
The school district boundaries displayed on this map were created as a result of a boundary project that was jointly funded during April 2004 - October 2004 by the Michigan Education Alliance (MEA), the Michigan Center for Geographic Information (CGI), and the U.S. Census Bureau, in cooperation with each school district and intermediate school district (ISD) that participated in the project. Data that is similar to the statistics we voluntarily post at the school district displayed on this map may not have been adopted.

Information provided is accurate to the best of our knowledge and contained in shapes on a regular basis. Data is provided "as is" and "as available". We do not warrant the information to be authoritative, complete, factual, or timely. Information represented on an "actual" and an "approximate" basis. The State of Michigan, its agencies, officers, employees, or agents are not liable for any damage incurred as a consequence of using, or any loss resulting from the use and application of any of the contents of this map.

Please feel free to contact CGI with questions regarding the boundary mapping process. However, it should be noted that we do not have the authority to resolve boundary issues. Please contact your local school district and ISD to resolve any boundary issues. If you believe that there may be an error in a boundary, please contact the affected school districts and ISD(s). In distribution and possible resolution, CGI will welcome the opportunity to incorporate authorized boundary changes into our map information when received.
