MICHIGAN SAFE ROUTES TO SCHOOL

2020

ACCOMPLISHMENTS

Provided $452,545 in mini grants for programming at **59 schools** to educate and encourage students to walk and bike to school safely.

34 schools across **7 communities** received **$7,584,718** in major grant funds for sidewalks, pathways, signals, signage, and programming.

Promoted Walk and Wheel Wednesdays throughout May and October as an alternative for Walk to School Day and Bike to School Day. Encouraged students to walk and bike, even when learning virtually.

In 2020, the Safe Routes National Partnership ranked Michigan 10th in the nation for its commitment to support and promote walking, biking, and physical activity for children and adults.

Supported schools and communities across Michigan impacted by the pandemic with specialized planning and programming.
