

Manufacturer & Wholesalers Section License & Permit Types

Limited Buyer of Alcohol – License issued by the Commission to purchase alcohol, 190 proof grain alcohol, for medicinal, mechanical, chemical or scientific purposes. Located in Michigan. Issued to hospitals & pharmacies that use alcohol in preparing medicines and to laboratories, chemical companies and a variety of other businesses that use alcohol for scientific experiments, serialization, mechanical purposes etc. The Limited Buyer of Alcohol license differs from an Industrial Manufacturer License use in that with the exception of medicines, the alcohol is not in the final product. May purchase alcohol directly from the Commission or from a licensed Seller of Alcohol. No investigation required. Annual license fee is \$10.00.
