
The school district boundaries displayed on this map were created as a result of a boundary project that was geared towards the 2000 and 2001 school year. The Michigan Department of Education (MDE), the Michigan Center for Geographic Information (MCGI), and the U.S. Census Bureau, in conjunction with each school district and intermediate school district (ISD) in the state, participated in the project. Districts in which no final statutory or voluntary joint all the school districts displayed may or may not have participated.

Information provided is accurate to the best of our knowledge and contains footnotes on a regular basis. Information is subject to change and may not be current and accurate information. We do not warrant the information to be authoritative, complete, factual, or timely. Information represented as an "actual" and an "approximate" boundary. The State of Michigan, its agencies, officers, employees, or agents shall not be liable for any claim, loss, or damage resulting from the use and application of any of the contents of this map.

Please feel free to contact CGI with questions regarding the boundary mapping process. However, it should be noted that school districts and CGI are not authorities on what constitutes a school district boundary. If you believe that there may be an error in a boundary, please contact the affected school districts and ISDs to clarify and possible constituent. CGI will welcome the opportunity to incorporate authorized boundary changes into our map information when received.

Allendale Public SD
