psychiatric Hospitals/Units*……..	$600 per license + $7.50 per bed
Partial Psych Hospitalization Programs*……	$600 per license + $7.50 per Tx position
Clinical Laboratories……..	$475 per license

* Licensing fee is biennial (every two years).

ESTIMATED FEE REVENUES

Table 3 is an estimate of revenues generated under the current and recommended fee schedules based on licensed health facilities and agencies as of January 2012.

TABLE 3
Estimated Annual Fee Revenues

Facility Type	Current Fees	Proposed Fees
Acute Care Hospitals	$218,567	$1,186,395
Hospices	$10,560	$604,696
Psychiatric Hospitals, Units, Programs	$37,365	$347,964
Freestanding Surgical Outpatient Facilities	$28,560	$558,360
Clinical Laboratories*	N/A	N/A
Nursing Homes	$103,158	$7,242,320
TOTAL FEE REVENUES	**$398,210**	**$9,939,735**

* Proposed elimination of licensing program.

LEGISLATIVE FEE STRUCTURE HISTORY

LICENSING FEES

Prior to the Public Act 76 of 1981, the licensing fee section of the Public Health Code read, “The department may promulgate rules to prescribe fees for a review of a license application and the issuance or renewal of a license.”

Public Act 76 codified the current licensing fees for health facilities and agencies, effective October 1, 1981, under MCL 333.20161(1). Relevant amendments since 1981 are identified below.

Public Act 376 of 1984 amended the fee for clinical laboratories from $270 to $475. On September 4, 1992, the Department of Public Health suspended all State clinical laboratory licensing activities. This action was taken to save general fund dollars at the time. No State clinical laboratory licenses have been issued or fees collected since.

Public Act 267 of 1996 added a licensing fee for hospice residences of $200 per license and $20 per bed annually. This amendment did not propose a license fee for hospice agencies that provide in-home care. Last year, the Bureau issues approximately 110 licenses to existing hospice agencies with no licensing fee assessed.

ANNUAL COST OF LICENSING ACTIVITIES

Public Act 469 of 2004 amended MCL 333.20161(9) to read, “The cost of licensure activities shall be supported by license fees.”

LICENSING REQUIREMENTS

HEALTH FACILITIES/AGENCIES

For purposes of this report, MCL 333.20106 defines a “Health facility or agency” as a clinical laboratory, county medical care facility, freestanding surgical outpatient facility, hospital, nursing home, hospice, and hospice residence.

PROVIDER LICENSING REQUIREMENT

MCL 333.20141(1) states that, “A person shall not establish or maintain and operate a health facility or agency without holding a license from the department.”

DEPARTMENT LICENSING DUTIES

The following excerpts from the Code provide a general overview of core duties of the Bureau related to issuing licenses and monitoring compliance with state requirements.

MCL 333.20131 requires the establishment of a comprehensive system to license and certify health facilities or agencies in order to protect the health, safety, and welfare of individuals receiving care and services in or from a health facility or agency, and assure the medical accountability for reimbursed care provided by a certified health facility or agency participating in a federal or state health program.

MCL 333.20162 (1) requires the issuance of an initial license within 6 months after the applicant files a completed application.

Prior to issuance of a license, the Bureau conducts a pre-licensure survey to verify policies, procedures, and staffing are in place prior to receiving and caring for patients. In addition, MCL 20145 may require a construction permit to be issued prior to construction of or renovation to a health facility.

Some administrative rules require the department to conduct opening surveys for initial licensure within specific time frames. For example, Hospice Administrative Rule 325.13205 requires the department to conduct a survey and investigation of a hospice for initial licensure within the 3-month period following receipt of the application.

One a pre-licensure survey is conducted, and the health facility or agency demonstrates compliance with State requirements, a post licensure survey will be conducted after the provider has delivered care to patients. The pre and post surveys are designed to assure the health, safety and welfare of patients.

MCL 333.20164 (1) requires a license to be issued for 1 to 2 years. Licenses are then renewed through the department's online licensing system.

MCL 333.20155 (1) requires the department to make annual visits to each health facility or agency licensed for the purposes of survey, evaluation, and consultation, as well as to investigate complaints.

MCL 333.20155 (2) requires the department to make at least a biennial (every two years) visit to each licensed clinical laboratory, each nursing home, and each hospice residence for the purposes of survey, evaluation, and consultation.

MCL 333.20155 (3) requires the department to make a biennial visit to each hospital for survey and evaluation for the purpose of licensure. This provision can be waived if the hospital meets certain requirements set forth by Code.

DEPARTMENT STRUCTURE

DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS

The Department of Licensing and Regulatory Affairs (LARA) is composed of agencies and commissions that promote business growth and job creation through streamlined, simple, fair, and efficient regulation, and at the same time protect the health and safety of Michigan's citizens.

LARA agencies and commissions include, but not limited to, Commercial Services, Construction Codes, Employment Relations, Financial & Insurance Regulations, Fire Services, Commission for the Blind, Liquor Control, Occupational Safety & Health, Public Service Commission, Regulatory Reinvention, Unemployment Insurance Agency, Workers' Compensation Agency, Health Professions, and Health Systems.

BUREAU OF HEALTH SYSTEMS

The Bureau of Health Systems (BHS), within LARA, serves to protect and improve the health status of Michigan citizens through the development, maintenance and assurance of safe, effective, efficient and accessible health care services delivered through health care facilities and to promote the development of appropriate regulatory policies to achieve a safe, efficient and effective health care delivery system.

The Bureau is responsible for State licensing of health facilities and agencies under of the Public Health Code, 1978 PA 368. In addition, the Bureau is the State agency in Michigan responsible for conducting certification surveys on behalf of the Centers for Medicare and Medicaid Services (CMS) to assure that covered health providers and suppliers meet the federal conditions of participation for the Medicare and Medicaid programs.

Table 4 shows the types of health facilities and agencies that are required to be licensed in the State of Michigan, while table 5 shows the types of health providers and suppliers that can apply for federal certification.

Table 4
Health Facilities Requiring State Licensure by the BHS

Hospitals	Hospice Agencies

Partial Psychiatric Hospitalization Programs	Nursing Homes
Freestanding Outpatient Surgical Facilities (FSOF)	Clinical Laboratories

Like other States, Michigan has contracted with the federal government to perform certification inspections at health facilities participating in Medicare and Medicaid. Michigan receives federal dollars for performing this function that has and will continue

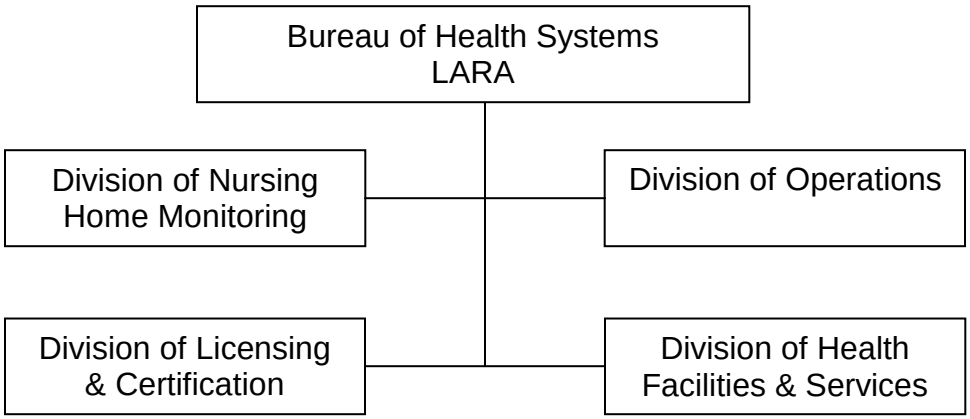
to reduce the cost of licensing activity. In addition to certification inspections, the Bureau receives complaints filed by consumers and other interested parties against federally certified providers and suppliers. If the complaint alleges a violation of the federal conditions of participation in Medicare/Medicaid, the Bureau will investigate, including onsite inspections, on behalf of CMS.

Table 5
Health Entities Requiring Certification to Participate in Medicare/Medicaid
Conducted by the BHS

Hospitals	Hospice Agencies
Psychiatric Hospitals/Units	Hospice Residences
Partial Psychiatric Hospitalization Programs	Nursing Homes
Ambulatory Surgical Centers/FSOF	Clinical Laboratories (CLIA)
Comprehensive Outpatient Rehab (CORF)	Home Health Agencies
Outpatient Physical Therapy (OPT)	Portable X-Ray Providers
End-Stage Renal Dialysis (ESRD)	Rural Health Clinics

While it is important to recognize and understand the Bureau's scope of duties related to the federal certification activities, this report will focuses primarily on those Bureau activities needed to maintain and support the state licensing functions set forth in Code. Figure 1 shows the current organization structure for the Bureau of Health Systems.

Figure 1
Bureau Organization Structure



The *Nursing Home Monitoring Division* is responsible for state licensing and federal certification of all long-term-care facilities, including county medical care facilities and hospital long-term care units. This is accomplished through inspection (survey), investigation, assessment and evaluation of long term care facilities to determine compliance with state licensing and federal certification requirements.

The *Licensing and Certification Division* is responsible for state licensing and federal certification of all non-long-term-care facilities (see Table 3, excluding nursing homes). This is accomplished through inspection (survey), investigation, assessment and evaluation of non-long term care facilities to determine compliance with state licensing and federal certification requirements.

The *Operations Division* is responsible for receipt and investigation of nursing home residents' complaints and facility reported incidents involving serious injury or harm, referring non-long-term care complaints for investigation to the Licensing & Certification Division, and processing and coordinating enforcement actions against facilities.

The *Health Facilities & Services Division* is responsible for physical plant evaluations for licensed health facilities; licensing and certification surveys and complaint investigations related to physical plant, infection control, and life safety code requirements; and registration of X-Ray machines used in medical and non-medical radiation facilities.

The Bureau currently employs 226 employees: 100 employees in Nursing Home Monitoring Division, 63 in Operations Division, 32 in Health Facilities and Services Division, and 29 in Licensing and Certification Division.

STATE LICENSED & FEDERAL CERTIFIED PROVIDERS

Table 6 lists State licensed provider types, number of sites, and number of beds/treatment positions under Bureau oversight, excluding radiation machines (10,063) and clinical laboratories (7,659). All State licensed provider types can also be federally certified for participation in the Medicare and Medicaid programs.

Table 6
State Licensed and Federally Certified Sites

Type	Sites	Beds
Acute Care Hospitals	175	26,397
Hospices	110	N/A
Hospice Residences	21	318
Psychiatric Hospitals/Units	60	2,201
Partial Psychiatric Hospitalization Programs	26	883
Freestanding Surgical Outpatient Facilities	120	N/A
Nursing Homes	440	46,890

Table 7 lists other provider types that can be federally certified and number sites under Bureau oversight pursuant to CMS agreement (no state licensing required).

Table 7
Federally Certified Sites

Type	Sites
Home Health Agencies	622
Clinical Laboratories*	7,659
End-Stage Renal Dialysis (ESRD) Centers	170
Rural Health Clinics	150
Comprehensive Outpatient Rehab Facilities (CORF)	15
Portable X-Ray Providers	11
Outpatient Physical Therapy Providers (OPT)	196

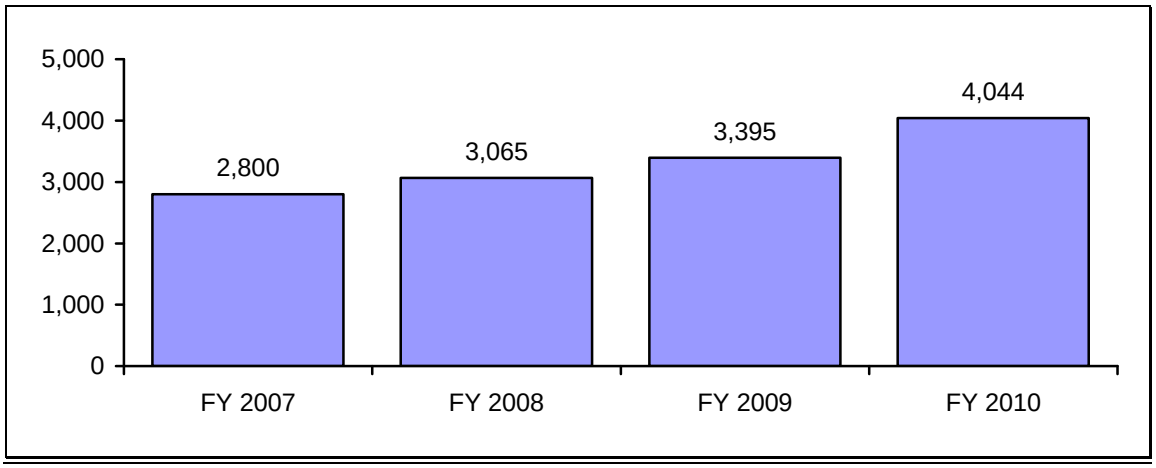
* Not licensed since 1992; licensing requirements remain in Code (see recommendation).

LICENSING ACTIVITY OVERVIEW

In general, the majority of State licensing activities involve the issuance and renewal of licenses to qualified health facilities and agencies; conducting initial, routine and revisit surveys to determine compliance with State and federal requirements; and investigating complaints against providers.

While the Bureau is continually working to meet its State licensing and federal certification workload requirements, Michigan was the only state in Region V (Midwest) to show an increase in the number of standard, complaint, and revisit surveys of all provider types conducted in Fiscal Year (FY) 2010. Chart 1 shows the recent increase in overall surveys conducted in Michigan.

Chart 1
Annual Surveys Conducted in Michigan



Source: FY 2010 Annual Report, CMS, Region V.

Onsite surveys are routinely conducted by State surveyors (nurses, pharmacists, social workers, engineers, etc.) to determine if a health facility or agency is ready for licensure and certification prior to receiving and caring for patients or currently meeting State and federal requirements after licensure. These surveys are labor intensive that include, but limited to, intensive training of surveyors, pre-onsite preparations, travel, onsite survey time, report writing, revisits, and data input and record maintenance. Table 8 shows the average number of total hours to conduct a standard federal survey for Michigan provider types in FY 2010.

Table 8
Average Total Hours to Conduct a Standard Survey by Provider Type
FY 2010

Provider Type	Michigan
Hospice	99.3 Hours
Nursing Homes	155.3 Hours
Hospitals	132.8 Hours
Surgical Centers	56.2 Hours

Source: FY 2010 Annual Report, CMS, Region V.

Another labor intensive activity for the Bureau is the intake and investigation of complaints against State licensed and federally certified providers. In FY 2011, the Bureau received more than 6,600 complaints against State licensed or federally certified providers. Nursing home related complaints accounted for 90% of all complaints received by the Bureau in FY 2011.*

The following pages of this report will provide a budget overview and summary of the recommended fee schedule calculations, as well as the necessary statutory and administrative rule changes necessary to implement the recommended fee schedule.

* Nursing home complaints include both citizen issued complaints (1,441) and facility reported incidents (4,571) alleging patient abuse, neglect, misappropriation of property, and injury of unknown and suspicious origin.

BHS LICENSE FEE PROPOSAL – BUDGET NOTES

General BHS per Employee Costs Calculation:

Total Salaries for All Licensing and Certification Staff: $12,536,677 (190 FTE's)

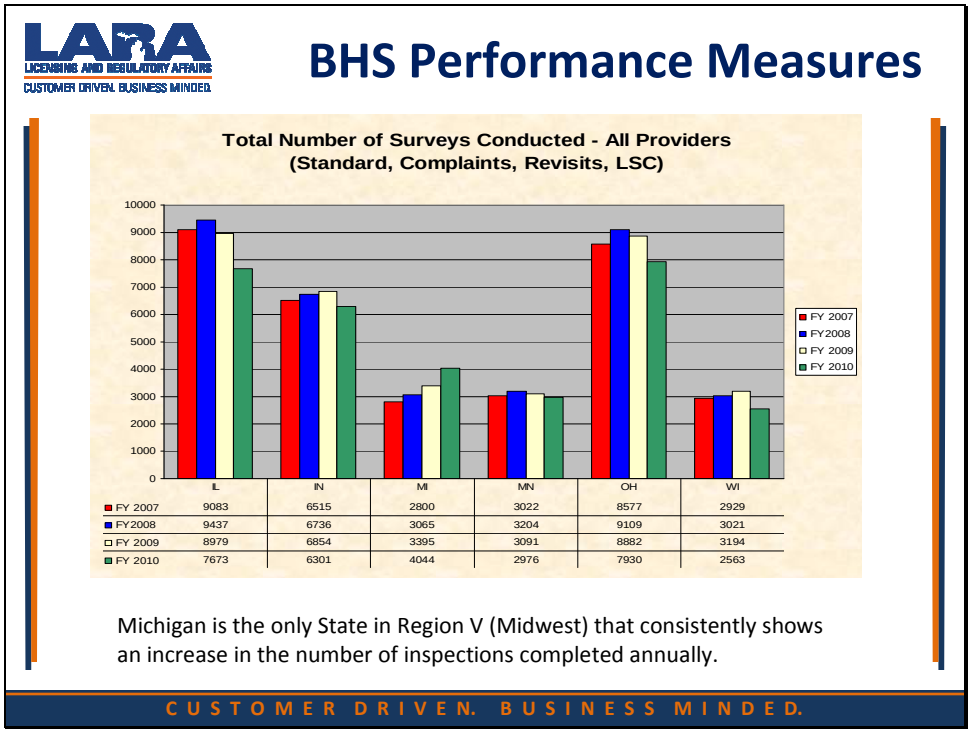
Retirement and Fringe Benefits Costs: $8,274,207 (66%)

Other Direct Costs (Travel, Communications, Supplies, Office Space, Equipment, Training, Subcontracts, NAR/NATCEP, Dept. of Technology, Management and Budget, LARA Central Services): $3,193,250

Indirect Costs (5.88% of salaries): $737,156

Total Costs: $24,741,290

Calculation: $24,741,290 / 190 Full Time Equivalents (FTE's) = $130,217 (Using $130,000 in new FTE calculations)



Title 18 (Medicare) Federal Funding Anticipated Award FY12 Mission and Priority Document: $10,769,924
Long Term Care portion: 76% or $8,185,142
Non-long Term Care portion: 24% or $2,584,782

ACUTE CARE HOSPITALS

There are presently 175 acute care hospitals licensed in the State of Michigan. Acute care hospitals also include long-term acute care (LTAC) and rehabilitation hospitals. There are no new hospitals in the process of licensure and certification. Inspections of medium to large acute care hospitals can take 4 to 5 surveyors a full week to complete. Acute care hospitals account for about 65% of the approximately 600 non-long term care complaints received by the Bureau in FY 2011. Other areas of focus in the future may include infection control and new continuum of care modules for standard surveys.

