Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-1979-09, to Riverside Energy Michigan, LLC located at Terra Energy Ltd 2-19 & 3-18, Kopera 1-7, Nothstine 1-18, 2-18 & 5-19, Kresnak 4-18, Vanderweise 3-19 & Smith 4-19 Sections 7, 18 & 19, in the Township of Mancelona, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$69,833**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$69,833**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-2984, to Riverside Energy Michigan, LLC located at St. Elmer C1-11 SWD, 4-10, 8-10, 10-10, 12-10, 16-10, 11-11, 13-11, 10-13, 12-13, 3-14, 8-14, 15-14, 1-23 & 11-14 Sections 10, 11, 13, 14 & 23 , in the Township of Elmer, Oscoda County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$329,020**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$329,020**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-3103-09, to Riverside Energy Michigan, LLC located at Doser 12-17 SW NW SW, Hoard 7-30 SW SW NE, Montgomery 4-30 NE NW NW & Philburn 6-20 NE SE NW Sections 17, 20 & 30, in the Township of Briley, Montmorency County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$36,079**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$36,079**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-3143-09, to Riverside Energy Michigan, LLC located at Adamczyk 16-16 & 9-16, ST. HILLMAN 11-20, 3-21, 7-21, 14-21, 14-20, 7-20, 6-20, 10-20, 12-21, 13-21, 1-22, 2-22, 15-22, 1-21, 13-22, Etc., in the Township of Hillman, Montmorency County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$473,009**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$473,009**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-3260, to Riverside Energy Michigan, LLC located at Secs 6, 18 T29N-R3E, in the Township of Loud, Montmorency County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$59,029**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$59,029**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-3585, to Riverside Energy Michigan, LLC located at Montgomery 3-30 NE NE NW Section 30, in the Township of Briley, Montmorency County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$12,685**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$12,685**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-4139, to Riverside Energy Michigan, LLC located at St. Chestonia & Variot Trust A3-30 Section 30, in the Township of Chestonia, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$37,505**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$37,505**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-4146, to Riverside Energy Michigan, LLC located at Dewey D2-3, Reiley Trust D2-4, A2-9, A4-9, C3-9, C4-8 & D4-8, Reiley C1-9, Robbins D3-10, Stewart B2-4, Van Wagoner D3-5, Shaw B3-10 & St. Kearney B3-36 Sections 3, 4, 5, 8, 9, 10 & 36, in the Township of Kearney, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$686,946**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$686,946**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-4308, to Riverside Energy Michigan, LLC located at Sec. 23, T28N-R8W, in the Township of Clearwater, Kalkaska County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$42,248**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$42,248**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-4316, to Riverside Energy Michigan, LLC located at Sec. 8,25,36, T30N-R7W, T-30N-R6W, in the Township of Kearney, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$421,977**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$421,977**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-4747, to Riverside Energy Michigan, LLC located at Melling 1-22 SWD NE NE NE Section 22, in the Township of Corwith, Otsego County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$145,364**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$145,364**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-4754, to Riverside Energy Michigan, LLC located at Wells A2-26 SW NE NW Section 26, in the Township of Hillman, Montmorency County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$26,457**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$26,457**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-4905, to Riverside Energy Michigan, LLC located at St. Corwith & Pederson C1-3, St. Corwith & O'rourke B2-22, St. Corwith & Siwecki A2-24 & Gendich & Rogell D2-13, D3-13 & D4-13 Sections 3, 13, 22 & 24, in the Township of Corwith, Otsego County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$392,158**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$392,158**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$115,958**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$115,958**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-4999, to Riverside Energy Michigan, LLC located at Sec 13,14,21 T28N R9W , in the Township of Clearwater, Kalkaska County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$185,065**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$185,065**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5006, to Riverside Energy Michigan, LLC located at Spitza 6-23 SWD SW SE NW Section 23, in the Township of Helena, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$170,096**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$170,096**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5015, to Riverside Energy Michigan, LLC located at Kerecz D1-24 NE SW SW, Betzel & Harvey C4-24 NW NE SE, Betzel D2-24 SE SE SW & Sullivan Trust D1-1 NW SW SW Sections 1 & 24, in the Township of Rust, Montmorency County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$167,461**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$167,461**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5171, to Riverside Energy Michigan, LLC located at Porter Mineral Trust A2-19 SE NE NW Section 19, in the Township of Chestonia, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$609**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$609**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5178, to Riverside Energy Michigan, LLC located at Provins 6-23 SWD SE SE NW Section 23, in the Township of Elmira, Otsego County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$211,905**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$211,905**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5186, to Riverside Energy Michigan, LLC located at Betzel & Harvey C4-24, Betzel D2-24, Sullivan Trust D1-1, St. Rust & Crawford B2-5, Merker Et Al B1-4, Fuller Et Al A2-4, Ferstle D4-5, St. Rust & Crawford A2-5 & Armstrong C3-9 Sections 1, 4, 5, 9 & 24, in the Township of Rust, Montmorency County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$418,195**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$418,195**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5286, to Riverside Energy Michigan, LLC located at St. Rapid River & Staley B4-18, St. Rapid River D4-18 & B2-19, Metcalf Et Al A2-10, Homestake & Simpson D1-3 & B1-3 & Jones B2-5 Sections 3, 5, 10, 18 & 19, in the Township of Rapid River, Kalkaska County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$114,433**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$114,433**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5294, to Riverside Energy Michigan, LLC located at Patton 6-10 SWD SE SE NW Section 10, in the Township of Forest Home, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$244,545**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$244,545**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5301, to Riverside Energy Michigan, LLC located at St. Chestonia Et Al D4-21 HD SE SW SE & St. Chestonia A1-28 NW NW NW Sections 20 & 28, in the Township of Chestonia, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$59,798**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$59,798**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5309, to Riverside Energy Michigan, LLC located at St. Albert B4-6 SW SE NE Section 6, in the Township of Albert, Montmorency County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$31,463**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$31,463**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5402, to Riverside Energy Michigan, LLC located at Williams D1-20 NW SW NE, St. Chestonia Et Al A2-21 HD SE SW NE, Porter Mineral Trust D2-19 SW SE SW & Coan Et Al A4-32 HD NW NE SE Sections 19, 20, 25 & 32, in the Township of Chestonia, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$107,610**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$107,610**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5409, to Riverside Energy Michigan, LLC located at Oberpeul B1-11, A3-10, B4-10 & C4-10, Austin A1-11, D4-3, B3-4 & A3-11, Watrous A4-9 & C3-4, Etc., in the Township of Forest Home, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$580,169**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$580,169**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5417, to Riverside Energy Michigan, LLC located at St. Loud C3-7 NW NW SE, St. Loud A1-18 NW NW NW & St. Loud A3-7 SE NW NE Sections 7 & 18, in the Township of Loud, Montmorency County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$91,052**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$91,052**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$712,873**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$712,873**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5550, to Riverside Energy Michigan, LLC located at Williams D1-20 NW SW SW, St. Chestonia C2-21 HD SE SW SE & St. Kearney A4-25 HD SE NW NE Sections 20 & 30, in the Township of Chestonia, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$105,410**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$105,410**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5557, to Riverside Energy Michigan, LLC located at Austin B1-3 & A3-11, Rowe D3-9 & D1-9, Hupp D2-4, Edwards C3-14, Simpkins D4-16, Watrous B1-15, Moyer D4-11 & C2-11, Thomnas A4-11, Jarvis C4-11, Mills D2-11 & B4-14, Murray C1-24 & B1-24, Gdo Investments A4-23, Sheneman A1-35 & Trumble A1-35 Sections 3, 4, 9, 11, 14, 15, 16, 23, 24, 34 & 35, in the Township of Forest Home, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$524,213**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$524,213**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5564, to Riverside Energy Michigan, LLC located at Prusakiewicz C2-6 NE NE SW Section 6, in the Township of Livingston, Otsego County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$48,710**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$48,710**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5571, to Riverside Energy Michigan, LLC located at St. Warner C2-1, A2-12, A1-1, A2-1, A4-1, D4-1, C3-1, C2-3, C4-3, D2-21 HD, B1-21 HD, B4-17 HD, C1-16 HD, B1-28 HD & D1-16 HD, Korthase B1-8, Kucharek D4-14, Puroll C4-15 & C4-22, Kolasa A3-28 & Biehl C1-27 Sections 1, 3, 12, 14, 15, 16, 22, 27 & 28, in the Township of Warner, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$383,598**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$383,598**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Traverse City, MI 49684

