To State Boundary Commission,

This letter is pertaing to Docket No. 15-AP-03

This is about the Annexation of land from Lapeer Township to the City of Lapeer. Our property butts up to this land. We do not want commerical businesses, parking lots and lots of traffic in our backyard. We are concerned about what this will do to our valueation of our house.

We are not selling and do not want this to go through.