Calculation for increasing acute care hospital staff:

Current BHS staff in Hospitals Section: 11.5 FTEs
- Health Care Surveyors: 10.0 FTEs
- Non-Surveyor Professionals: 1.0 FTEs
- Clerical: 0.5 FTEs

Note: Staff in this section is also responsible for licensing, surveying and investigating state licensed and federally certified freestanding surgical outpatient facilities (120) and federally certified ESRD centers (170).

Estimated current staff dedicated to acute care hospital regulations: 3.05 FTEs
- Health Care Surveyors: 2.40 FTEs
- Non-Surveyor Professionals (management): 0.45 FTEs
- Clerical: 0.20 FTEs

Relevant factors:
- Biennial inspections have not been conducted routinely as required by Code
- Cost accounting for staff retirement increased $1.6 million for FY12
- Complaint investigations are accumulating a backlog
- Reports are not always issued timely
- Revisits are not always timely
- BHS proposes to eliminate the inspection waiver provision for hospitals to assure routine inspections
- BHS proposes triennial inspections to reduce survey costs
- BHS proposes to increase staffing for acute care hospital regulation by:
    - 5.20 Health Care Surveyors
    - 2.50 Health Care Surveyors to investigate complaints
    - 0.25 Dept Tech to take in complaints and coordinate reports
    - 0.25 Non-Surveyor Professionals
    - 0.25 Clerical

- **Total staff necessary to perform acute care hospital regulation is 11.50 FTEs.**

- **11.50 FTEs x $130,000 average cost = $1,495,000** (dollar amount includes salary, benefits, and overhead expenses)

Total staff (including 8.45 new) dedicated to hospital regulation: 11.50
Health Care Surveyors: 10.10 Non-Surveyor Professionals: 0.95 Clerical: 0.45

Overall Cost Calculation:

11.50 FTE's x $130,000 = $1,495,000

Funding Sources: Title 18 (Medicare): $319,100 (21%)
State Obligations: $1,175,900 (79%)

Cost of "State Obligations" spread over all licensed NLTC provider types:
Every licensed agency/facility, regardless of size, requires BHS to conduct annual licensing and inspections that may not be reflected in a straight per bed calculation. Therefore, BHS is proposing a $1,500 annual license fee along with an annual per bed fee of $35. The effect of changing to this methodology is that very small providers will pay more, while very large providers will pay less than under a straight per bed license fee. This methodology is better reflective of the licensing and inspection costs. BHS is not opposed to further adjustments to the license fee approach.

License Issued: Biennial
Recommending annual licensure

Onsite Survey Requirement: Biennial visits
Recommending triennial visits to reduce survey expenditures

Current Licensing Fee Revenues:

No. of Beds	Fee per Bed	Annual Revenue
26,397	X $8.28	$218,567

Needed Licensing Fee Revenues:

No. of Hospitals	Fee per License	No. of Beds	Fee per Bed	Annual Revenue
175	x $1,500.00	26,397	x $35.00	$1,186,395

Current License Fee Range: $8.28 - $8,611
(Largest provider w/ 1,040 beds)

Proposed License Fee Range: $1,535 - $37,900

HOSPICE AGENCIES AND RESIDENCES

There are presently 110 Hospice agencies and 21 Hospice residences licensed in the State of Michigan. There are 19 new Hospice agencies and 2 new Hospice residences awaiting State licensure. Currently, new or existing Hospice agencies pay no licensing fee. Hospice agencies and residences provide medical, social, psychological, emotional, and spiritual care/services to terminally ill individuals.

Calculation for increasing Hospice staff:

Current BHS staff in Specialized Health Care Services Section: 12.0 FTEs
- Health Care Surveyors: 10.0 FTEs
- Non-Surveyor Professionals: 1.0 FTEs
- Clerical: 1.0 FTEs

Note: Staff in this section is also responsible for licensing, surveying and investigating state licensed and federally certified psychiatric hospitals, units and programs (86), home health agencies (622), rural health clinics (150), comprehensive outpatient rehab facilities (15), portable X-ray providers (11), and OPT providers (196).

Estimated current staff dedicated to hospice regulations: 2.05 FTEs
- Health Care Surveyors: 1.40 FTEs
- Non-Surveyor Professionals (management): 0.40 FTEs
- Clerical: 0.25 FTEs

Relevant factors:
- Pending licensure and certification applications for the 21 new Hospice providers may take an average of 9 months to process and issue initial license
- Annual inspections have not been conducted as required by Code
- Cost accounting for staff retirement increased $1.6 million for FY12
- Recent increase in new provider applications (No current funding for new provider survey activities)
- Reports are not always issued timely
- Revisits are not always timely
- BHS proposes triennial inspections to reduce survey costs
- BHS proposes to increase staffing for Hospice regulation by:
    - 3.00 Health Care Surveyors
    - 0.20 Health Care Surveyors to investigate complaints
    - 0.25 Dept Tech to take in complaints and coordinate reports
    - 0.25 Non-Surveyor Professionals
    - 0.25 Clerical

- **Total staff necessary to perform hospice regulation is 6.00 FTEs.**

- **6.00 FTEs x $130,000 average cost = $780,000** (dollar amount includes salary, benefits, and overhead expenses)

Total staff (including 3.95 new) dedicated to hospice regulation: 6.00
Health Care Surveyors: 4.60 Non-Surveyor Professionals: 0.90 Clerical: 0.5

Overall Cost Calculation:

6.00 FTE's x $130,000 = $780,000

Funding Sources: Title 18 (Medicare): $175,377 (21%)
State Obligations: $604,623 (79%)

Cost of "State Obligations" spread over all licensed NLTC provider types:
Every licensed agency/facility, regardless of size, requires BHS to conduct annual licensing and inspections. Hospice agencies have not been charge a licensing fee since the start of the licensing program for this provider type. Due to the high number of hours to inspect these agencies/facilities, BHS is proposing a $4,616 annual license fee for Hospice agencies and residences alike. This methodology is better reflective of the licensing and inspection costs. BHS is not opposed to further adjustments to the license fee approach.

Licenses Issued: Annual

Onsite Survey Requirement: Annual for agencies; biennial for residences
Recommending triennial visits to reduce survey expenditures

Current Licensing Fee Revenues:

No. of Residences	Fee per License	No. of Beds	Fee per Bed	Annual Revenue
21	x $200.00	318	x $20.00	$10,560

* Currently no licensing fee in Code for Hospice agencies.

Needed Licensing Fee Revenues:

No. of Hospices	Fee per License	No. of Beds	Fee per Bed	Annual Revenue
131	x $4,616.00	318	x $0.00	$604,696

Current License Fee Range: $200 - $840
(Largest provider w/ 32 beds)

Proposed License Fee Range: $4,616

FREESTANDING SURGICAL OUTPATIENT FACILITIES

There are presently 120 freestanding surgical outpatient facilities (FSOF) licensed in the State of Michigan. These outpatient facilities may include abortion, cosmetic, cystoscopy, dentistry, endoscopy, laser, and orthopedic surgery centers. There are no new surgery centers in the process of State licensure but 4 are awaiting federal certification. Over the last few years, federal certification and its related survey has focused more on infection control activities, which has lengthened the time to conduct a standard survey.

Calculation for increasing FSOF staff:

Current BHS staff in Hospitals Section: 11.5 FTEs
- Health Care Surveyors: 10.0 FTEs
- Non-Surveyor Professionals: 1.0 FTEs
- Clerical: 0.25 FTEs

Note: Staff in this section is also responsible for licensing, surveying and investigating state licensed and federally certified acute care hospitals (175) and federally certified ESRD centers (170).

Estimated current staff dedicated to FSOF regulations: 1.55 FTEs
- Health Care Surveyors: 1.10 FTEs
- Non-Surveyor Professionals (management): 0.35 FTEs
- Clerical: 0.10 FTEs

Relevant factors:
- Annual inspections have not been conducted routinely as required by Code
- Cost accounting for staff retirement increased $1.6 million for FY12
- Reports are not always issued timely
- Revisits are not always timely
- BHS proposes triennial inspections to reduce survey costs
- BHS proposes to increase staffing for FSOF regulation by:
    - 3.00 Health Care Surveyors
    - 0.20 Health Care Surveyors to investigate complaints
    - 0.25 Dept Tech to take in complaints and coordinate reports
    - 0.25 Non-Surveyor Professionals
    - 0.25 Clerical

- **Total staff necessary to perform FSOF regulation is 5.50 FTEs.**

- **5.50 FTEs x $130,000 average cost = $715,000** (dollar amount includes salary, benefits, and overhead expenses)

Total staff (including 3.95 new) dedicated to FSOF regulation: 5.50
Health Care Surveyors: 4.30 Non-surveyor Professionals: 0.85 Clerical: 0.35

Overall Cost Calculation:

5.50 FTE's x $130,000 = $715,000

Funding Sources: Title 18 (Medicare): $156,700 (22%)
State Obligations: $558,300 (78%)

Cost of "State Obligations" spread over all licensed NLTC provider types:
Every licensed agency/facility, regardless of size, requires BHS to conduct annual licensing and inspections. Because surgery centers do not have a per bed calculation, BHS is proposing a $4,653 annual license fee for surgery centers. This methodology is better reflective of the licensing and inspection costs. BHS is not opposed to further adjustments to the license fee approach.

License Issued: Annual

Onsite Survey Requirement: Annual
Recommending triennial visits to reduce survey expenditures

Current Licensing Fee Revenues:

No. of Surgery Centers	Fee per License	Annual Revenue
120	X $238.00	$28,560

Needed Licensing Fee Revenues:

No. of Surgery Centers	Fee per License	Annual Revenue
120	X $4,653.00	$558,360

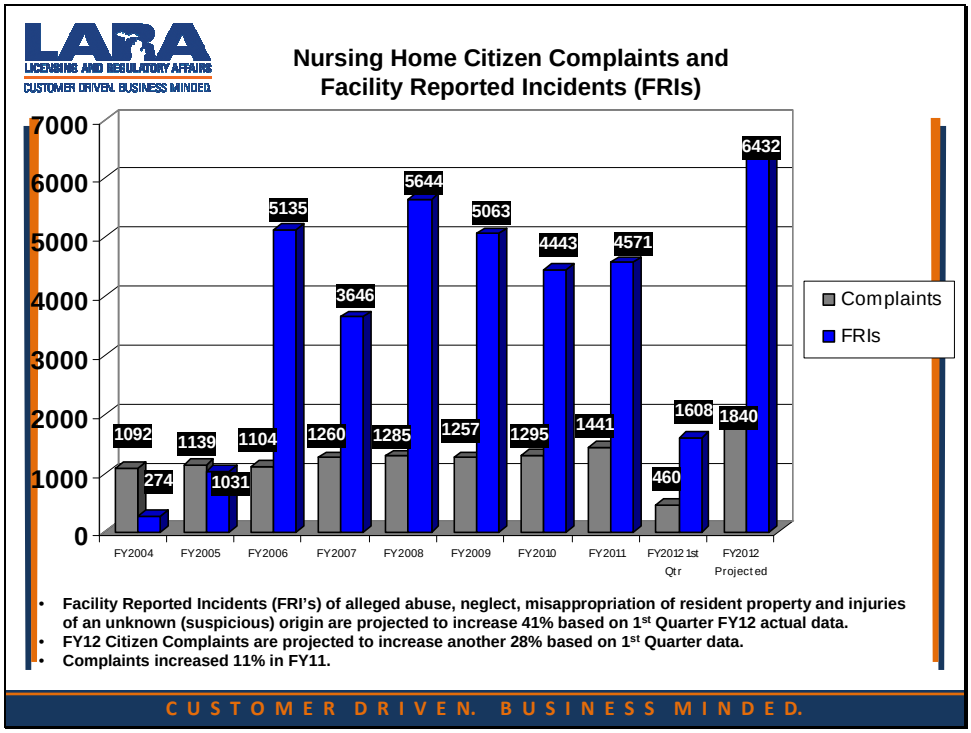
NURSING HOMES

There are presently 440 nursing homes licensed in the State of Michigan. Fourteen new nursing homes are in the process of licensure and certification. We anticipate 452 nursing homes in the State in FY13. In addition to the extra effort of conducting annual inspections and complaint investigations at the new nursing homes, BHS has received an alarming increase in the numbers of citizen complaints against nursing homes. BHS has also seen an alarming increase in the number of facility reported incidents alleging abuse, neglect, misappropriation of resident property and injury of unknown and suspicious origin. Nursing homes account for 90% of the complaints BHS receives for all facility types.

FY10 Intake Numbers		**FY12 Intake Projections**		**Percentage Increase**
Complaints:	1,295	Complaints:	1,840	42%
FRI's*:	4,443	FRI's:	6,432	45%
Totals:	**5,738**		**8,272**	**44%**

* FRI's = Facility Reported Incidents of allegations of abuse, neglect, misappropriation of resident property, and injuries of unknown and suspicious origin.

Calculations for increasing nursing home dedicated staff:



Nursing Home Complaints & Facility Reported Incidents (FRIs) Immediate Jeopardy (IJ) Intakes: FY 2005 - 2011

	FY 2005	FY 2006	FY 2007	FY 2008	FY 2009	FY 2010	FY 2011	FY 2012 Projected
Complaints	60	90	134	76	72	57	104	72
FRIs	59	113	128	82	54	76	133	120

Complaints and Facility Reported Incidents (FRI's) that have caused or are likely to cause serious injury, harm, impairment, or death to a nursing home resident (Immediate Jeopardy) increased by 78% in FY11. FY12 data projected for the year shows a continuation of this trend at 44% higher than FY10. The performance standard requires a surveyor onsite within 2 business days following receipt of the IJ intake.

CUSTOMER DRIVEN. BUSINESS MINDED.

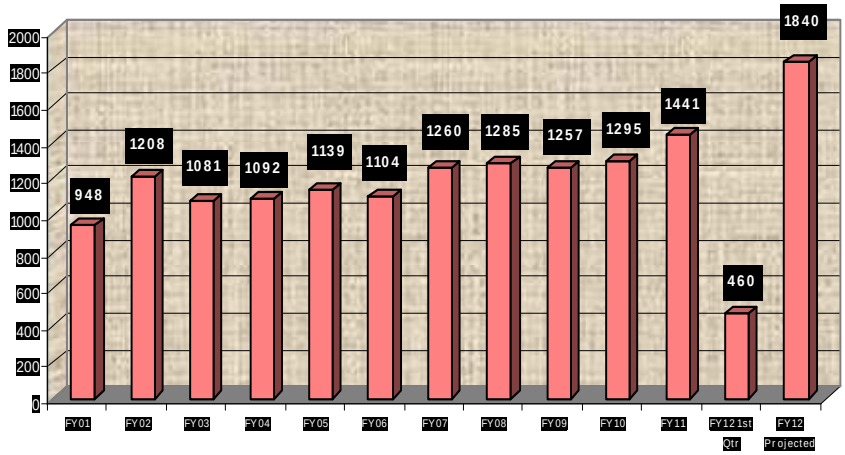
Complaints & Facility Reported Incidents (FRIs) Harm Level Non-IJ High Intakes FY 2005 - 2011

	FY 2005	FY 2006	FY 2007	FY 2008	FY 2009	FY 2010	FY 2011	FY 2012 Projected
Complaints	843	829	949	1051	1063	1174	1274	1220
FRIs	665	761	720	1206	841	1092	1928	3088

Complaints and Facility Reported Incidents (FRI's) that have identified harm to a nursing home resident, but not Immediate Jeopardy, increased by 41% in FY11. Based on 1st Quarter FY12 data, these Priority 2 intakes are projected to increase by another 32% in FY12. The performance standard is to be onsite to investigate within 10 business days of receipt.

CUSTOMER DRIVEN. BUSINESS MINDED.

Michigan Nursing Home Citizen Complaints



- **Citizen Complaints are projected to increase by another 28% for FY12 after increasing 11% in FY11.**
- **In the first quarter of FY12, BHS received 460 complaints. Should this trend continue for FY12, the total FY12 Complaints received would be 1840; a 42% increase over FY10.**

Source: ACTS 01/09/2012

CUSTOMER DRIVEN. BUSINESS MINDED.

