“Monthly Cost Per Medicaid Participant”

What is the current per member/ per month (pmpm) costs for Medicaid-enrolled, non-disabled adults ages 18-64?

Data obtained from Richard Miles, Director of the Actuarial Division within Medicaid:

The average pmpm cost for TANF (Temporary Assistance to Needy Families) age 21 and older in Medicaid Health Plans (does not include fee for service) is \$213.52.

As a point of reference:

Rate for TANF males ages 15-20 is \$98.13 pmpm.

Rate for TANF women ages 15-20 is \$66.73 pmpm.

Given that Medicaid rate cells do not directly parallel the age ranges requested, this is the closest range provided.
