elringklinger

June 1, 2005

To Whom It May Concern:

ElringKlinger Sealing Systems (USA), Inc., located in Livonia, Michigan, is shifting its heat shield production to Mexico. Seventeen workers will be affected by the plant closing. The first production line was disassembled and shipped to Mexico on 5/13/05. ElringKlinger plans to disassemble and ship the second production line on 6/6/05. ElringKlinger plans to disassemble and ship the third production line on 7/7/05. ElringKlinger anticipates a complete plant closing date of 9/1/05. The employees affected by the plant closing are not a group of workers that are separately identifiable.

Please contact me if you have any questions.