Long Term Care - Total Number of Surveys Conducted Complaint Health Surveys

	IL (788)*	IN (503)*	MI (429)*	MN (386)*	OH (955)*	WI (390)*
FY 2007	2846	1584	555	411	2226	896
FY 2008	2742	1450	616	503	2452	858
FY 2009	2826	1443	721	516	2052	913
FY 2010	2430	1434	1503	511	2058	798
FY 2011	1755	1356	1578	216	1743	799

Michigan is the only state within Region V reflecting a consistent pattern of increasing complaint investigations. MI is on a trend to have its nursing home complaints exceed those in states with nearly double the number of nursing homes.

*(Total Number of Nursing Homes)

CUSTOMER DRIVEN. BUSINESS MINDED.

Complaint Response Time

Average Number of Days from Receipt of Complaint to Surveyor Onsite

Non IJ High Priority Complaints:

- 2007 – 102.5 days
- 2008 – 105.7 days
- 2009 – 84.5 days
- 2010 – 23.4 days
- 2011 – 15.9 days

Note: Complaints involving Immediate Jeopardy to a nursing home resident are initiated within 2 days of receipt

Current staff dedicated to nursing home regulation: 162.85 FTE's

- Health Care Surveyors: 110
- Non-Surveyor Professionals: 30.85
- Clerical: 22

Relevant factors:

- Nursing home complaints have increased 42% since FY10
- Facility reported abuse/neglect has increased 45% since FY10
- 14 new nursing homes licensed in FY12
- Cost accounting for staff retirement increased $1.6 million for FY12
- Investigations are accumulating a backlog
- Reports are not always issued timely
- Revisits are not always timely
- In order to be positioned to investigate a 44% increase in demand on the complaint and facility reported incidents (FRI's), and in order to perform required inspections at the 14 new nursing homes, BHS proposes to increase staffing for nursing home regulation by about 10%. Including:
    - 12 Health Care Surveyors
    - 2 Analysts to take in complaints and FRI's
    - 1 Manager

- **Total staff necessary to perform nursing home regulation is 177.85 FTE's.**

- **177.85 FTE x $130,000 average cost = $23,120,500** (dollar amount includes salary, benefits, and overhead expenses)

Total staff (including 15 new) dedicated to nursing home regulation: 177.85
Health Care Surveyors: 122 Non-surveyor Professionals: 33.85 Clerical: 22

Overall Cost Calculation:

177.85 FTE's x $130,000 = $23,120,500

Funding Sources:	**Title 18 (Medicare):**	**$8,185,142 (35.4%)**
	Title 19 (Medicaid):	**$7,725,137 (33.4%)**
	State Obligations:	**$7,210,221 (31.2%)**

Cost of "State Obligations" spread over all licensed nursing home beds:
$7,210,221 / 48,245 = $150.00 per bed. Every nursing home, regardless of size, requires BHS to conduct annual inspections that may not be reflected in a straight per bed calculation. Therefore, BHS is proposing a $1,500 annual license fee along with an annual per bed fee of $129. The effect of changing to this methodology is that very small providers will pay more, while very large providers will pay less than under a straight per bed license fee. This methodology is better reflective of the inspection costs. The break even point is near the 100 bed facility size. BHS is not opposed to further adjustments to the license fee approach.

Example:	Straight $150 per bed	$1,500 App + $136 per bed
25 Bed Facility	$ 3,750	$ 4,900
50 Bed Facility	$ 7,500	$ 8,300
100 Bed Facility	$15,000	$15,100
150 Bed Facility	$22,500	$21,900
200 Bed Facility	$30,000	$28,700

Percentage of Michigan nursing homes by bed size:

0-30	31-50	51 – 100	101 – 200	201 – 300	301 – 1000
3%	9%	32%	50%	5%	1%

License Issued: Annually

Onsite State Survey Requirement: Biennially
CMS requires annual survey visits for certification

Current Licensing Fee Revenues:

No. of Nursing Homes	No. of Beds	Fee per Bed	Annual Revenue
440	46,890	x $2.20	$103,158

Needed FY 13 Licensing Fee Revenues:

No. of Nursing Homes	Fee per License	No. of Beds	Fee per Bed	Annual Revenue
454	x $1,500.00	48,245	x $136.00	$7,242,320

Current License Fee Range: $15.40 - $726
(Smallest provider w/ 7 beds; largest provider w/ 330 beds)

Proposed License Fee Range: $2,452 - $46,380

PSYCHIATRIC HOSPITALS, UNITS, PROGRAMS

There are presently 12 freestanding psychiatric hospitals, 48 psychiatric units within acute care hospitals, and 26 partial psychiatric hospitalization programs licensed in the State of Michigan. There is one new partial psychiatric hospitalization program awaiting State licensure and no pending new psychiatric hospitals or units.

Calculation for increasing psychiatric staff:

Current BHS staff in Specialized Health Care Services Section: 12.0 FTEs
- Health Care Surveyors: 10.0 FTEs
- Non-Surveyor Professionals: 1.0 FTEs
- Clerical: 1.0 FTEs

Note: Staff in this section is also responsible for licensing, surveying and investigating state licensed and federally certified Hospices (131), home health agencies (622), rural health clinics (150), comprehensive outpatient rehab facilities (15), portable X-ray providers (11), and OPT providers (196).

Estimated current staff dedicated to psychiatric regulations: 1.75 FTEs
- Health Care Surveyors: 1.00 FTEs
- Non-Surveyor Professionals: 0.50 FTEs
- Clerical: 0.25 FTEs

Relevant factors:
- Periodic inspections have not been conducted routinely as required by Code
- Cost accounting for staff retirement increased $1.6 million for FY12
- Complaint investigations are accumulating a backlog
- Psychiatric complaint investigations take significant staff time
- Reports are not always issued timely
- Revisits are not always timely
- BHS proposes triennial inspections to reduce survey costs
- BHS proposes to increase staffing for psychiatric regulation by:
    - 0.50 Health Care Surveyors (based on 30 hours for standard survey)
    - 1.00 Health Care Surveyors to investigate complaints
    - 0.25 Dept Tech to take in complaints and coordinate reports
    - 0.25 Non-Surveyor Professionals
    - 0.25 Clerical

- **Total Staff necessary to perform psychiatric regulation is 4.00 FTEs.**

- **4.00 FTEs x $130,000 average cost = $520,000** (dollar amount includes salary, benefits, and overhead expenses)

Total staff (including 2.25 new) dedicated to psychiatric regulation: 4.00
Health Care Surveyors: 2.50 Non-surveyor Professionals: 1.00 Clerical: 0.50

Overall Cost Calculation:

4.00 FTE's x $130,000 = $520,000

Funding Sources: Title 18 (Medicare): $173,043 (33%)
State Obligations: $346,957 (67%)

Cost of "State Obligations" spread over all licensed NLTC provider types:
Every licensed agency/facility, regardless of size, requires BHS to conduct annual licensing and inspections that may not be reflected in a straight per bed calculation. Therefore, BHS is proposing a $1,500 annual license fee along with an annual per bed fee of $71. The effect of changing to this methodology is that very small providers will pay more, while very large providers will pay less than under a straight per bed license fee. This methodology is better reflective of the licensing and inspection costs. BHS is not opposed to further adjustments to the license fee approach.

License Issued: Biennial
Recommending annual licensure

Onsite Survey Requirement: Biennial visits
Recommending triennial visits to reduce survey expenditures

Current Licensing Fee Revenues:

No. of Hosp/Programs	Fee per License	No. of Beds/Tx	Fee per Bed/Tx	Annual Revenue
86	x $600.00	3,084	x $7.50	$37,365

Note: Licenses are currently issued for 2 years. Total fees collected biennially: $74,730.

Needed Licensing Fee Revenues:

No. of Hosp/Programs	Fee per License	No. of Beds/Tx	Fee per Bed/Tx	Annual Revenue
86	x $1,500.00	3,084	x $71.00	$347,964

Current License Fee Range: $675 - $1,642
(Smallest provider w/ 10 beds; largest provider w/ 139 beds)

Proposed License Fee Range: $2,210 - $11,369

STAKEHOLDER SURVEY OVERVIEW

In accordance with Section 731(2), the Bureau surveyed stakeholders to gauge support for modification to the current fee schedule to support licensing activities. The survey tool (see Appendix I) was sent via E-mail to more than 1,000 healthcare providers and interested parties (hospitals, nursing homes, hospice, surgery centers, and consumer advocacy entities) using Survey Monkey. Table 9 summarizes the total number of responses received by provider type while Table 10 summarizes key survey findings.

Table 9
Stakeholder Survey Overview

Organizational Interest	No. Responses	Percent
Acute Care Hospitals	43	14%
Psychiatric Hospitals/Units/Programs	3	1%
Hospice	12	4%
Freestanding Surgical Centers	28	9%
Long Term Care	213	71%
Total (3 unknown responders)	302	
Licensed Provider Responses		
Licensed Providers	282	93%
Non-licensed Responders	12	4%

Table 10
Key Survey Findings

Survey Questions		Percent
#4 Important to issue license within 90 days from application.		93%
#9 Important to conduct timely revisits after deficient practice is sited.		97%
#10 Support to improve timeliness and effectiveness of licensing process.		85%
#11 Care and treatment generally better when inspections are performed.		35%
#12 Bureau should respond timely to citizen complaints against providers.		92%
#13 Fees should support cost of licensing activities.		49%
#14 Support reasonable license fee increase.		37%
FSOF related responders	52%	
Hospice related responders	52%	
Hospital related responders	67%	
Nursing home related responders	30%	
Psychiatric related responders	68%	
#15 Actively opposed to a license fee increase.		45%
#16 Restrict license fee increase use to support only licensing functions.		91%

APPENDIX I - STAKEHOLDER SURVEY

MICHIGAN DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS
BUREAU OF HEALTH SYSTEMS
LICENSING SURVEY

Dear Healthcare Provider:

The Bureau of Health Systems (BHS), within the Michigan Department of Licensing and Regulatory Affairs (LARA), is seeking your input regarding the funding of the health facility licensing process in Michigan. Your feedback is important to us.

The Bureau has been charged to report to the Governor and Legislature by February 1, 2012 on the direct cost to fulfill all of the Bureau's inspection requirements and licensing fees necessary to support that activity for licensing health facilities in Michigan.

While the survey will only take a few minutes to complete, your responses to the questions below will be a key component of this report.

BACKGROUND

MCL 333.20161 and 330.1139 set forth the current licensing fees for health facilities/agencies. The Public Health Code also stipulates that the cost of licensing activities is to be supported by licensing fees. However, the licensing fees established on October 1, 1981 have remained unchanged for the last 30 years. The cost of licensing and required periodic and complaint inspections has increased each year, leaving the program dependent on State General Fund dollars to continue. During the recent economic downturn, General Fund dollars have been reduced to the point where some inspection activity required by the Public Health Code to protect the health and safety of patients has been minimized or not performed. Complaints against licensed health facilities regarding the care and treatment received have increased. The current license fee structure is set forth below.

Hospitals*……..	$8.28 per bed * # of years
Hospice Agencies……..	No Fee
Hospice Residences……..	$200 per license + $20 per bed
Freestanding Surgical Outpatient Facilities...	$238 per license
Nursing Homes……...	$2.20 per bed
Psychiatric Hospitals/Units*……..	$600 per license + $7.50 per bed
Partial Psych Hospitalization Programs*……	$600 per license + $7.50 per Tx position
Clinical Laboratories……..	$475 per license

* Licensing fee is biennial.

Like other States, Michigan has contracted with the federal government to perform certification inspections at health facilities participating in Medicare and Medicaid. Michigan receives federal dollars for performing this function that has and will continue to reduce the cost of licensing activity. The State will be proposing a new license fee schedule that is intended to cover only the cost of inspections not offset by anticipated federal funding.

SURVEY

Please feel free to share this survey link with others as the Bureau is seeking broad input from interested parties. We request that your response be limited to only one survey per provider or organization**.**

1. Please select the type of health facility/agency that best describes your organization's interest:

☐ Hospital (includes acute, rehab, long-term-acute care)
☐ Psychiatric Hospital (exclude psychiatric units that are part of acute care hospital)
☐ Hospice Agency ☐ Hospice Residence
☐ Freestanding Surgical Outpatient Facility
☐ Nursing Home (includes county medical care facilities, hospital long-term-care units)
☐ Clinical Laboratory

2. Is your organization currently licensed by BHS? ☐ YES ☐ NO

    a. If no, is your organization currently applying for a license? ☐ YES ☐ NO

        i. If yes, how important is it to your organization to have a license issued within 90 days from application? ☐ Extremely ☐ Important ☐ Not Important

3. How long has your health facility/agency been licensed?

    ☐ Less than 2 years ☐ Between 2 to 5 years
    ☐ More than 5 years ☐ Not yet licensed

4. When was your health facility/agency last surveyed for state licensing purposes?

    ☐ Less than 2 years ago ☐ Between 2 to 5 years ago
    ☐ More than 5 years ago ☐ Not yet licensed

5. New facility construction, by Code, involves a coordinated process of licensure and initial Medicare/Medicaid certification. How valuable/important is it to your organization to receive timely licensure approval, followed by a timely initial certification inspection on new facilities? ☐ Very Important ☐ Important ☐ Not Important

6. The department is required to perform routine onsite inspections and complaint investigations to assure licensed health facilities/agencies are delivering care and services as required by law. These unannounced onsite reviews are also valuable learning opportunities for licensed providers to improve services and protect patients. How valuable/important is it to your organization that inspection reports of deficient practices are issued by the State within 10 business days after the conclusion of the inspection? ☐ Very Important ☐ Important ☐ Not Important

7. Does your organization believe the department should conduct timely revisits after a deficient practice is cited and an organization's plan of correction is received while the facility is in penalty status? ☐Yes ☐No

8. Does your organization believe the department should improve the timeliness and effectiveness of the state's licensing and inspection processes? ☐Yes ☐No

9. Does your organization believe that patient care and treatment generally are better when periodic unannounced regulatory inspections are performed? ☐ Yes ☐ No

10. Does your organization believe that BHS should be positioned to respond timely to citizen complaints regarding care and treatment received in licensed health facilities? ☐Yes ☐No

11. MCL 333.20161(9) states, "The cost of licensure activities shall be supported by license fees." Does your organization agree that the licensed health facilities fee structure should support the cost of inspection activity? ☐Yes ☐No

12. Is your organization supportive of a reasonable fee increase to replace State General Fund support and improve the effectiveness of the licensing and survey processes in Michigan? ☐Yes ☐No

13. Would your organization actively oppose a reasonable fee increase to replace State General Fund support and improve the effectiveness of the licensing and survey processes in Michigan? ☐Yes ☐No

14. If the legislature were to pass a license fee increase, would your organization prefer that the resulting funds generated from that fee increase be restricted to use only to support and improve the licensing and survey processes? ☐Yes ☐No

15. Optional:

    a. Name of the organization you represent?
    b. Your position within that organization?

Please submit your responses by Wednesday, January 25, 2012. Thank you.

Survey Authority: Public Act 63 of 2011, Article XII, Section 731(2).

APPENDIX II – PROPOSED PUBLIC HEALTH CODE

Recommended revisions to the Public Health Code.

PUBLIC HEALTH CODE (EXCERPT)
Act 368 of 1978

333.20104 Definitions; C to F.

Sec. 20104. (1) "Certification" means the issuance of a document by the department to a health facility or agency attesting to the fact that the facility or agency meets both of the following:

(a) It complies with applicable statutory and regulatory requirements and standards.

(b) It is eligible to participate as a provider of care and services in a specific federal or state health program.

~~(2) "Clinical laboratory" means a facility patronized by, or at the direction of, a physician, health officer, or other person authorized by law to obtain information for the diagnosis, prevention, or treatment of disease or the assessment of a medical condition by the microbiological, serological, histological, hematological, immunohematological, biophysical, cytological, pathological, or biochemical examination of materials derived from the human body, except as provided in section 20507.~~

(**2**~~3~~) "Consumer" means a person who is not a provider of health care as defined in section 1531(3) of title 15 of the public health service act, 42 U.S.C. 300n.

(**3**~~4~~) "County medical care facility" means a nursing care facility, other than a hospital long-term care unit, which provides organized nursing care and medical treatment to 7 or more unrelated individuals who are suffering or recovering from illness, injury, or infirmity and which is owned by a county or counties.

(**4**~~5~~) "Freestanding surgical outpatient facility" means a facility, other than the office of a physician, dentist, podiatrist, or other private practice office, offering a surgical procedure and related care that in the opinion of the attending physician can be safely performed without requiring overnight inpatient hospital care. It does not include a surgical outpatient facility owned by and operated as part of a hospital.

333.20106 Definitions; H.

Sec. 20106. (1) "Health facility or agency", except as provided in section 20115, means:

(a) An ambulance operation, aircraft transport operation, nontransport prehospital life support operation, or medical first response service.

~~(b) A clinical laboratory.~~

(**B**~~c~~) A county medical care facility.

(**C**~~d~~) A freestanding surgical outpatient facility.

(**D**~~e~~) A health maintenance organization.

(**E**~~f~~) A home for the aged.

(**F**~~g~~) A hospital.

(**G**~~h~~) A nursing home.

(**H**~~i~~) A hospice.