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5668, to Riverside Energy Michigan, LLC located at Norther Lakes Petroleum 2-31 SWD NE NW NE Section 31, in the Township of Chestonia, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$11,495**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$11,495**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5675, to Riverside Energy Michigan, LLC located at Frontier C3-25 SW NW SE Section 25, in the Township of Hudson, Charlevoix County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$1,010**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$1,010**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5811, to Riverside Energy Michigan, LLC located at Saddler A3-33, Seguin & Werth B1-34, Saddler B2-33, Seguin & Werth B4-33, Pine Valley Inc C1-33, Seguin & Werth C4-33, Seguin & Werth D1-34, Seguin & Werth D3-33, Errigo D1-29 & Davis C2-29 T28n-R7e, in the Township of Alcona, Alcona County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$55,588**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$55,588**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5817, to Riverside Energy Michigan, LLC located at Gebhard B3-19, St. Echo & Wilson D3-20, Scott C4-19, St. Echo & Wilson D4-20, Olds B1-19, Davis B2-19 & St. Echo & Porter Mineral B2-20 of Sections 19 & 20 T31n-R7w, in the Township of Echo, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$10,053**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$10,053**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5824, to Riverside Energy Michigan, LLC located at St. Mancelona 1-28-HD NW 1/4 of NE 1/4 of NW 1/4 of Section 28 T29N-R5W, in the Township of Mancelona, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$52,102**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$52,102**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Sincerely,

Heather S. Frick, Executive Director

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-5917, to Riverside Energy Michigan, LLC located at Ricksgers A1-33 SW NW NW Section 33, in the Township of Custer, Antrim County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$5,899**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$5,899**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$34,049**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

Dear Sir/Madam:

Pursuant to the requirements of Public Act 451 of 1994, Part 37, as amended, the State Tax Commission (Commission) has issued an amended water pollution tax exemption certificate, numbered 2-6286, to Riverside Energy Michigan, LLC located at St. Hillman B3-21 SWD SW, SW, NE Section 21, in the Township of Hillman, Montmorency County. This certificate was issued at the August 23, 2016 meeting of the Commission and the amount approved for exemption is **$17,699**.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$17,699**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.

As required by Section 3702(2) of the Act, the exemption amount must annually be reduced by the gross annual commercial or productive value derived from any materials captured by the exempted facility. The current year's gross annual commercial or productive value recovered by this facility, as reported by your application, is **$0**. Therefore, the net exemption for the current year for this facility is **$2,075**. As this gross annual commercial or productive value may change yearly, the value must be reported to the assessor on an annual basis to correctly reduce the exemption.

The applicant and local assessor have 60 days from the date of this letter to appeal the decision to the Circuit Court. If the application costs were based on estimated figures, the applicant must file final costs figures with our office within 90 days after completion of the project. If you have any questions, please contact the Property Services Division at (517) 373-2408.
