The Michigan State Police, Emergency Management and Homeland Security Division (MSP/EMHSD) has completed the new MSP/EMHSD Publication 107, "Michigan Disaster Logistics and Donations Management Plan" (pictured above). The plan has been posted on the MSP/EMHSD web site (www.michigan.gov/emhsd) under "Grants, Programs & Publications," in the "Response" table.

This new plan combines the previously-separate "Michigan Disaster Donations Management Plan" (formerly MSP/EMHSD Publication 107) and "Michigan Disaster Logistics Management Plan" (formerly MSP/EMHSD Publication 108) into a single document, in recognition of the many organizational and operational commonalities that exist between the two disaster functions. The new plan incorporates many "lessons learned" from the State's 2005 Hurricane Katrina donations management operation; fully utilizes the logistics and donations management capabilities of the Michigan Critical Incident Management System (MI CIMS); prescribes volunteer management systems that can be put in place at the state and local levels; and aligns state-level operations with the suggested local counterpart systems described in MSP/EMHSD Publication 107a, "Local Disaster Logistics and Donations Management Planning Handbook" and its companion plan development template, which were web-posted in October 2012. (See note in green box below.)

The new plan is consistent and compatible with the disaster logistics and donations management elements of the National Response Framework (NRF) and National Incident Management System (NIMS); supports logistics and donations management recommendations provided by the Federal Emergency Management Agency (FEMA) and U.S. Army Corps of Engineers (USACE); and meets current disaster logistics and disaster donations management Standards under the Emergency Management Accreditation Program (EMAP).

Questions about the plan should be directed to F/Lt. Michael Johnson, MSP/EMHSD State and Local Support Section Manager, at (517) 333-5048, or by e-mail at JohnsonM45@michigan.gov. Be advised that the plan will not be distributed via hardcopy or on CD.

Background Note: In October 2012, the MSP/EMHSD posted MSP/EMHSD Publication 107a, "Local Disaster Logistics and Donations Management Planning Handbook" (pictured at left below) and its companion plan development template (pictured at right below) on the MSP/EMHSD web site (www.michigan.gov/emhsd), also under "Grants, Programs & Publications," in the "Response" table. These two documents are the local counterparts to the state-level plan described above.