(**I**~~j~~) A hospice residence.

(**J**~~k~~) A facility or agency listed in subdivisions (a) to (h) located in a university, college, or other educational institution.

(2) “Health maintenance organization” means that term as defined in section 3501 of the insurance code of 1956, 1956 PA 218, MCL 500.3501.

(3) “Home for the aged” means a supervised personal care facility, other than a hotel, adult foster care facility, hospital, nursing home, or county medical care facility that provides room, board, and supervised personal care to 21 or more unrelated, nontransient, individuals 60 years of age or older. Home for the aged includes a supervised personal care facility for 20 or fewer individuals 60 years of age or older if the facility is operated in conjunction with and as a distinct part of a licensed nursing home.

(4) “Hospice” means a health care program that provides a coordinated set of services rendered at home or in outpatient or institutional settings for individuals suffering from a disease or condition with a terminal prognosis.

(5) “Hospital” means a facility offering inpatient, overnight care, and services for observation, diagnosis, and active treatment of an individual with a medical, surgical, obstetric, chronic, or rehabilitative condition requiring the daily direction or supervision of a physician. Hospital does not include a mental health hospital licensed or operated by the department of community health or a hospital operated by the department of corrections.

(6) “Hospital long-term care unit” means a nursing care facility, owned and operated by and as part of a hospital, providing organized nursing care and medical treatment to 7 or more unrelated individuals suffering or recovering from illness, injury, or infirmity.

333.20155 Visits to health facilities and agencies, ~~clinical laboratories,~~ nursing homes, hospices, and hospitals; purposes; waiver; confidentiality of accreditation information; limitation and effect; consultation engineering survey; summary of substantial noncompliance or deficiencies and hospital response; investigations or inspections; prior notice; misdemeanor; consultation visits; record; periodic reports; access to documents; confidentiality; disclosure; delegation of functions; voluntary inspections; forwarding evidence of violation to licensing agency; reports; clarification of terms; clinical process guidelines; clinical advisory committee; definitions.

Sec. 20155. (1) Except as otherwise provided in this section, the department shall make ~~annual~~ **TRIENNIAL** and other visits to each health facility or agency licensed under this article for the purposes of survey, evaluation, and consultation. A visit made pursuant to a complaint shall be unannounced. Except for a county medical care facility, a home for the aged, a nursing home, or a hospice residence, the department shall determine whether the visits that are not made pursuant to a complaint are announced or unannounced. Beginning June 20, 2001, the department shall assure that each newly hired nursing home surveyor, as part of his or her basic training, is assigned full-time to a licensed nursing home for at least 10 days within a 14-day period to observe actual operations outside of the survey process before the trainee begins oversight responsibilities. A member of a survey team shall not be employed by a licensed nursing home or a nursing home management company doing business in this state at

the time of conducting a survey under this section. The department shall not assign an individual to be a member of a survey team for purposes of a survey, evaluation, or consultation visit at a nursing home in which he or she was an employee within the preceding 5 years.

(2) The department shall make at least a biennial visit to each licensed ~~clinical laboratory, each~~ nursing home~~, and each hospice residence~~ for the purposes of survey, evaluation, and consultation. The department shall semiannually provide for joint training with nursing home surveyors and providers on at least 1 of the 10 most frequently issued federal citations in this state during the past calendar year. The department shall develop a protocol for the review of citation patterns compared to regional outcomes and standards and complaints regarding the nursing home survey process. The review will result in a report provided to the legislature. Except as otherwise provided in this subsection, beginning with his or her first full relicensure period after June 20, 2000, each member of a department nursing home survey team who is a health professional licensee under article 15 shall earn not less than 50% of his or her required continuing education credits, if any, in geriatric care. If a member of a nursing home survey team is a pharmacist licensed under article 15, he or she shall earn not less than 30% of his or her required continuing education credits in geriatric care.

~~(3) The department shall make a biennial visit to each hospital for survey and evaluation for the purpose of licensure. Subject to subsection (6), the department may waive the biennial visit required by this subsection if a hospital, as part of a timely application for license renewal, requests a waiver and submits both of the following and if all of the requirements of subsection (5) are met:~~

~~(a) Evidence that it is currently fully accredited by a body with expertise in hospital accreditation whose hospital accreditations are accepted by the United States department of health and human services for purposes of section 1865 of part C of title XVIII of the social security act, 42 USC 1395bb.~~

~~(b) A copy of the most recent accreditation report for the hospital issued by a body described in subdivision (a), and the hospital's resp~~onses to the accreditation report.

~~(4) Except as provided in subsection (8), accreditation information provided to the department under subsection (3) is confidential, is not a public record, and is not subject to court subpoena. The department shall use the accreditation information only as provided in this section and shall return the accreditation information to the hospital within a reasonable time after a decision on the waiver request is made.~~

~~(5) The department shall grant a waiver under subsection (3) if the accreditation report submitted under subsection (3)(b) is less than 2 years old and there is no indication of substantial noncompliance with licensure standards or of deficiencies that represent a threat to public safety or patient care in the report, in complaints involving the hospital, or in any other information available to the department. If the accreditation report is 2 or more years old, the department may do 1 of the following:~~

~~(a) Grant an extension of the hospital's current license until the next accreditation survey is completed by the body described in subsection (3)(a).~~

~~(b) Grant a waiver under subsection (3) based on the accreditation report that is 2 or more years old, on condition that the hospital promptly submit the next accreditation report to the department.~~

~~(c) Deny the waiver request and conduct the visits required under subsection (3).~~

(**3**~~6~~) This section does not prohibit the department from citing a violation of this part during a survey, conducting investigations or inspections pursuant to section 20156, or conducting surveys of health facilities or agencies for the purpose of complaint investigations or federal certification. This section does not prohibit the bureau of fire services created in section 1b of the fire prevention code, 1941 PA 207, MCL 29.1b, from conducting annual surveys of hospitals, nursing homes, and county medical care facilities.

(**4**~~7~~) At the request of a health facility or agency, the department may conduct a consultation engineering survey of a health facility and provide professional advice and consultation regarding health facility construction and design. A health facility or agency may request a voluntary consultation survey under this subsection at any time between licensure surveys. The fees for a consultation engineering survey are the same as the fees established for waivers under section 20161(10).

~~(8) If the department determines that substantial noncompliance with licensure standards exists or that deficiencies that represent a threat to public safety or patient care exist based on a review of an accreditation report submitted pursuant to subsection (3)(b), the department shall prepare a written summary of the substantial noncompliance or deficiencies and the hospital's response to the department's determination. The department's written summary and the hospital's response are public documents.~~

(**5**~~9~~) The department or a local health department shall conduct investigations or inspections, other than inspections of financial records, of a county medical care facility, home for the aged, nursing home, or hospice residence without prior notice to the health facility or agency. An employee of a state agency charged with investigating or inspecting the health facility or agency or an employee of a local health department who directly or indirectly gives prior notice regarding an investigation or an inspection, other than an inspection of the financial records, to the health facility or agency or to an employee of the health facility or agency, is guilty of a misdemeanor. Consultation visits that are not for the purpose of annual or follow-up inspection or survey may be announced.

(**6**~~10~~) The department shall maintain a record indicating whether a visit and inspection is announced or unannounced. Information gathered at each visit and inspection, whether announced or unannounced, shall be taken into account in licensure decisions.

(**7**~~11~~) The department shall require periodic reports and a health facility or agency shall give the department access to books, records, and other documents maintained by a health facility or agency to the extent necessary to carry out the purpose of this article and the rules promulgated under this article. The department shall respect the confidentiality of a patient's clinical record and shall not divulge or disclose the contents of the records in a manner that identifies an individual except under court order. The department may copy health facility or agency records as required to document findings.

(**8**~~12~~) The department may delegate survey, evaluation, or consultation functions to another state agency or to a local health department qualified to perform those functions. However, the department shall not delegate survey, evaluation, or

consultation functions to a local health department that owns or operates a hospice or hospice residence licensed under this article. The delegation shall be by cost reimbursement contract between the department and the state agency or local health department. Survey, evaluation, or consultation functions shall not be delegated to nongovernmental agencies, except as provided in this section. ~~The department may accept voluntary inspections performed by an accrediting body with expertise in clinical laboratory accreditation under part 205 if the accrediting body utilizes forms acceptable to the department, applies the same licensing standards as applied to other clinical laboratories, and provides the same information and data usually filed by the department's own employees when engaged in similar inspections or surveys.~~ The voluntary inspection described in this subsection shall be agreed upon by both the licensee and the department.

(**9**~~13~~) If, upon investigation, the department or a state agency determines that an individual licensed to practice a profession in this state has violated the applicable licensure statute or the rules promulgated under that statute, the department, state agency, or local health department shall forward the evidence it has to the appropriate licensing agency.

(**10**~~14~~) The department shall report to the appropriations subcommittees, the senate and house of representatives standing committees having jurisdiction over issues involving senior citizens, and the fiscal agencies on March 1 of each year on the initial and follow-up surveys conducted on all nursing homes in this state. The report shall include all of the following information:

(a) The number of surveys conducted.

(b) The number requiring follow-up surveys.

(c) The number referred to the Michigan public health institute for remediation.

(d) The number of citations per nursing home.

(e) The number of night and weekend complaints filed.

(f) The number of night and weekend responses to complaints conducted by the department.

(g) The average length of time for the department to respond to a complaint filed against a nursing home.

(h) The number and percentage of citations appealed.

(i) The number and percentage of citations overturned or modified, or both.

(**11**~~15~~) The department shall report annually to the standing committees on appropriations and the standing committees having jurisdiction over issues involving senior citizens in the senate and the house of representatives on the percentage of nursing home citations that are appealed and the percentage of nursing home citations that are appealed and amended through the informal deficiency dispute resolution process.

(**12**~~16~~) Subject to subsection (**13**~~17~~), a clarification work group comprised of the department in consultation with a nursing home resident or a member of a nursing home resident's family, nursing home provider groups, the American medical directors association, the state long-term care ombudsman, and the federal centers for medicare and medicaid services shall clarify the following terms as those terms are used in title XVIII and title XIX and applied by the department to provide more consistent regulation of nursing homes in Michigan:

(a) Immediate jeopardy.
(b) Harm.
(c) Potential harm.
(d) Avoidable.
(e) Unavoidable.

(**13**~~17~~) All of the following clarifications developed under subsection (**12**~~16~~) apply for purposes of subsection (**12**~~16~~):

(a) Specifically, the term "immediate jeopardy" means a situation in which immediate corrective action is necessary because the nursing home's noncompliance with 1 or more requirements of participation has caused or is likely to cause serious injury, harm, impairment, or death to a resident receiving care in a nursing home.

(b) The likelihood of immediate jeopardy is reasonably higher if there is evidence of a flagrant failure by the nursing home to comply with a clinical process guideline adopted under subsection (**14**~~18~~) than if the nursing home has substantially and continuously complied with those guidelines. If federal regulations and guidelines are not clear, and if the clinical process guidelines have been recognized, a process failure giving rise to an immediate jeopardy may involve an egregious widespread or repeated process failure and the absence of reasonable efforts to detect and prevent the process failure.

(c) In determining whether or not there is immediate jeopardy, the survey agency should consider at least all of the following:

(*i*) Whether the nursing home could reasonably have been expected to know about the deficient practice and to stop it, but did not stop the deficient practice.

(*ii*) Whether the nursing home could reasonably have been expected to identify the deficient practice and to correct it, but did not correct the deficient practice.

(*iii*) Whether the nursing home could reasonably have been expected to anticipate that serious injury, serious harm, impairment, or death might result from continuing the deficient practice, but did not so anticipate.

(*iv*) Whether the nursing home could reasonably have been expected to know that a widely accepted high-risk practice is or could be problematic, but did not know.

(*v*) Whether the nursing home could reasonably have been expected to detect the process problem in a more timely fashion, but did not so detect.

(d) The existence of 1 or more of the factors described in subdivision (c), and especially the existence of 3 or more of those factors simultaneously, may lead to a conclusion that the situation is one in which the nursing home's practice makes adverse events likely to occur if immediate intervention is not undertaken, and therefore constitutes immediate jeopardy. If none of the factors described in subdivision (c) is present, the situation may involve harm or potential harm that is not immediate jeopardy.

(e) Specifically, "actual harm" means a negative outcome to a resident that has compromised the resident's ability to maintain or reach, or both, his or her highest practicable physical, mental, and psychosocial well-being as defined by an accurate and comprehensive resident assessment, plan of care, and provision of services. Harm does not include a deficient practice that only may cause or has caused limited consequences to the resident.

(f) For purposes of subdivision (e), in determining whether a negative outcome is of limited consequence, if the "state operations manual" or "the guidance to surveyors" published by the federal centers for medicare and medicaid services does not provide specific guidance, the department may consider whether most people in similar circumstances would feel that the damage was of such short duration or impact as to be inconsequential or trivial. In such a case, the consequence of a negative outcome may be considered more limited if it occurs in the context of overall procedural consistency with an accepted clinical process guideline adopted pursuant to subsection (**14**~~18~~), as compared to a substantial inconsistency with or variance from the guideline.

(g) For purposes of subdivision (e), if the publications described in subdivision (f) do not provide specific guidance, the department may consider the degree of a nursing home's adherence to a clinical process guideline adopted pursuant to subsection (**14**~~18~~) in considering whether the degree of compromise and future risk to the resident constitutes actual harm. The risk of significant compromise to the resident may be considered greater in the context of substantial deviation from the guidelines than in the case of overall adherence.

(h) To improve consistency and to avoid disputes over avoidable and unavoidable negative outcomes, nursing homes and survey agencies must have a common understanding of accepted process guidelines and of the circumstances under which it can reasonably be said that certain actions or inactions will lead to avoidable negative outcomes. If the "state operations manual" or "the guidance to surveyors" published by the federal centers for medicare and medicaid services is not specific, a nursing home's overall documentation of adherence to a clinical process guideline with a process indicator adopted pursuant to subsection (**14**~~18~~) is relevant information in considering whether a negative outcome was avoidable or unavoidable and may be considered in the application of that term.

(**14**~~18~~) Subject to subsection (**15**~~19~~), the department, in consultation with the clarification work group appointed under subsection (**12**~~16~~), shall develop and adopt clinical process guidelines that shall be used in applying the terms set forth in subsection (**12**~~16~~). The department shall establish and adopt clinical process guidelines and compliance protocols with outcome measures for all of the following areas and for other topics where the department determines that clarification will benefit providers and consumers of long-term care:

(a) Bed rails.

(b) Adverse drug effects.

(c) Falls.

(d) Pressure sores.

(e) Nutrition and hydration including, but not limited to, heat-related stress.

(f) Pain management.

(g) Depression and depression pharmacotherapy.

(h) Heart failure.

(i) Urinary incontinence.

(j) Dementia.

(k) Osteoporosis.

(*l*) Altered mental states.

(m) Physical and chemical restraints.

(**15**~~19~~) The department shall create a clinical advisory committee to review and make recommendations regarding the clinical process guidelines with outcome measures adopted under subsection (**14**~~18~~). The department shall appoint physicians, registered professional nurses, and licensed practical nurses to the clinical advisory committee, along with professionals who have expertise in long-term care services, some of whom may be employed by long-term care facilities. The clarification work group created under subsection (**12**~~16~~) shall review the clinical process guidelines and outcome measures after the clinical advisory committee and shall make the final recommendations to the department before the clinical process guidelines are adopted.

(**16**~~20~~) The department shall create a process by which the director of the division of nursing home monitoring or his or her designee or the director of the division of operations or his or her designee reviews and authorizes the issuance of a citation for immediate jeopardy or substandard quality of care before the statement of deficiencies is made final. The review shall be to assure that the applicable concepts, clinical process guidelines, and other tools contained in subsections (**13**~~17~~) to (**15**~~19~~) are being used consistently, accurately, and effectively. As used in this subsection, "immediate jeopardy" and "substandard quality of care" mean those terms as defined by the federal centers for medicare and medicaid services.

(**17**~~21~~) The department may give grants, awards, or other recognition to nursing homes to encourage the rapid implementation of the clinical process guidelines adopted under subsection (14~~18~~).

(**18**~~22~~) The department shall assess the effectiveness of 2001 PA 218. The department shall file an annual report on the implementation of the clinical process guidelines and the impact of the guidelines on resident care with the standing committee in the legislature with jurisdiction over matters pertaining to nursing homes. The first report shall be filed on July 1, 2002.

(**19**~~23~~) The department shall instruct and train the surveyors in the use of the clarifications described in subsection (**13**~~17~~) and the clinical process guidelines adopted under subsection (**14**~~18~~) in citing deficiencies.

(**20**~~24~~) A nursing home shall post the nursing home's survey report in a conspicuous place within the nursing home for public review.

(**21**~~25~~) Nothing in this amendatory act shall be construed to limit the requirements of related state and federal law.

(**22**~~26~~) As used in this section:

(a) "Title XVIII" means title XVIII of the social security act, 42 USC 1395 to 1395hhh.

(b) "Title XIX" means title XIX of the social security act, chapter 531, 42 USC 1396 to 1396v.

