DIRECTOR

May 9, 2013

FINAL DETERMINATION OF DEPARTMENT

In accordance with the Michigan Medical Marihuana Act (Initiated Law 1 of 2008) and 2009 AACS, R333.131, a petition was filed with the Department of Licensing and Regulatory Affairs to consider adding Parkinson's Disease as a qualifying disease or medical condition to the list of debilitating medical conditions under 2009 AACS, R 333.101.

After discussion and public hearing, on April 5, 2013, the Medical Marihuana Review Panel voted 5-2 to recommend that Parkinson's disease be added to the list of debilitating conditions. The panel was comprised of 13 members. Pursuant to 2009 AACS, R 333.131(4), "a quorum of the review panel shall concur with the recommendation in order to be considered an official recommendation of the panel. For the purposes of this subrule, a majority of the members appointed and serving on the review panel constitutes a quorum."

For the reason that a quorum of the review panel did not concur in the recommendation, the petition to add Parkinson's Disease to the list of debilitating conditions is denied.

Steve Arwood, Director
Department of Licensing and Regulatory Affairs
