DESCRIPTION OF WORK

The state of Michigan intends to renovate the fire damaged laundry facility @ Parnell Correctional Facility. This renovation includes repair and replacement of fire damaged systems within the existing facility. It is the intent of this project to return the laundry facility to the condition it was in prior to the fire damage. Along with the renovation and directly adjacent to the laundry, The State intends to construct a new Warehousing Facility that will be run by MSI. This new facility includes a pre-manufactured building with interior partitions and functions along with mechanical, electrical and fire protection systems. Outside the building will be developed with paving, fencing, landscaping and utility tie-ins.