333.20160 CREATION OF THE HEALTH SYSTEMS FEE FUND FOR LICENSURE AND ASSESSMENTS OF HEALTH FACILITITES

Sec. 20160. (1) THE HEALTH SYSTEMS FEE FUND IS CREATED IN THE STATE TREASURY. THE FUND SHALL RECEIVE MONEY AS PROVIDED BY LAW AND ANY GIFTS OR CONTRIBUTIONS TO THE FUND. THE STATE TREASURER SHALL DIRECT THE INVESTMENT OF THE FUND. INTEREST AND EARNINGS OF THE FUND SHALL BE CREDITED TO THE FUND. MONEY AT THE CLOSE OF THE

FISCAL YEAR SHALL REMAIN IN THE FUND AND SHALL NOT REVERT TO THE GENERAL FUND.

(2) MONEY IN THE FUND SHALL BE USED, UPON APPROPRIATION, FOR THE OPERATION AND SUPPORT OF THE STATE HEALTH FACILITY LICENSURE AND SURVEY FUNCTIONS.

333.20161 Fees and assessments for health facility and agency licenses and certificates of need; medicaid reimbursement rates; use of quality assurance assessment; tax levy; "medicaid" defined.

Sec. 20161. (1) The department shall assess fees and other assessments for health facility and agency licenses and certificates of need on an annual basis as provided in this article. Except as otherwise provided in this article, fees and assessments shall be paid in accordance with the following schedule:

(a) Freestanding surgical outpatient facilities…….	$~~238.00~~ **4,653.00** per ~~facility~~ **LICENSE**.
(b) Hospitals……	$~~8.28~~ **1,500.00 PER LICENSE + $35.00** per licensed bed.
(c) Nursing homes, county medical care facilities, and hospital long-term care units…….	$~~2.20~~ **1,500.00 PER LICENSE + $136.00** per licensed bed.
(d) Homes for the aged……..	$6.27 per licensed bed.
~~(e) Clinical laboratories……..~~	~~$475.00 per laboratory.~~
(**E**~~f~~) Hospice residences……..	$~~200.00~~ **4,616.00** per license ~~survey; and~~ ~~$20.00 per licensed bed~~.
(F) HOSPICE PROGRAMS……	**$4,616.00 PER LICENSE.**
(g) Subject to subsection (**11**~~13~~), quality assurance assessment for nursing homes and hospital long-term care units…….	an amount resulting in not more than 6% of total industry revenues.
(h) Subject to subsection (**12**~~14~~), quality assurance assessment for hospitals…….	at a fixed or variable rate that generates funds not more than the maximum allowable under the federal matching requirements, after consideration for the amounts in subsection (14)(a) and (i).
(I) APPLICATION FEE FOR NEW LICENSEE UNDER SUBSECTION (A), (B), (C), (E) AND (F).	**$5,000 PER FACILITY APPLICATION.**

(2) If a hospital requests the department to conduct a certification survey for purposes of title XVIII or title XIX of the social security act, the hospital shall pay a license fee surcharge of $~~23.00~~ **$150.00** per bed. As used in this subsection, "title XVIII" and "title XIX" mean those terms as defined in section 20155.

(3) The base fee for a certificate of need is $1,500.00 for each application. For a project requiring a projected capital expenditure of more than $500,000.00 but less than $4,000,000.00, an additional fee of $4,000.00 shall be added to the base fee. For a project requiring a projected capital expenditure of $4,000,000.00 or more, an additional fee of $7,000.00 shall be added to the base fee. The department of community health shall use the fees collected under this subsection only to fund the certificate of need program. Funds remaining in the certificate of need program at the end of the fiscal year shall not lapse to the general fund but shall remain available to fund the certificate of need program in subsequent years.

(4) If licensure is for more than 1 year, the fees described in subsection (1) are multiplied by the number of years for which the license is issued, and the total amount of the fees shall be collected in the year in which the license is issued.

(5) Fees described in this section are payable to the department at the time an application for a license, permit, or certificate is submitted. If an application for a license, permit, or certificate is denied or if a license, permit, or certificate is revoked before its expiration date, the department shall not refund fees paid to the department.

(6) The fee for a provisional license or temporary permit is the same as for a license. A license may be issued at the expiration date of a temporary permit without an additional fee for the balance of the period for which the fee was paid if the requirements for licensure are met.

~~(7) The department may charge a fee to recover the cost of purchase or production and distribution of proficiency evaluation samples that are supplied to clinical laboratories pursuant to section 20521(3).~~

~~(8) In addition to the fees imposed under subsection (1), a clinical laboratory shall submit a fee of $25.00 to the department for each reissuance during the licensure period of the clinical laboratory's license.~~

(7~~9~~) The cost of licensure activities shall be supported by license fees. **THE DEPARTMENT SHALL ADJUST ON AN ANNUAL BASIS THE FEES PRESCRIBED BY SUBSECTION (1) (A) , (B), (C), (E), AND (F) BY AN AMOUNT DETERMINED BY THE STATE TREASURER TO REFLECT THE CUMMULATIVE ANNUAL PERCENTAGE CHANGE IN THE DETROIT CONSUMER PRICE INDEX. AS USED IN THIS SUBSECTION, “DETROIT CONSUMER PRICE INDEX” MEANS THE MOST COMPREHENSIVE INDEX OF CONSUMER PRICES AVAILABLE FOR THE DETROIT AREA FROM THE BUREAU OF LABOR STATISTICS OF THE UNITED STATES DEPARTMENT OF LABOR.**

(**8**~~10~~) The application fee for a waiver under section 21564 is $~~200.00~~**500.00** plus $~~40.00~~**95.00** per hour for the professional services and travel expenses directly related to processing the ~~application~~ **REQUEST**. The travel expenses shall be calculated in accordance with the state standardized travel regulations of the department of management and budget in effect at the time of the travel.

(**9**~~11~~) An applicant for licensure or renewal of licensure under part 209 shall pay the applicable fees set forth in part 209.

(**10**~~12~~) Except as otherwise provided in this section, the fees and assessments collected under this section shall be deposited in the state treasury, to the credit of the general fund. ~~The department may use the unreserved fund balance in fees and assessments for the background check program required under this article.~~ **THE FEES COLLECTED UNDER SUBSECTION (1) (A), (B), (C), (E), (F), (2), AND (8) SHALL BE DEPOSITED IN THE STATE TREASURY TO THE CREDIT OF HEALTH SYSTEMS FEES FUND CREATED UNDER SECTION 20160.**

(**11**~~13~~) The quality assurance assessment collected under subsection (1)(g) and all federal matching funds attributed to that assessment shall be used only for the following purposes and under the following specific circumstances:

(a) The quality assurance assessment and all federal matching funds attributed to that assessment shall be used to finance medicaid nursing home reimbursement payments. Only licensed nursing homes and hospital long-term care units that are assessed the quality assurance assessment and participate in the medicaid program are eligible for increased per diem medicaid reimbursement rates under this subdivision. A nursing home or long-term care unit that is assessed the quality assurance assessment and that does not pay the assessment required under subsection (1)(g) in accordance with subdivision (c)(i) or in accordance with a written payment agreement with the state shall not receive the increased per diem medicaid reimbursement rates under this subdivision until all of its outstanding quality assurance assessments and any penalties assessed pursuant to subdivision (g) have been paid in full. Nothing in this subdivision shall be construed to authorize or require the department to overspend tax revenue in violation of the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

(b) Except as otherwise provided under subdivision (c), beginning October 1, 2005, the quality assurance assessment is based on the total number of patient days of care each nursing home and hospital long-term care unit provided to nonmedicare patients within the immediately preceding year and shall be assessed at a uniform rate on October 1, 2005 and subsequently on October 1 of each following year, and is payable on a quarterly basis, the first payment due 90 days after the date the assessment is assessed.

(c) Within 30 days after September 30, 2005, the department shall submit an application to the federal centers for medicare and medicaid services to request a waiver pursuant to 42 CFR 433.68(e) to implement this subdivision as follows:

(i) If the waiver is approved, the quality assurance assessment rate for a nursing home or hospital long-term care unit with less than 40 licensed beds or with the maximum number, or more than the maximum number, of licensed beds necessary to secure federal approval of the application is $2.00 per nonmedicare patient day of care provided within the immediately preceding year or a rate as otherwise altered on the application for the waiver to obtain federal approval. If the waiver is approved, for all other nursing homes and long-term care units the quality assurance assessment rate is to be calculated by dividing the total statewide maximum allowable assessment permitted under subsection (1)(g) less the total amount to be paid by the nursing homes and long-term care units with less than 40 or with the maximum number, or more than

the maximum number, of licensed beds necessary to secure federal approval of the application by the total number of nonmedicare patient days of care provided within the immediately preceding year by those nursing homes and long-term care units with more than 39, but less than the maximum number of licensed beds necessary to secure federal approval. The quality assurance assessment, as provided under this subparagraph, shall be assessed in the first quarter after federal approval of the waiver and shall be subsequently assessed on October 1 of each following year, and is payable on a quarterly basis, the first payment due 90 days after the date the assessment is assessed.

(ii) If the waiver is approved, continuing care retirement centers are exempt from the quality assurance assessment if the continuing care retirement center requires each center resident to provide an initial life interest payment of $150,000.00, on average, per resident to ensure payment for that resident's residency and services and the continuing care retirement center utilizes all of the initial life interest payment before the resident becomes eligible for medical assistance under the state's medicaid plan. As used in this subparagraph, "continuing care retirement center" means a nursing care facility that provides independent living services, assisted living services, and nursing care and medical treatment services, in a campus-like setting that has shared facilities or common areas, or both.

(d) Beginning October 1, 2011, the department shall no longer assess or collect the quality assurance assessment or apply for federal matching funds.

(e) Beginning May 10, 2002, the department of community health shall increase the per diem nursing home medicaid reimbursement rates for the balance of that year. For each subsequent year in which the quality assurance assessment is assessed and collected, the department of community health shall maintain the medicaid nursing home reimbursement payment increase financed by the quality assurance assessment.

(f) The department of community health shall implement this section in a manner that complies with federal requirements necessary to assure that the quality assurance assessment qualifies for federal matching funds.

(g) If a nursing home or a hospital long-term care unit fails to pay the assessment required by subsection (1)(g), the department of community health may assess the nursing home or hospital long-term care unit a penalty of 5% of the assessment for each month that the assessment and penalty are not paid up to a maximum of 50% of the assessment. The department of community health may also refer for collection to the department of treasury past due amounts consistent with section 13 of 1941 PA 122, MCL 205.13.

(h) The medicaid nursing home quality assurance assessment fund is established in the state treasury. The department of community health shall deposit the revenue raised through the quality assurance assessment with the state treasurer for deposit in the medicaid nursing home quality assurance assessment fund.

(i) The department of community health shall not implement this subsection in a manner that conflicts with 42 USC 1396b(w).

(j) The quality assurance assessment collected under subsection (1)(g) shall be prorated on a quarterly basis for any licensed beds added to or subtracted from a nursing home or hospital long-term care unit since the immediately preceding July 1. Any adjustments in payments are due on the next quarterly installment due date.

(k) In each fiscal year governed by this subsection, medicaid reimbursement rates shall not be reduced below the medicaid reimbursement rates in effect on April 1, 2002 as a direct result of the quality assurance assessment collected under subsection (1)(g).

(l) In fiscal year 2007-2008, $39,900,000.00 of the quality assurance assessment collected pursuant to subsection (1)(g) shall be appropriated to the department of community health to support medicaid expenditures for long-term care services. The state retention amount of the quality assurance assessment collected pursuant to subsection (1)(g) for fiscal year 2008-2009 shall be $41,473,500.00, and for each subsequent fiscal year shall be equal to 13.2% of the federal funds generated by the nursing homes and hospital long-term care units quality assurance assessment, including the state retention amount. The state retention amount shall be appropriated each fiscal year to the department of community health to support medicaid expenditures for long-term care services. These funds shall offset an identical amount of general fund/general purpose revenue originally appropriated for that purpose.

(**12**~~14~~) The quality assurance dedication is an earmarked assessment collected under subsection (1)(h). That assessment and all federal matching funds attributed to that assessment shall be used only for the following purpose and under the following specific circumstances:

(a) To maintain the increased medicaid reimbursement rate increases as provided for in subdivision (c).

(b) The quality assurance assessment shall be assessed on all net patient revenue, before deduction of expenses, less medicare net revenue, as reported in the most recently available medicare cost report and is payable on a quarterly basis, the first payment due 90 days after the date the assessment is assessed. As used in this subdivision, "medicare net revenue" includes medicare payments and amounts collected for coinsurance and deductibles.

(c) Beginning October 1, 2002, the department of community health shall increase the hospital medicaid reimbursement rates for the balance of that year. For each subsequent year in which the quality assurance assessment is assessed and collected, the department of community health shall maintain the hospital medicaid reimbursement rate increase financed by the quality assurance assessments.

(d) The department of community health shall implement this section in a manner that complies with federal requirements necessary to assure that the quality assurance assessment qualifies for federal matching funds.

(e) If a hospital fails to pay the assessment required by subsection (1)(h), the department of community health may assess the hospital a penalty of 5% of the assessment for each month that the assessment and penalty are not paid up to a maximum of 50% of the assessment. The department of community health may also refer for collection to the department of treasury past due amounts consistent with section **11**~~13~~ of 1941 PA 122, MCL 205.13.

(f) The hospital quality assurance assessment fund is established in the state treasury. The department of community health shall deposit the revenue raised through the quality assurance assessment with the state treasurer for deposit in the hospital quality assurance assessment fund.

(g) In each fiscal year governed by this subsection, the quality assurance assessment shall only be collected and expended if medicaid hospital inpatient DRG

and outpatient reimbursement rates and disproportionate share hospital and graduate medical education payments are not below the level of rates and payments in effect on April 1, 2002 as a direct result of the quality assurance assessment collected under subsection (1)(h), except as provided in subdivision (h).

(h) The quality assurance assessment collected under subsection (1)(h) shall no longer be assessed or collected after September 30, 2011 in the event that the quality assurance assessment is not eligible for federal matching funds. Any portion of the quality assurance assessment collected from a hospital that is not eligible for federal matching funds shall be returned to the hospital.

(i) In fiscal year 2007-2008, $98,850,000.00 of the quality assurance assessment collected pursuant to subsection (1)(h) shall be appropriated to the department of community health to support medicaid expenditures for hospital services and therapy. The state retention amount of the quality assurance assessment collected pursuant to subsection (1)(h) for fiscal year 2008-2009 and each subsequent fiscal year shall be equal to 13.2% of the federal funds generated by the hospital quality assurance assessment, including the state retention amount. The state retention percentage shall be applied proportionately to each hospital quality assurance assessment program to determine the retention amount for each program. The state retention amount shall be appropriated each fiscal year to the department of community health to support medicaid expenditures for hospital services and therapy. These funds shall offset an identical amount of general fund/general purpose revenue originally appropriated for that purpose.

(**13**~~15~~) The quality assurance assessment provided for under this section is a tax that is levied on a health facility or agency.

(**14**~~16~~) As used in this section, "medicaid" means that term as defined in section 22207.

333.20145 Construction permit; certificate of need as condition of issuance; rules; information required for project not requiring certificate of need; review and approval of architectural plans and narrative; rules; waiver; fee; "capital expenditure" defined.

Sec. 20145. (1) Before contracting for and initiating a construction project involving new construction, additions, modernizations, or conversions of a health facility or agency with a capital expenditure of $~~1,000,000.00~~**100,000.00** or more, a person shall obtain a construction permit from the department. The department shall not issue the permit under this subsection unless the applicant holds a valid certificate of need if a certificate of need is required for the project pursuant to part 222.

(2) To protect the public health, safety, and welfare, the department may promulgate rules to require construction permits for projects other than those described in subsection (1) and the submission of plans for other construction projects to expand or change service areas and services provided.

(3) If a construction project requires a construction permit under subsection (1) or (2), but does not require a certificate of need under part 222, the department shall require the applicant to submit information considered necessary by the department to assure that the capital expenditure for the project is not a covered capital expenditure as defined in section 22203(9).

(4) If a construction project requires a construction permit under subsection (1), but does not require a certificate of need under part 222, the department shall require the applicant to submit information on a 1-page sheet, along with the application for a construction permit, consisting of all of the following:

(a) A short description of the reason for the project and the funding source.

(b) A contact person for further information, including address and phone number.

(c) The estimated resulting increase or decrease in annual operating costs.

(d) The current governing board membership of the applicant.

(e) The entity, if any, that owns the applicant.

(5) The information filed under subsection (4) shall be made publicly available by the department by the same methods used to make information about certificate of need applications publicly available.

(6) The review and approval of architectural plans and narrative shall require that the proposed construction project is designed and constructed in accord with applicable statutory and other regulatory requirements. In performing a construction permit review for a health facility or agency under this section, the department shall, at a minimum, apply the standards contained in the document entitled "Minimum Design Standards for Health Care Facilities in Michigan" published by the department and dated March 1998. The standards are incorporated by reference for purposes of this subsection. The department may promulgate rules that are more stringent than the standards if necessary to protect the public health, safety, and welfare.

(7) The department shall promulgate rules to further prescribe the scope of construction projects and other alterations subject to review under this section.

(8) The department may waive the applicability of this section to a construction project or alteration if the waiver will not affect the public health, safety, and welfare.

(9) Upon request by the person initiating a construction project, the department may review and issue a construction permit to a construction project that is not subject to subsection (1) or (2) if the department determines that the review will promote the public health, safety, and welfare.

