- 1980 General Election -
Ballot Question Committees

The attached sheets show the total amount Ballot Question Committees expended to support and oppose proposals A, B, C, D and E through November 24, 1980 as reported on their Campaign Statements.

- . Expenditures by Ballot Question Committees that transfer funds to other Ballot Question Committees are not included in the totals.
- . In-kind contributions, in-kind expenditures, and outstanding debts are included in the expenditure totals.
- . Loans and loan repayments are not counted as expenditures.

Every attempt has been made to provide accurate figures but errors may be present. Always return to the reports for confirmation of the data reported here.

Ballot Question Committees

Each of the attached sheets list:

- One of the 11 ballot question proposals on the November 1978 general election ballot.
- The single-issue and multi-issue Ballot Question Committees that formed to support and oppose the proposal.
- Total receipts received by each committee from its formation through December 7, 1978.
- Total amount spent to support or oppose the proposal during the same period.

Committees that filed single-page Campaign Statements are not listed. Since there were very few single-page Campaign Statement filers, the final totals would not be significantly affected.

The value of an in-kind contribution (printing, broadcast time, etc.) is always added in as a receipt and an expenditure.

A contribution from one committee to another committee is not reflected in the contributing committee's expenditure total.

A repaid loan is not reflected as a receipt or an expenditure. Outstanding and forgiven loans are included as receipts.

Every attempt has been made to provide accurate figures but errors may be present. Always return to the reports for confirmation of data reported here.
