OIL AND GAS LEASE AUCTION GUIDELINES

Please note, additions or deletions in this auction catalog may occur as a result of public noticing, action taken by the Director of the Department of Natural Resources (DNR), or title conflicts. Any and all terms and conditions of offering are subject to change due to public noticing of the parcels or action taken by the Director of the DNR. The DNR reserves the right to reject any and all bids.

REGISTRATION OF BIDDERS: Begins at 8:00 a.m. and continues throughout the auction. Bids may be submitted by individuals of legal age; a partnership; corporation; or other legal entity qualified to do business in Michigan. Prospective bidders will be required to submit valid government-issued photo identification (ID) which may be retained by the DNR staff until bidder cards are returned and all successful bids are paid in full. In addition, if the bidder is not on the authorized bidder list, they will be required to submit a security deposit in order to register. The security deposit must be a cashier's check or money order in the amount of $5,000 made payable to "State of Michigan." The security deposit will be returned to the registered bidder after their bidder card is returned and all successful bids are paid in full. Prospective bidders may contact **Ms. Kimberly Venne,** at **517-284-5912** or **vennek@michigan.gov, prior to the auction** to confirm they are on the authorized bidder list. (In order to be placed on the authorized bidder list the individual must have been a successful bidder at a previous State of Michigan (State) Oil and Gas Lease Auction; not have an outstanding balance owed; and not be on the DNR Hold Action List.) **Bidders are legally and financially responsible for any successful bids. Failure to pay for a successful bid is considered intent to defraud and the bidder may be subject to prosecution.**

QUALIFIED BIDDERS: An individual of age of majority or a partnership, corporation, or other legal entity qualified to do business in the State may register to bid. Successful bidders may be required to submit the following information:

- If an individual, proof of attainment of legal age.
- If a co-partnership, a certified copy of registration or a sworn statement signed by one partner setting forth the names and addresses of all partners and the articles of partnership.
- If a corporation or other legal entity, copies of the incorporation papers showing qualifications to do business in the State. Papers may be obtained from the Michigan Department of Licensing and Regulatory Affairs, Corporations Division, P.O. Box 30054, Lansing, Michigan 48909; 517-241-6470; or http://www.michigan.gov/lara.

OFFERING OF LEASE RIGHTS: Begins at 9:00 a.m. and will continue until all descriptions have been offered.

The starting minimum bid for each auction offer is **$10 per acre** and is based on the "Bid Acres" specified. Additionally, at the auction's end and at the option of the DNR, parcels for which no bids are received at $10 per acre may be re-offered at a minimum bid of **$2 per acre**.

The State's equity in the parcel being offered is indicated by a "Sur" (State's percentage of surface equity) or a "Min" (State's percentage of mineral equity).

There is no limit on the number of auction offerings that may be bid on by any party. Each auction offer will constitute a separate lease. All bids and issuance of leases are subject to approval by the DNR and the State Administrative Board.

TAX-REVERTED PARCELS: Parcels that are preceded with an asterisk (*) were acquired via tax reversion on or after April 1, 1976. The DNR no longer requires Attorney Title Opinions.

OIL AND GAS LEASE BASIC TERMS

Any operations under the lease shall be subject to all applicable federal and State laws and rules now or hereafter in force.

TERM OF LEASE: Five years and as long thereafter as oil or gas are produced in paying quantities. A State lease form (rules and policy governing the leasing of State lands for oil and gas) may be obtained upon request.

BONUS: A payment by the buyer to the Lessor at the time of sale as part of the consideration for acquisition of an oil and gas lease. The full amount of the bonus bid shall be paid on the same date on which the lease rights are bid.