(10) The department shall assess a fee for each review conducted under this section. The fee is .5% of the first $1,000,000.00 of capital expenditure and .85% of any amount over $1,000,000.00 of capital expenditure, up to a maximum of $60,000.00. **FEES COLLECTED SHALL BE DEPOSITED IN THE HEALTH SYSTEMS FEE FUND CREATED UNDER SECTION 20160.**

(11) As used in this section, "capital expenditure" means that term as defined in section 22203(2), except that it does not include the cost of equipment that is not fixed equipment.

APPENDIX III – PROPOSED MENTAL HEALTH CODE

Recommended revisions to the Mental Health Code.

MENTAL HEALTH CODE (EXCERPT)
Act 258 of 1974

330.1137 Psychiatric hospital, psychiatric unit, or psychiatric partial hospitalization program; license required; disclosures; provisional license; violation; penalty; ~~biennial~~**ANNUAL** licensure; fees; receipt of completed application; issuance of license within certain time period; report; "completed application" defined.

Sec. 137. (1) A person shall not construct, establish, or maintain a psychiatric hospital, psychiatric unit, or psychiatric partial hospitalization program or use the terms psychiatric hospital, psychiatric unit, or psychiatric partial hospitalization program, without first obtaining a license. The director shall require an applicant or a licensee to disclose the names, addresses, and official positions of all persons who have an ownership interest in a psychiatric hospital, psychiatric unit, or psychiatric partial hospitalization program. If the psychiatric hospital, psychiatric unit, or psychiatric partial hospitalization program is located on or in real estate that is leased, the applicant or licensee shall disclose the name of the lessor and any direct or indirect interest that the applicant or licensee has in the lease other than as lessee. A nontransfrable license shall be granted for **A**~~2~~ year~~s~~ after the date of issuance, unless otherwise provided in sections 134 to 150. The director may issue a provisional license for 1 year to provide a licensee or applicant time to undertake remedial action to correct programmatic or physical plant deficiencies. A provisional license may be renewed for not longer than 1 additional year. A violation of this section is a misdemeanor and is punishable by a fine of not more than $1,000.00 for each violation.

(2) **ANNUAL**~~Biennial~~ licensure of psychiatric hospitals, psychiatric units, and psychiatric partial hospitalization programs shall be implemented by March 28, 1997. License fees shall be prorated according to the period of time that the license will be in force.

(3) Beginning the effective date of the amendatory act that added this subsection, the department shall issue an initial license under this section not later than 6 months after the applicant files a completed application. Receipt of the application is considered the date the application is received by any agency or department of this state. If the application is considered incomplete by the department, the department shall notify the applicant in writing or make notice electronically available within 30 days after receipt of the incomplete application, describing the deficiency and requesting additional information. The 6-month period is tolled upon notification by the department of a deficiency until the date the requested information is received by the department. The determination of the completeness of an application is not an approval of the application for the license and does not confer eligibility on an applicant determined otherwise ineligible for issuance of a license.

(4) If the department fails to issue or deny a license or registration within the time required by this section, the department shall return the license fee and shall reduce the

license fee for the applicant's next renewal application, if any, by 15%. Failure to issue or deny a license within the time period required under this section does not allow the department to otherwise delay the processing of the application. A completed application shall be placed in sequence with other completed applications received at that same time. The department shall not discriminate against an applicant in the processing of the application based on the fact that the application fee was refunded or discounted under this subsection.

(5) Beginning October 1, 2005, the director of the department shall submit a report by December 1 of each year to the standing committees and appropriations subcommittees of the senate and house of representatives concerned with issues relating to mental health. The director shall include all of the following information in the report concerning the preceding fiscal year:

(a) The number of initial applications the department received and completed within the 6-month time period described in subsection (3).

(b) The number of applications rejected.

(c) The number of applicants not issued a license within the 6-month time period and the amount of money returned to licensees under subsection (4).

(6) As used in this section, “completed application” means an application complete on its face and submitted with any applicable licensing fees as well as any other information, records, approval, security, or similar item required by law or rule from a local unit of government, a federal agency, or a private entity but not from another department or agency of this state.

330.1138 Original or biennial license; inspection and approval by bureau of fire services.

Sec. 138. Before the issuance of an original or ~~biennial~~**ANNUAL** license, a psychiatric hospital, psychiatric unit, or psychiatric partial hospitalization program shall be inspected by the bureau of fire services created in section 1b of the fire prevention code, 1941 PA 207, MCL 29.1b. A license shall not be issued until the bureau of fire services approves the hospital or unit.

330.1139 Permit and license fees.

Sec. 139. (1) An applicant for a license under this act shall **ANNUALLY** submit to the department with the application form a license fee of $~~600.00~~**1,500.00** plus ~~$7.50~~**$71.00** per patient bed or treatment position. ~~The total license fee shall not exceed $5,000.00.~~

(2) The license fee for a provisional license is the same as the fee for a license. When the requirements for licensure are met, the provisional license shall be replaced by a license without an additional fee for the balance of the ~~2-year~~ period.

(3) An applicant for a construction permit shall submit to the department ~~with the application form a permit fee of $300.00.~~ **AN APPLICATION PURSUANT TO THE PROVISIONS OF SECTION 20145. A PERMIT FOR CONSTRUCTION SHALL BE REQUIRED FOR ANY PROJECT WHICH EXCEEDS $100,000.**

(4) If an application for a license or permit is denied, or if a license or permit is revoked before its expiration date, the fees paid to the department shall not be refunded.

(5) FEES AND FINES COLLECTED UNDER SUBSECTION 137 AND 139 SHALL BE DEPOSITED IN THE HEALTH SYSTEMS FEE FUND CREATED UNDER SECTION 20160.

(6) THE DEPARTMENT SHALL ADJUST ON AN ANNUAL BASIS THE FEES PRESCRIBED BY SUBSECTION (1) BY AN AMOUNT DETERMINED BY THE STATE TREASURER TO REFLECT THE CUMMULATIVE ANNUAL PERCENTAGE CHANGE IN THE DETROIT CONSUMER PRICE INDEX. AS USED IN THIS SUBSECTION, "DETROIT CONSUMER PRICE INDEX" MEANS THE MOST COMPREHENSIVE INDEX OF CONSUMER PRICES AVAILABLE FOR THE DETROIT AREA FROM THE BUREAU OF LABOR STATISTICS OF THE UNITED STATES DEPARTMENT OF LABOR.

APPENDIX IV – PROPOSED LABORATORY CODE

Recommended revisions to the Clinical and Other Laboratories Code.

CLINICAL AND OTHER LABORATORIES CODE
Act 368 of 1978

333.20501 Definitions; principles of construction.

Sec. 20501. (1) As used in this part:

(A) "CLINICAL LABORATORY" MEANS A FACILITY PATRONIZED BY, OR AT THE DIRECTION OF, A PHYSICIAN, HEALTH OFFICER, OR OTHER PERSON AUTHORIZED BY LAW TO OBTAIN INFORMATION FOR THE DIAGNOSIS, PREVENTION, OR TREATMENT OF DISEASE OR THE ASSESSMENT OF A MEDICAL CONDITION BY THE MICROBIOLOGICAL, SEROLOGICAL, HISTOLOGICAL, HEMATOLOGICAL, IMMUNOHEMATOLOGICAL, BIOPHYSICAL, CYTOLOGICAL, PATHOLOGICAL, OR BIOCHEMICAL EXAMINATION OF MATERIALS DERIVED FROM THE HUMAN BODY.

(B~~a~~) "Laboratory director" means the individual responsible for administration of the technical and scientific operation of a clinical laboratory, including the supervision of procedures and reporting of findings.

(C~~b~~) "Owner" means a person who owns and controls a clinical laboratory.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code~~ and part 201 contains definitions applicable to this part~~.

333.20507 Laboratories to which MCL 333.20501 to 333.20525 inapplicable.

Sec. 20507. Sections 20501 to 20525 do not apply to any of the following:

(a) A laboratory where examinations are always performed personally by the individual desiring the information.

(b) A laboratory operated by an individual licensed to practice medicine, osteopathic medicine and surgery, dentistry, or podiatry who performs clinical laboratory tests or procedures personally or through his or her employees only as an adjunct to the treatment of the licensee's patients.

(c) A laboratory operated in the manner described in subdivision (b) by a group of not more than 5 individuals licensed to practice medicine, osteopathic medicine and surgery, dentistry, or podiatry.

(d) A laboratory operated by a college, university, or school approved by the department of education that is conducted for the training of its students, if the result of an examination performed in the clinical laboratory is not used in the diagnosis and treatment of disease.

(e) A laboratory operated by the federal government.

~~333.20511 Clinical laboratory; license required; authorizing specific categories of~~

~~procedures; contents of license; display of license and laboratory director's certificate of qualification; duration of license validity; biennial visits; manner of conducting licensing and inspection activities.~~

~~Sec. 20511. (1) A clinical laboratory shall be licensed under this article.~~
~~(2) A license shall authorize specific categories of procedures which the clinical laboratory may perform.~~

~~(3) A license shall contain on its face the name of the owner of the clinical laboratory, the name of the laboratory director, the categories of laboratory procedures authorized to be performed in the clinical laboratory, and the location at which the procedures may be performed.~~

~~(4) The license and laboratory director's certificate of qualification, if required, shall be displayed at all times in a prominent place in the clinical laboratory.~~

~~(5) A clinical laboratory license is valid for not more than 2 years after the date of issuance. Except where the department has entered into agreements as provided in section 20155(5), the department shall make at least biennial visits to clinical laboratories for the purposes of survey, evaluation, and consultation. The department shall conduct licensing and inspection activities in such a manner as to maximize discovery of changes in laboratory personnel and operations and to take advantage of inspections by voluntary accrediting organizations.~~

~~333.20515 Requirements for license.~~

~~Sec. 20515. A license shall not be issued unless:~~

~~(a) The laboratory director has training, education, or experience related to the safe and competent administration of a clinical laboratory as prescribed by departmental rules.~~

~~(b) The department finds that the clinical laboratory is competently staffed, properly located and constructed, and properly equipped to perform the clinical laboratory procedures for which the license is sought.~~

~~(c) The owner agrees and the department determines that the clinical laboratory will be operated in the manner required by this article.~~

~~333.20521 Responsibility for operation of clinical laboratory; record of specimens and procedures; analysis of test samples; reports; proficiency evaluation programs.~~

~~Sec. 20521. (1) The owner, laboratory director, and governing body of a clinical laboratory are responsible for the operation of the clinical laboratory.~~

~~(2) The laboratory director is responsible for the making and keeping of an accurate record for each specimen examined and procedure followed.~~

~~(3) A clinical laboratory shall analyze test samples submitted by the department and report to the department on the results of the analyses, except that proficiency evaluation programs of recognized professional organizations may be acceptable to the department in lieu thereof. The analyses and reports may be considered by the department in taking action under section 20165 or 20525.~~

~~333.20525 Denial, limitation, suspension, or revocation of license; grounds.~~

~~Sec. 20525. In addition to the grounds for disciplinary action set forth in section 20165 the department may deny, limit, suspend, or revoke a license upon a finding that the owner, laboratory director, or an employee of a clinical laboratory has done any of the following:~~

~~(a) Demonstrated incompetence or consistently erred in the performance of the clinical laboratory examinations or procedures.~~

~~(b) Performed, or represented himself or herself as entitled to perform, a clinical laboratory procedure or category of procedures not authorized in the certificate of licensure.~~

~~(c) Solicited referral of specimens to the clinical laboratory by false advertising or by offering or implying, directly or indirectly, discounts, rebates, or other benefits or considerations to persons referring patients or work to the clinical laboratory.~~

~~(d) Reported on clinical laboratory work or referred samples required to be tested under section 20521 actually performed in another laboratory without stating that the work was performed there.~~

~~(e) Billed patients or third party payors for laboratory work not actually performed or not requested by the patient's physician.~~

333.20531 Lead analysis; clinical laboratory reporting requirements.

Sec. 20531. Not later than 90 days after the effective date of this section, the department shall mail a notice to each clinical laboratory doing business in this state explaining the reporting requirements of this section. Beginning October 1, 2005, a clinical laboratory that analyzes a blood sample for lead shall report the results of the blood lead analysis to the department electronically in a format as prescribed by the department. The clinical laboratory shall submit the report to the department as required under this section within 5 days after the analysis is completed.

333.20551 Registration of laboratory or other place handling, cultivating, selling, giving away, or shipping pathogenic microorganisms, or doing recombinant deoxyribonucleic acid research; application for and duration of registration number; clinical laboratory considered registered; “handling,”“cultivating,”“shipping” defined.

Sec. 20551. (1) A laboratory or other place where live bacteria, fungi, mycoplasma, parasites, viruses, or other microorganisms of a pathogenic nature are handled, cultivated, sold, given away, or shipped from or to or where recombinant deoxyribonucleic acid research is done shall be registered with the department, and a registration number shall be issued to each place registered. An application for a registration number shall be made by the person in charge of the laboratory or other place where the pathogens are handled or where recombinant deoxyribonucleic acid research is done. The registration number is valid for 1 year and may be renewed upon application to the department.

~~(2) A clinical laboratory licensed in microbiology under sections 20501 to 20525 is registered for purposes of this section and section 20552, and its license number shall be used as its registration number.~~

(**2**~~3~~) As used in sections 20551 and 20552, “handled”, “cultivated”, or “shipped” does not include the collection of specimens, the initial inoculation of specimens into transport media or culture media, or the shipment to registered laboratories, but does include any additional work performed on cultivated pathogenic microorganisms or any recombinant deoxyribonucleic acid research is done.

333.20552 Registration of laboratory, department, or school handling pathogens or doing recombinant deoxyribonucleic acid research; application for and duration of registration number.

Sec. 20552. The department shall register a laboratory or a department of a college, university, or school which is responsible for the handling, cultivating, selling, giving away, or shipping of the microorganisms described in section 20551(1) or is engaged in recombinant deoxyribonucleic acid research. The person in charge of the laboratory or department where the pathogens are handled or where recombinant deoxyribonucleic acid research is done shall apply for a registration number. The registration is valid for 1 year and may be renewed upon application.

333.20554 Sale, gift, or other distribution of live pathogenic microorganisms and cultures or recombinant deoxyribonucleic acid materials; contents of label on container; record.

Sec. 20554. Live pathogenic bacteria, fungi, mycoplasma, parasites, viruses, or other microorganisms or cultures of the microorganisms when sold, given away, or shipped by a laboratory or other person, shall bear a label on the container showing the registration number of the laboratory or other person sending the specimens and the name and address of the person to whom sent. A laboratory or person shall not sell or convey a live pathogenic microorganism or recombinant deoxyribonucleic acid materials to any other laboratory or person in this state without permission of the department unless each is registered under section 20551 or 20552. The laboratory or person shall keep a record of each sale, gift, or other distribution of live pathogenic microorganisms and cultures or recombinant deoxyribonucleic acid materials containing the name and laboratory address of the recipient or purchaser. The record shall be at all times open to examination and copying by a representative of the department.

APPENDIX V – CLINICAL LABORATORY RULES

Recommended rescission of the Clinical Laboratories Administrative Rules, specifically R 325.2301 through 325.2369.

