Subject: Docket # 15-AP-03

I missed the Feb 10, 2016 public hearing on taking 7 parcels of Land from Lapeer township and anexing it to Lapeer City. I was not informed about this meeting until afer the fact and ~~not by~~ I am opposed to this change for These reasons:

1. Visual impact of having comercial property in our frontyards.
2. Resulting in Lower property values.
3. An increase of traffic on our residential Street.
4. Rain + Water run off onto adjacent properties from large parking Lots.
5. increased noise + Light polution to our Neighborhood
6. increased Loose trash on the properties.

So yes I'm opposed to this annexation of Docket # 15-AP-03.

Respectfully,
Julie Heisler - Concerned Neighbor