Bidders who have an established credit rating with the DNR through prior leasing activity may pay the total bid by personal or company check. Bidders who do not have an established credit rating with the DNR through prior leasing of State-owned minerals shall pay not less than one-half of the total bonus bid in cash, certified check, or money order. The balance may be paid by company or personal check. All remittances shall be made payable to “State of Michigan.” Bidders may establish a credit rating by filing three references acceptable to the DNR (address shown below), one of which shall be a bank or other financial institution. Other references may be in the form of a letter from a credit bureau; a firm with whom you have done business; a person, firm, or corporation engaged in the oil and gas business; or another financial institution. **NOTE:** In no instance will the DNR accept “sight drafts,” even if noted as a "zero-day sight draft."

BOND: The successful bidders must be prepared to file a blanket oil and gas lease performance bond with Minerals Management in accordance with the following bond schedule:

Amount of Bond	Maximum Acres
$10,000	0-5,000
$25,000	5,001-10,000
$50,000	10,001-unlimited

RENTAL: Rental of $2 per acre per year, beginning the first year of the lease, provided that the minimum annual rental for any lease shall be $5. The first year’s rental payment shall be due on the same date on which the lease rights are bid. In addition, successful bidders will have the option to pay rentals for additional year(s) up to the entire five-year primary term. This option may be used for any or all of the leases bid at this auction.

ABATEMENT: Each producing oil or gas well abates rental on the leased premises within the established producing unit.

ROYALTY: The production royalty rate is one-sixth, unless otherwise indicated. The shut-in royalty rate is based on the lease language.

RELEASES: Lessees may surrender a lease or any part thereof, at any time, providing all prior lease obligations have been fulfilled. Releases must be filed, as provided in the lease, with Minerals Management (address shown below).

DEVELOPMENT LEASES

The lease is not in itself an authorization to drill. Issuance of drilling permits for specific locations is subject to separate application and approval by the Supervisor of Wells, Department of Environmental Quality, pursuant to Part 615 of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

IN LEASES ON LANDS IN WHICH THE STATE OWNS MINERAL RIGHTS ONLY - SURFACE RIGHTS PRIVATELY OWNED, THE FOLLOWING PROVISIONS WILL APPLY:

- The Lessee shall pay or agree upon payment to the surface owner or any person holding under the owner, for all damages or losses (including any loss of the use of all or part of the surface) caused directly or indirectly by operations hereunder, whether to growing crops or buildings, to any person or property, or to other operations.

- Before a drilling permit application is submitted to the Supervisor of Wells relating to land in which the State owns mineral rights only, and as described in this lease, written proof shall be submitted to the Lessor that notification to enter the land has been provided to the surface owner, and that either voluntary agreement or stipulated settlement relative to surface use and damages has been reached between the Lessee, or the Lessee's authorized agent, and the surface owner.

- When a mutually satisfactory agreement relative to surface use and damages cannot be reached, either party can inform the Lessor, in writing, that a dispute exists and the Lessor will grant a negotiation period of 30 calendar days in which no drilling or development operations may be conducted by the Lessee. This time period is to allow for the resolution of the dispute. If, at the end of this period, proof of the agreement is not submitted in writing to the Lessor, drilling and development operations will not be prohibited by the Lessor and resolution of the dispute rests solely with the Lessee and the surface owner, independent of the Lessor. It is the sole responsibility of the Lessee to ensure that said 30-day negotiation period is completed 30 days prior to the expiration of the primary term or any extensions of this lease.

NONDEVELOPMENT LEASES (AUCTION OFFER NUMBER PRECEDED BY "N")

FOR LEASES ISSUED ON PARCELS CLASSIFIED AS NONDEVELOPMENT, THE FOLLOWING PROVISIONS WILL APPLY:

- All other provisions of this lease notwithstanding, it is understood that no drilling or development work shall be conducted on the surface of the land described in this lease without reclassification or the specific authorization of the Lessor. Reclassification or such authorization for this lease, or any portion of the lands contained herein, will be granted at the sole discretion of the Lessor.

- Drilling, if authorized, shall be limited to the number of wells necessary to prevent drainage from said State minerals.

- No operations shall be conducted until written instructions for the proper protection of any and all natural resource interests or surface values are issued by the Lessor.