~~DEPARTMENT OF COMMUNITY HEALTH~~
~~BUREAU OF LABORATORIES~~
~~CLINICAL LABORATORIES~~

~~(By authority conferred on the director of public health and the laboratory facilities council by section 3 of Act No. 235 of the Public Acts of 1968, as amended, being SS325.83 of the Michigan Compiled Laws)~~

~~PART 1. GENERAL PROVISIONS~~

~~R 325.2301 Definitions; A to C.~~
~~Rule 1. (1) For the purpose of these rules, the words and phrases have the same meaning as the words and phrases defined in the act.~~
~~(2) "Act" means Act No. 235 of the Public Acts of 1968, being SS325.81 to 325.92 of the Michigan Compiled Laws.~~
~~(3) "Assistant to the director" means an individual who under the general direction of a laboratory director or associate director supervises technical personnel, reports findings and performs tests requiring special skills.~~
~~(4) "Associate director" means a person who assists a laboratory director in the direction of a clinical laboratory and who possesses qualifications equivalent to those required for a laboratory director in those laboratory fields and procedures he directs. He need not possess a certificate of qualification as a laboratory director.~~
~~(5) "Cytology" means the examination and preparation of cells taken from surfaces or cavities of the body for the detection of the presence of disease.~~

~~R 325.2302 Definitions; D to P.~~
~~Rule 2. (1) "Dentist" means a person licensed as a dentist by the Michigan state board of dentistry.~~
~~(2) "Department" means the state department of public health.~~
~~(3) "Dermatopathology" means the histopathological examination of specimens of skin for the determination of the presence of disease.~~
~~(4) "History and pathology" means the histopathological examination of tissues from patients for the determination of the presence of disease.~~
~~(5) "Laboratory" means a clinical laboratory.~~
~~(6) "Oral pathology" means the histopathological examination of tissues or cells removed from the oral cavity for the determination of the presence of disease.~~
~~(7) "Physician" means a person licensed as a physician by the board of registration in medicine or the board of osteopathic registration and examination.~~

~~R 325.2311 Effect of rules on physicians' and dentists' licenses.~~
~~Rule 11. These rules shall not be interpreted to restrict the license of a physician or dentist except to the extent prescribed in the act.~~

~~R 325.2315 Reviews and revisions.~~
~~Rule 15. These rules shall be reviewed annually at a meeting of the laboratory facilities council. The director may call additional meetings of the laboratory facilities council and shall call additional meetings upon petition of at least 3 members of the council.~~

~~R 325.2319 Rescission.~~
~~Rule 19. The rules and regulations for the "Operation of Public Health Laboratories," being R 325.251 to R 325.256 of the Michigan Administrative Code and appearing on pages 2237 and 2238 of the 1954 volume of the Code, are rescinded.~~

~~PART 2. LICENSING OF LABORATORIES~~

~~R 325.2321 Applications and fees.~~
~~Rule 21. (1) An application for a license for a laboratory shall be made on forms authorized and provided by the director of public health and shall include the name of the proposed laboratory director, or, if he is not certified, an application for his certificate of qualification.~~
~~(2) The owner shall pay by check or money order the fee prescribed in the act and transmit it with the initial or renewal application.~~

~~R 325.2322 Scope of licenses.~~
~~Rule 22. A laboratory may be licensed for:~~
~~(a) Microbiology.~~
~~(b) Serology.~~
~~(c) Biochemistry.~~
~~(d) Hematology.~~
~~(e) Immunohematology, but may be limited to diagnostic tests or transfusion services.~~
~~(f) Pathology, but may be limited to histopathology, dermatopathology, oral pathology, or a combination of any 2 of these.~~
~~(g) Cytology.~~
~~(h) Biophysics.~~

~~R 325.2323 Locations and transfers.~~
~~Rule 23. (1) A license shall be effective only for a laboratory operated at a single location. To obtain a license for a laboratory at a different location, a separate application shall be filed regardless of ownership or laboratory director. However, a separate license will not be required for separate buildings on the same grounds.~~
~~(2) A license is valid only in the hands of the owner to whom it is issued and shall not be subject of sale, assignment or transfer.~~

~~R 325.2324 Terminations and renewals.~~
~~Rule 24. (1) A license is valid for 1 year and terminates on its anniversary date unless sooner suspended or revoked.~~
~~(2) A laboratory owner shall file with the director of public health an application or renew of a license at least 30 days before the expiration of a license. The application shall be made on forms furnished by the director of public health.~~
~~(3) When the license becomes void due to a change in the laboratory director, the director of public health shall be notified immediately. The laboratory owner shall designate an individual to be the laboratory director who is either certified or has a temporary certificate of qualification as a laboratory director. The laboratory upon application may be relicensed with the same anniversary date as the original license with no additional fee.~~
~~(4) a laboratory shall apply to the director of public health for a change in the scope of its license. The director of public health shall act on the application within 30 days. A laboratory shall notify the director of public health of the addition to the list of tests furnished with the application for license within 90 days after the addition.~~

~~R 325.2325 Denial.~~
~~Rule 24. The grounds for denial of a laboratory license are:~~
~~(a) Falsification of a statement on an application for a laboratory license or on any other document required by the director of public health.~~
~~(b) Failure to pay a proper license fee.~~
~~(c) Failure to execute the required agreement form.~~
~~(d) Refusal to permit entry by an authorized representative of the director of public health at any reasonable time to inspect laboratory operations, equipment, conditions or records.~~
~~(e) Refusal to participate in the state conducted or approved proficiency testing program.~~
~~(f) Failure to correct laboratory deficiencies in accordance with standards of the director of public health.~~

~~R 325.2326 Revocations, suspensions, and limitations.~~
~~Rule 26. A laboratory license maybe revoked, suspended or limited if the director of public health, after notice and an opportunity for hearing finds that the owner of the laboratory, laboratory director or an employee acting with knowledge of the owner or laboratory director has violated any part of section 9 of the act or conditions have changed which led to a provisional certification of the laboratory director.~~

~~R 325.2327 Inspections.~~
~~Rule 27. (1) A representative of the director of public health shall inspect each laboratory at least biennially.~~
~~(2) Pertinent information relating to personnel, facilities, and equipment shall be obtained at the time of inspection, and reports and records shall be reviewed by the department.~~

~~PART 3. CERTIFICATES OF QUALIFICATIONS OF LABORATORY DIRECTORS~~

~~R 325.2331 Applications and fees.~~
~~Rule 31. (1) A laboratory director shall submit a fully completed application for a certificate of qualification on a form prescribed by the director of public health. The application shall be accompanied by documents or give information as to training and experience for each discipline for which the certificate is sought.~~
~~(2) The laboratory director shall paid by check or money order the fee prescribed in the act and transmit it with his initial or renewal application.~~

~~R 325.2332 Certification; extent; physicians and dentists.~~
~~Rule 32. (1) An applicant shall be certified in all fields for which he applies and qualifies.~~
~~(2) A position certified in anatomical pathology by the American board of pathology for the American osteopathic board of pathology or who possesses formal training equivalent to that required for certification by these boards at the time of completion of training shall be certified as a laboratory director in his histology, pathology, and cytology~~
~~(3) A position certified in clinical pathology by the American board of pathology or the American osteopathic board of pathology or who possesses formal training equivalent to that required by these boards at the time of completion of training shall be certified as a laboratory director in microbiology, erology, biochemistry, hematology, immunohematology, or biophysics.~~
~~(4) A position or dentist who is certified by the American board of oral pathology or who has a certificate of completion of residency or a master of science degree in oral pathology shall be certified in oral pathology.~~
~~(5) A physician who is certified by the American board of dermatology, and has taken full-time formal training in dermatology for least one year shall be certified in dermatology.~~
~~(6) A physician who was qualified under subrule (2) or has one year of full-time formal Cytology training in an institution approved for training in cytology shall be certified and cytology. The practice of cytology shall be limited to tests on anatomic sites for which the physician is qualified.~~

~~R 325.2333 Certification in microbiology.~~
~~Rule 33. A person shall be certified as a laboratory director in microbiology who meets either of the following requirements:~~
~~(a) He holds an earned a doctoral degree in medicine, osteopathic medicine, microbiology, chemistry, or a biological science from an accredited institution certified by the American board of microbiology or has three or more years of appropriate laboratory training and experience of which at least one year was spent acquiring proficiency in the specialty of microbiology with a laboratory director at the doctoral level of a hospital, health department, university, or medical research institution.~~
~~(b) He holds an appropriate master's degree from an accredited institution and has five years of appropriate laboratory experience of which at least two years were spent~~

~~acquiring proficiency in the specialty of microbiology with a laboratory director at the doctoral level of a hospital, health department, university or research institution.~~

~~R 325.2334. Certification in serology.~~
~~Rule 34. A person shall be certified as a laboratory director in serology who meets either the filing requirements:~~
~~(a) He holds unearned doctoral degree in medicine, osteopathic medicine, microbiology, chemistry or a biological science from an accredited institution and 3 years of appropriate laboratory experience of which at least six months were spent acquiring proficiency in serology with a laboratory director at the doctoral level of a hospital, health department, university or medical research institution.~~
~~(b) He holds an appropriate master's degree from accredited institution and has five years of appropriate laboratory experience of wage at least six months were spent acquiring proficiency in serology with the laboratory director of the doctoral level of a hospital, health department, university or medical research institution.~~

~~R 325.2335 Certification in hematology.~~
~~Rule 35. A person shall be certified as a laboratory director in hematology who meets either the filing requirements:~~
~~(a) He holds an earned doctoral degree in medicine, osteopathic medicine, microbiology, chemistry, or biological science from an accredited institution and has three years of appropriate clinical laboratory training and experience, of which at least one year was spent acquiring proficiency in the specialty of hematology with the laboratory director of the doctoral level of a hospital, health department, university, or medical research institution.~~
~~(b) He holds an appropriate master's degree from accredited institution and has five years of appropriate laboratory experience of which at least one year was spent acquiring proficiency in the specialty of hematology with a laboratory director at the doctoral level of a hospital, health department, university or medical research institution.~~

~~R 325.2336 Certification of immunohematology.~~
~~Rule 36. (1) A person shall be certified as a laboratory director in immunohematology, which includes all laboratory procedures necessary for transfusion services, if he holds a earned doctoral degree in medicine or osteopathic medicine and has one-year experience in immunohematology including transfusion services.~~
~~(2) A person shall be certified as a laboratory director in aimmunohematology, but which excludes all laboratory procedures involving transfusion services, if he holds an earned doctoral degree or master's degree in an appropriate field from an accredited institution and has three years of appropriate laboratory experience of which at least one year was spent acquiring proficiency in the specialty of immunohematology with a laboratory director at the doctoral level of a hospital, health department, university or medical research institution.~~

~~R 325.2337 Certification in biochemistry or biophysics.~~
~~Rule 37. (1) A person shall be certified as a laboratory director in biochemistry or biophysics who meet each of the following requirements:~~

~~(a) He holds an earned doctoral degree in medicine, osteopahthic medicine, microbiology, chemistry, while physics, or a biological science from an accredited institution and is certified by the American board of clinical chemistry and has three years of appropriate laboratory training and experience of which at least one year was spent acquiring proficiency in specialties of chemistry or biophysics with a laboratory director at the doctoral level of a hospital, health department, university or medical research institution.~~

~~(b) He holds an earned master's degree inappropriate field from an accredited institution and has five years of appropriate laboratory training and experience of which at least two years were spent acquiring proficiency in the specialties of chemistry or biophysics with a laboratory director at the doctoral level of a hospital, health department, university, or medical research institution.~~

~~R 325.2338 Certificates for present laboratory directors.~~

~~Rule 38. A laboratory director who was responsible for direction of a laboratory in this state for 12 months within three years before January 1, 1969, shall be issued a certificate of qualification in those fields and procedures performed in this laboratory if he meets either of the following requirements:~~

~~(a) He holds at least a bachelor's degree from an accredited institution with chemistry or a biological science as his major subject.~~

~~(b) He has achieved in fields and procedures performed a satisfactory grade in the general and specialty examinations conducted by or under the sponsorship of the United States public health service for independent laboratories under of the federal health insurance for the aged program or through examinations prescribed by the director of public health.~~

~~R 325.2339 Provisional certificates.~~

~~Rule 39. If the requirements for education, training, and experience set forth in R 325.2333 to R 325.2337 cannot be met, the director of public health with the advice of the laboratory facilities council may give provisional certification subject to a semi-annual review to a laboratory director in the specialties covered by such rules if he ascertains that the laboratory directed by this individual can be operated competently and will best serve the public health. If the conditions which led to a provisional certification change, the certification shall be considered bowl aid. This provisional certification is valid only while the individual is employed at the specific laboratory for which it was necessary to issue a provisional certificate to laboratory director.~~

~~R 325.2340. Suspension and revocation.~~

~~Rule 40. A certificate of qualification or a provisional certificate may be suspended or vote to pursuant to the procedure and based on the grounds set forth in R 325.2326.~~

~~PART 4. LABORATORY DIRECTION AND SUPERVISION~~

~~R 325.2341 Laboratory directors; full-time and part-time.~~

~~Rule 41. A laboratory director shall serve the laboratory on either a full-time or on a regular part-time basis. If he serves on a regular part-time basis, he shall not serve as~~

~~laboratory director of more than three laboratories unless he provides an associate laboratory director to serve in each laboratory either on a full-time or regular part-time basis. Such an associate may not serve more than three laboratories. However, if a laboratory director serves more than three laboratories on a part-time basis and is unable to provide an associate director to serve in the additional laboratories he directs, the director of public health with the advice of the laboratory facilities council may make an exception to this rule if any additional laboratory can be operated comptetently and will best serve the public health.~~

~~R 325.2342 Laboratory directors and owners; responsibilities.~~
~~Rule 42. (1) Commensurate with the laboratory workload, a laboratory director shall spend an adequate amount of time in the laboratory to direct and supervise the technical performance of the staff and shall be readily available for personal and telephone consultation.~~
~~(2) If the laboratory director is to be continuously absent for more than one month, arrangements shall be made for a qualified substitute laboratory director.~~
~~(3) The laboratory owner is responsible for the proper performance of tests made in the laboratory in the employment in in-service training of qualified laboratory personnel. The owner may delegate all or part of these responsibilities to a laboratory director.~~

~~R 325.2343 Assistance to laboratory directors; qualifications.~~
~~Rule 43. (1) A laboratory may perform tests in disciplines in which the laboratory director or associate is not qualified or where the director serves in a part-time capacity, if a person designated as an assistant to the director has either of the following qualifications:~~
~~(a) He meets the educational requirements for laboratory director in the specialty he directs pursuant to R 325.2332 to R 325.2337 in has one-year of appropriate experience.~~
~~(b) He has a combination of seven years appropriate education, training, and experience and has achieved a satisfactory grade through an examination conducted under sponsorship of the department. An examination shall be taken in each specialty performed in the laboratory that is supervised by the assistant to the director. The examination shall be offered annually or oftener if in the opinion of the director of public health the need arises. Interim approval may be given by the director public health yet the laboratory meets other requirements and the assistant to the laboratory director has indicated his intent in writing to take the examination.~~
~~(2) A person who can demonstrate that he served as an assistant to the director for 12 months within three years before January 1, 1969, may be designated as an assistant to the director without examination if he is otherwise qualified.~~

~~R 325.2344 Assistance to laboratory directors: approval.~~
~~Rule 44. Get the requirements for assistant to laboratory director cannot be met, the director public health with the advice of the laboratory facilities council may approve the assistant to the laboratory director if the director of public health ascertains that the laboratory can be operated competently and will best serve the public health.~~

~~PART 5. LABORATORY OPERATIONS~~

~~R 325.2351 Specimen examinations.~~
~~Rule 51. (1) The laboratory may examine specimens at the request of a physician, dentist, or other person authorized by law to receive such results. a laboratory performing examinations in a community oriented screening program organized by governmental or recognized charitable organizations may examine specimens without such a request.~~
~~(2) The name of the laboratory actually performing the examinations shall be indicated on the report to the authorized person submitting the specimen. The address shall also be indicated for laboratories outside of this state.~~
~~(3) A laboratory owner or director shall not solicit either personally or through an agent referral of specimens to his or any other laboratory a manner which implies an offer of rebates to persons submitting specimens or other fee-splitting arrangements. A laboratory shall not enter into a contractual provision of laboratory services for a fixed fee, independent all of the number of specimens submitted.~~

~~R 325.2352 Specimen reports and records; identification contents.~~
~~Rule 52. A specimen received shall be numbered or otherwise appropriately identified any record or copy of the relevant report shall be kept as evidence of its receipt. The record shall contain the following:~~
~~(a) The laboratory number or other identification.~~
~~(b) The name and other identification of the person from whom the specimen was taken.~~
~~(c) The name of the licensed physician or other authorized person or laboratory who submitted the specimen.~~
~~(d) The date the specimen was received in the laboratory.~~
~~(e) The condition of an unsatisfactory specimen when received, such as broken, leaked, hemolyzed or turbid.~~
~~(f) The type of test performed.~~
~~(g) The results of the laboratory test; the name, initials, or other symbols identifying the examiner; and the date the test was completed and reported.~~

~~R 325.2353 Specimen reports; preservation and distribution.~~
~~Rule 53. (1) The original or duplicate report shall be preserved for at least one year and shall be accessible to the authorized individual inspecting the laboratory.~~
~~(2) The results of laboratory tests or procedures or copies thereof shall not be given or sent to the patient concerned, except with the written consent of the physician or other authorized person who requested the test.~~
~~(3) A laboratory receiving specimens for examination from another laboratory shall report to the submitting laboratory.~~
~~(4) An annual report giving the number of examinations and tests performed shall be submitted before license renewal. The report shall cover the twelve month period to be designated by the laboratory director.~~

~~R 325.2354 Personnel reports and records.~~
~~Rule 54. (1) The laboratory director shall submit lists of personnel with their technical qualifications. The director of public health shall be notified within 90 days of changes in technical personnel.~~
~~(2) Current personnel records shall be maintained either in the laboratory or personnel office. The records shall include a resume of the employee's training experience, including dates of previous concurrent employment.~~

~~R 325.2355 Facilities and equipment~~
~~Rule 55. (1) Laboratory location and facilities shall conform to local building safety and fire codes and ordinances.~~
~~(2) Space shall be adequate to perform services offered by the laboratory. Suggested standards for space and storage requirements may be recommended periodically by the director of public health.~~
~~(3) Sufficient storage space shall be provided so that it will not be necessary to store surplus supplies in working areas.~~
~~(4) Provision shall be made for sterilization of contaminated materials.~~
~~(5) Fire precautions shall be observed and unnecessary physical, chemical, and biological hazards shall be prohibited.~~
~~(6) Laboratory equipment shall be examined periodically to assure that it is precisely calibrated and is in good working order.~~

~~PART 6. PERFORMANCE EVALUATION AND QUALITY CONTROL PROCEDURES~~

~~R 325.2361 Performance evaluations.~~
~~Rule 61. (1) A review of quality control procedures, calibration of instruments, standardization of reagents, maintenance of records and safety precautions shall be made at the time of the on-site inspection survey by representative of the department.~~
~~(2) Test samples for analyses may be delivered by the department to the laboratory during an on-site inspection or by mail or common carrier.~~
~~(3) The laboratory shall examine the samples using its routine methods and personnel.~~
~~(4) Proficiency evaluation programs of recognized professional organizations such as the college of American pathologists and the American association of bioanalysts in the others approved by the director of public health, shall be excepted in lieu of state of valuation programs.~~
~~(5) Copies of reports all analyses made on test samples from these a valuation programs shall be sent to the director of public health. Analyses and reports of proficiency testing may be considered by the director of public health in making the finding under section 9 of the act.~~

