Subject: Docket 15-AP-03

To Whom It May Concern,

I know I am one of many that oppose this annexation 15-AP-03. However, I wonder if you have given any consideration to the heavy traffic we already have to endure on Baldwin Rd. Our mailboxes were allowed to be moved to our own west side of the road because of the heavy traffic. It is already hard now to get out of our drives. With the businesses already on Baldwin Rd. to the north and now the possibility of businesses to the south we will REALLY have a problem being able to get out of our drives. Let alone the fact, that there are already some who feel this is a 55-80 mph thoroughfare.

Having an impaired child like a few on this road makes my concern of the heavy traffic even greater. I moved here because it was a quiet road yet close to Lapeer. Then businesses started going in to the north of me. Traffic began to increase, then more businesses, more traffic and then trash on our front lawns.

PLEASE, DO NOT ALLOW THIS ANNEXATION TO HAPPEN.

Please, visualize what this added traffic is going to do our neighborhood; with the added noise, trash, damage to our roads, and the eyesore of having commercial buildings in our RESIDENTIAL area. What will all of that do to our property value?

I hope you take these points into consideration before making your decision. Thank you for your consideration.