~~R 325.2362 Quality control programs; general provisions.~~
~~Rule 62. (1) A laboratory shall maintain a quality control program adequate inappropriate for accuracy and reproducibility of the laboratory procedures and services.~~
~~(2) An acceptable quality control program shall include:~~
~~(a) Preventive maintenance.~~

~~(b) Periodic inspection or testing for proper operation of equipment and instruments.~~
~~(c) Evaluation of reagents and volumetric instruments.~~
~~(d) Surveillance or results.~~
~~(e) Aappropriate records.~~
~~(3) Facilities, equipment and instruments shall be adequate to perform the procedures for which licensing is granted under R 325.2322.~~
~~(4) Temperature controlled spaces and equipment, including water baths, incubators and refrigerators shall be checked each day of use to assure proper performance.~~
~~(5) Reagents and solutions shall be labeled to indicate identity, titer strength or concentration and a prepared.~~
~~(6) An adequate description of analytical methods used by the laboratory shall be available at all times to those performing procedures.~~
~~(7) The laboratory director shall review the procedures used at least biennially and initial end date the master copy.~~

~~R 325.2363 Clinical chemistry standards and controls.~~
~~Rule 63. (1) Standards for clinical chemistry procedure shall include the following:~~
~~(a) A clinical chemistry procedure shall include at least one solution unknown concentration in purity (standard) with each group of specimens analyzed.~~
~~(b) Standardization shall be performed not less than once each month for procedure is not amenable to subdivision (a). Standard curves shall be labeled as to instrument, wavelength, procedure and eight calibrated.~~
~~(2) Controls for clinical chemistry procedures shall include the following:~~
~~(a) The clinical chemistry procedure shall be subject to a valuation by seum, urine or other applicable control approximating the unknown composition at least once on each day of use.~~
~~(b) Control limits for such materials shall be established and recorded.~~

~~R 325.2364 Hematology procedures.~~
~~Rule 64. (1) A hematological procedure shall be subject to a control for evaluation at least once on each day of use where applicable.~~
~~(2) Where appropriate, records shall be available which documents the routine precision of each method.~~
~~(3) Differential smears shall be kept for least 30 days.~~

~~R 325.2365 Immunohematology procedures.~~
~~Rule 65. An immunohematological procedure shall conform to the standards approved by the director of public health.~~

~~R 325.2366. Bacteriology and mycology procedures.~~
~~Rule 66. (1) A sustaining procedure shall be checked at least weekly for intended reactivity by concurrent application to smears of microorganisms with predictable staining characteristics.~~
~~(2) A record shall be the procedures for preparation of media or sources of commercially prepared media.~~

~~(3) Chemical and biological solutions, reagents and antisera shall be checked periodically to ensure that they have not deteriorated and that they maintain their proper reactivity.~~

~~R 325.2367 Parasitology procedures.~~
~~Rule 67. (1) A stain shall be prepared in used according to recorded procedures.~~
~~(2) The specific gravity of a solution used for flotation or sedimentation shall be checked to ensure that meets required specifications.~~
~~(3) An illustrated reference source of identified parasites shall be available in the laboratory for comparison with diagnostic specimens.~~

~~R 325.2368 Serology procedures.~~
~~Rule 68. (1) Where applicable, a serologic procedure performed on unknown specimens shall simultaneously included a positive control serum of known titer to insure sensitivity and a negative control serum to insure specificity of antigen reactivity.~~
~~(2) Adequate controls for all test components, such as antigens, components or erythrocyte indicator systems, shall be employed to insure reactivity or uniform titer.~~
~~(3) The new lot of reagent shall be tested in parallel with one of acceptable reactivity before the new reagent is placed in routine use.~~
~~(4) Controls of graded reactivity shall be included each time tests are performed in order to detect variations in reactivity levels. Tests shall not be performed or results reported unless the predetermined reactivity pattern of the controls is obtainable.~~
~~(5) Serologic tests for syphilis shall be run with standards in controls which conform to veneral disease research laboratory, national communicable disease center recommendations.~~

~~R 325.2369 Cytology procedures.~~
~~Rule 69 (1) The laboratory director or his assistant laboratory director qualified in cytopathology shall review for proper staining and interpretation a random sample of each day's specimens.~~
~~(2) A smear suspected of being abnormal by a cytology technologists or cytotechnician Shelby reviewed in a report signed by a physician qualified in cytology.~~
~~(3) A smear shall be preserved for at least one year.~~

APPENDIX VI – PROVIDER DIRECTORY

In accordance with Public Act 63 of 2011, Article XII, Section 731. (1), the Bureau of Health System, LARA, is providing a supplemental 2012 Provider Directory listing all facilities and agencies either State licensed or federally certified in Michigan, including all acute care hospitals, home health agencies, hospices, hospice residences, psychiatric units in general hospitals, psychiatric hospitals, partial hospitalization psychiatric programs, outpatient surgical facilities, laboratories, end stage renal disease facilities, rural health clinics, substance abuse programs, long-term care facilities including nursing homes, hospital long-term care units, county medical care facilities, and radiation machines.

APPENDIX VII – PROVIDER SURVEY RESULTS

The Bureau of Health System, LARA, is providing a supplemental report detailing the provider responses to the stakeholder survey by individual provider type.

HEALTHCARE PROVIDER DIRECTORY
STATE LICENSED FACILITIES
VOLUME 1

January 2012

Prepared by:

Bureau of Health Systems
Michigan Department of Licensing and Regulatory Affairs

TABLE OF CONTENTS

REPORT AUTHORITY: PUBLIC ACT 63 of 2011, ARTICLE XII

Sec. 731. (1) The bureau of health systems shall prepare a report detailing the number of facilities, locations, and beds for each type of health facility licensed, certified, inspected, or otherwise regulated by the bureau. The report shall also include the bureau's cost to license, certify, inspect, or otherwise regulate each type of facility. The data required by this subsection shall be collected and reported on acute care hospitals, home health agencies, hospices, hospices residences, psychiatric units in general hospitals, psychiatric hospitals, partial hospitalization psychiatric programs, outpatient surgical facilities, laboratories, end stage renal disease facilities, rural health clinics, substance abuse programs, long-term care facilities including nursing homes, hospital long-term care units, county medical care facilities, and radiation machines.

(2) By February 1, the bureau of health systems shall work with interested stakeholders to recommend to the governor and the legislature a schedule of fees to be charged by the bureau for regulating health facilities. The fee schedule proposed by the bureau shall bear a direct relationship to the cost of the service or act, including overhead expenses. The report shall also recommend the necessary statutory and administrative rule changes necessary to implement the recommended fee schedule.

REPORT SUMMARY:

This Healthcare Provider Directory is issued by the Bureau of Health Systems, within the Michigan Department of Licensing and Regulatory Affairs (LARA), to fullfil part of its obligation under Section 731 (1) of Public Act 63 of 2011, Article XII. This two (2) volume report lists all State licensed and federally certified health facilties and providers in Michigan as of January 1, 2012. This report provides the facility/provider names, addresses, and licensed bed counts where applicable. Volume I lists all facilities/providers that require State licensing, and Volume II lists those facilities that do not require state licensing but have a federal certification option.

Health Facility/Provider Type	Total Providers	State License Required	Federal Certification Option
Acute Care Hospitals	175	**X**	**X**
Home Health Agencies	622	**N/A**	**X**
Hospices	131	**X**	**X**
Psychiatric Hospitals, Units, Programs	86	**X**	**X**
Freestanding Surgical Outpatient Facilities	120	**X**	**X**
Clinical Laboratories	7,659	**X**	**X**
ESRD Facilities	170	**N/A**	**X**
Rural Health Clinics	150	**N/A**	**X**
Substance Abuse Programs*	N/A	**N/A**	**N/A**
Long-term Care Facilities	440	**X**	**X**
Radiation Machines	10,063	**X**	**X**

* Substance abuse program licensing was transferred in 2011 to the Bureau of Health Professions, LARA.

Note (Provider Counts) : Other facility/provider types federally certified with Bureau oversight include Comprehensive Outpatient Rehab Facilities (15), Portable X-Ray Providers (11), and Outpatient Physical Therapy Providers (196).

SurveyMonkey

1. Please select the type of health facility/agency that best describes your organization's interest:

	Response Percent	Response Count
Hospital (includes acute, rehab, long-term-acute care)	14.4%	43
Psychiatric Hospital (exclude psychiatric units that are part of acute care hospital)	1.0%	3
Hospice Agency	2.3%	7
Hospice Residence	1.7%	5
Freestanding Surgical Outpatient Facility	9.4%	28
Nursing Home (includes county medical care facilities, hospital long-term-care units)	**71.2%**	**213**
Clinical Laboratory	0.0%	0
	answered question	**299**
	skipped question	**3**

2. Is your organization currently licensed by BHS?

	Response Percent	Response Count
Yes	**95.9%**	**282**
No	4.1%	12
	answered question	**294**
	skipped question	**8**

3. If no, is your organization currently applying for a license?

	Response Percent	Response Count
Yes	17.2%	5
No	**82.8%**	**24**
	answered question	**29**
	skipped question	**273**

4. If yes, how important is it to your organization to have a license issued within 90 days from application?

	Response Percent	Response Count
Extremely	**62.0%**	**127**
Important	31.2%	64
Not Important	6.8%	14
	answered question	**205**
	skipped question	**97**

5. How long has your health facility/agency been licensed?

	Response Percent	Response Count
Less than 2 years	2.4%	7
Between 2 to 5 years	5.2%	15
More than 5 years	**90.3%**	**260**
Not yet licensed	2.1%	6
	answered question	**288**
	skipped question	**14**

6. When was your health facility/agency last surveyed for state licensing purposes?

	Response Percent	Response Count
Less than 2 years ago	**81.0%**	**235**
Between 2 to 5 years ago	9.7%	28
More than 5 years ago	7.6%	22
Not yet licensed	1.7%	5
	answered question	**290**
	skipped question	**12**

7. New facility construction, by Code, involves a coordinated process of licensure and initial Medicare/Medicaid certification. How valuable/important is it to your organization to receive timely licensure approval, followed by a timely initial certification inspection on new facilities?

	Response Percent	Response Count
Very Important	**82.7%**	**243**
Important	12.9%	38
Not Important	4.4%	13
	answered question	**294**
	skipped question	**8**

8. The department is required to perform routine onsite inspections and complaint investigations to assure licensed health facilities/agencies are delivering care and services as required by law. These unannounced onsite reviews are also valuable learning opportunities for licensed providers to improve services and protect patients. How valuable/important is it to your organization that inspection reports of deficient practices are issued by the State within 10 business days after the conclusion of the inspection?

	Response Percent	Response Count
Very Important	**82.5%**	**249**
Important	15.2%	46
Not Important	2.3%	7
	answered question	**302**
	skipped question	**0**

9. Does your organization believe the department should conduct timely revisits after a deficient practice is cited and an organization's plan of correction is received while the facility is in penalty status?

	Response Percent	Response Count
Yes	**97.3%**	**293**
No	2.7%	8
	answered question	**301**
	skipped question	**1**

10. Does your organization believe the department should improve the timeliness and effectiveness of the state's licensing and inspection processes?

	Response Percent	Response Count
Yes	**85.2%**	**253**
No	14.8%	44
	answered question	**297**
	skipped question	**5**

11. Does your organization believe that patient care and treatment generally are better when periodic unannounced regulatory inspections are performed?

	Response Percent	Response Count
Yes	35.4%	105
No	**64.6%**	**192**
	answered question	**297**
	skipped question	**5**

12. Does your organization believe that BHS should be positioned to respond timely to citizen complaints regarding care and treatment received in licensed health facilities?

	Response Percent	Response Count
Yes	**91.6%**	**274**
No	8.4%	25
	answered question	**299**
	skipped question	**3**

13. MCL 333.20161(9) states, “The cost of licensure activities shall be supported by license fees.” Does your organization agree that the licensed health facilities fee structure should support the cost of inspection activity?

	Response Percent	Response Count
Yes	48.6%	144
No	**51.4%**	**152**
	answered question	**296**
	skipped question	**6**

14. Is your organization supportive of a reasonable fee increase to replace State General Fund support and improve the effectiveness of the licensing and survey processes in Michigan?

	Response Percent	Response Count
Yes	37.0%	110
No	**63.0%**	**187**
	answered question	**297**
	skipped question	**5**

15. Would your organization actively oppose a reasonable fee increase to replace State General Fund support and improve the effectiveness of the licensing and survey processes in Michigan?

	Response Percent	Response Count
Yes	44.5%	130
No	**55.5%**	**162**
	answered question	**292**
	skipped question	**10**

16. If the legislature were to pass a license fee increase, would your organization prefer that the resulting funds generated from that fee increase be restricted to use only to support and improve the licensing and survey processes?

	Response Percent	Response Count
Yes	**91.2%**	**269**
No	8.8%	26
	answered question	**295**

6. When was your health facility/agency last surveyed for state licensing purposes?

	Please select the type of health facility/agency that best describes your organization's interest:	
	Hospital (includes acute, rehab, long-term-acute care)	**Response Totals**
Less than 2 years ago	**39.5% (17)**	**39.5% (17)**
Between 2 to 5 years ago	34.9% (15)	34.9% (15)
More than 5 years ago	23.3% (10)	23.3% (10)
Not yet licensed	2.3% (1)	2.3% (1)
answered question	43	**43**
	skipped question	**0**

7. New facility construction, by Code, involves a coordinated process of licensure and initial Medicare/Medicaid certification. How valuable/important is it to your organization to receive timely licensure approval, followed by a timely initial certification inspection on new facilities?

	Please select the type of health facility/agency that best describes your organization's interest:	
	Hospital (includes acute, rehab, long-term-acute care)	**Response Totals**
Very Important	**83.7% (36)**	**83.7% (36)**
Important	14.0% (6)	14.0% (6)
Not Important	2.3% (1)	2.3% (1)
answered question	43	**43**
	skipped question	**0**

8. The department is required to perform routine onsite inspections and complaint investigations to assure licensed health facilities/agencies are delivering care and services as required by law. These unannounced onsite reviews are also valuable learning opportunities for licensed providers to improve services and protect patients. How valuable/important is it to your organization that inspection reports of deficient practices are issued by the State within 10 business days after the conclusion of the inspection?

	Please select the type of health facility/agency that best describes your organization's interest:	
	Hospital (includes acute, rehab, long-term-acute care)	**Response Totals**
Very Important	**65.1% (28)**	**65.1% (28)**
Important	27.9% (12)	27.9% (12)
Not Important	7.0% (3)	7.0% (3)
answered question	43	**43**
	skipped question	**0**

9. Does your organization believe the department should conduct timely revisits after a deficient practice is cited and an organization's plan of correction is received while the facility is in penalty status?

	Please select the type of health facility/agency that best describes your organization's interest:	
	Hospital (includes acute, rehab, long-term-acute care)	**Response Totals**
Yes	**90.7% (39)**	**90.7% (39)**
No	9.3% (4)	9.3% (4)
answered question	43	**43**
	skipped question	**0**

10. Does your organization believe the department should improve the timeliness and effectiveness of the state's licensing and inspection processes?

	Please select the type of health facility/agency that best describes your organization's interest:	
	Hospital (includes acute, rehab, long-term-acute care)	**Response Totals**
Yes	**65.0% (26)**	**65.0% (26)**
No	35.0% (14)	35.0% (14)
answered question	40	**40**
	skipped question	**3**

11. Does your organization believe that patient care and treatment generally are better when periodic unannounced regulatory inspections are performed?

	Please select the type of health facility/agency that best describes your organization's interest:	
	Hospital (includes acute, rehab, long-term-acute care)	**Response Totals**
Yes	**55.8% (24)**	**55.8% (24)**
No	44.2% (19)	44.2% (19)
answered question	43	**43**
	skipped question	**0**

12. Does your organization believe that BHS should be positioned to respond timely to citizen complaints regarding care and treatment received in licensed health facilities?

	Please select the type of health facility/agency that best describes your organization's interest:	
	Hospital (includes acute, rehab, long-term-acute care)	**Response Totals**
Yes	**90.5% (38)**	**90.5% (38)**
No	9.5% (4)	9.5% (4)
answered question	42	**42**
	skipped question	**1**

13. MCL 333.20161(9) states, “The cost of licensure activities shall be supported by license fees.” Does your organization agree that the licensed health facilities fee structure should support the cost of inspection activity?

	Please select the type of health facility/agency that best describes your organization’s interest:	
	Hospital (includes acute, rehab, long-term-acute care)	**Response Totals**
Yes	**74.4% (32)**	**74.4% (32)**
No	25.6% (11)	25.6% (11)
answered question	43	**43**
	skipped question	**0**

14. Is your organization supportive of a reasonable fee increase to replace State General Fund support and improve the effectiveness of the licensing and survey processes in Michigan?

	Please select the type of health facility/agency that best describes your organization’s interest:	
	Hospital (includes acute, rehab, long-term-acute care)	**Response Totals**
Yes	**52.4% (22)**	**52.4% (22)**
No	47.6% (20)	47.6% (20)
answered question	42	**42**
	skipped question	**1**

15. Would your organization actively oppose a reasonable fee increase to replace State General Fund support and improve the effectiveness of the licensing and survey processes in Michigan?

	Please select the type of health facility/agency that best describes your organization's interest:	
	Hospital (includes acute, rehab, long-term-acute care)	**Response Totals**
