This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause a loss of revenue to the state, result in the inability of the state to receive federal funds, or necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions

to the hiring freeze approved during the previous quarter and the reasons to justify the exception.

Sec. 206. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this bill. Sec. 208. Sec. 211. The department may charge fees and collect revenues in excess of appropriations in part 1 not to exceed the cost of offender services and programming, employee meals, academic/vocational services, custody escorts, compassionate visits, union steward activities, public work programs, and emergency services provided to units of government. The revenues and fees

collected shall be appropriated for all expenses associated with these services and activities.

Sec. 212. Of the state general fund/general purpose revenue appropriated in part 1, \$579,352,500.00 represents a state spending increase over the amount provided to the department for the fiscal year ending September 30, 1994, and may be used to meet state match requirements of programs contained in the violent crime control and law enforcement act of 1994, Public Law 103-322, 108 Stat. 1796, or successor grant programs, so that any additional federal funds received shall supplement funding provided to the department in part 1.

(c) An explanation of the value and purpose of each program, e.g., to improve employability, reduce recidivism, reduce prisoner idleness, or some combination of these and other factors.

(d) An identification of program outcomes for each academic and vocational program.

(e) An explanation of the department's plans for academic and vocational programs.

Sec. 215. (1) In addition to the amounts appropriated in part 1, in order to encourage administrative efficiencies, there is appropriated to the department of corrections, an amount not to exceed one-half of the unexpended, unreserved general fund portions of fiscal year 2002-2003 appropriations made to the department for salaries and wages expenses, contractual services, supplies and materials expenses, information technology expenses and program operations costs.

(2) The appropriations contained in subsection 1 are subject to the approval of the state budget director and shall be spent for the same purposes for which the original appropriation was made in fiscal year 2002-2003.

SUBSTANCE ABUSE TESTING AND TREATMENT

Sec. 301. (1) The department shall screen and assess each prisoner for alcohol and other drug involvement to determine the need for further treatment. The assessment process shall be designed to identify the severity of alcohol and other drug addiction and determine the treatment plan, if appropriate.

Sec. 302. (1) In expending residential substance abuse treatment services funds appropriated by this bill, the department shall ensure to the maximum extent possible that residential substance abuse treatment services are available statewide.

(2) By July 1, 2004, the department shall report to the senate and house appropriations subcommittees on corrections and the senate and house fiscal agencies and the state budget office on the allocation, distribution, and expenditure of all funds appropriated by the substance abuse testing and treatment line item. The report shall include, but not be limited to, an explanation of an anticipated year-end balance, the number of participants in substance abuse programs, and the number of offenders on waiting lists for residential substance abuse programs. Information required by this subsection shall, where possible, be separated by MDOC administrative region and by offender type, including, but not limited to, a distinction between prisoners, parolees, and probationers.

EXECUTIVE

Sec. 401. The department shall submit 3-year and 5-year prison population projection updates by February 1, 2004 to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director.

- (b) Monthly participant unsuccessful terminations, including cause.
- (c) Number of successful terminations.
- (d) End month population by facility/program.

Sec. 403. From the funds appropriated in part 1, the department shall continue to maintain county jail services staff sufficient to enable the department to continue to fulfill its functions of providing technical support, inspections of county jails, and maintenance of the jail reimbursement program.

Sec. 404. (1) The department shall review and revise as necessary policy

proposals that provide alternatives to prison for offenders being sentenced to prison as a result of technical probation violations and technical parole violations. To the extent the department has insufficient policies or resources to affect the continued increase in prison commitments among these offender populations, the department shall explore other policy options to allow for program alternatives, including department or OCC-funded programs, local level programs, and programs available through private agencies that may be used as prison alternatives for these offenders.

(2) To the extent policies or programs described in subsection (1) are used, developed, or contracted for, the department may request that funds appropriated in part 1 be transferred under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393, for their operation.

(3) The department shall continue to utilize parole violator processing guidelines that require parole agents to utilize all available appropriate community-based, nonincarcerative postrelease sanctions and services when appropriate. The department shall periodically evaluate such guidelines for modification, in response to emerging information from the pilot projects for substance abuse treatment provided under this bill and applicable provisions of prior budget acts for the department.

(4) By March 1, 2004, the department shall report to the senate and house appropriations subcommittees on corrections, senate and house fiscal agencies, and state budget director on the effect that any recommended policy changes for technical violators of parole and technical violators of probation would have on admission to prison and jail and the impact on other program alternatives.

ADMINISTRATION AND PROGRAMS

Sec. 501. From the funds appropriated in part 1 for prosecutorial and detainer expenses, the department shall reimburse counties for housing and custody of parole violators and offenders being returned by the department from community placement who are available for return to institutional status and for prisoners who volunteer for placement in a county jail.

FIELD OPERATIONS ADMINISTRATION

Sec. 601. From the funds appropriated in part 1, the department shall conduct a statewide caseload audit of field agents. The audit shall address public protection issues and assess the ability of the field agents to complete their professional duties. Sec. 602. (1) Of the amount appropriated in part 1 for field operations, a sufficient amount shall be allocated for the community service work program and shall be used for salaries and wages and fringe benefit costs of community service coordinators employed by the department to supervise offenders participating in work crew assignments. Funds shall also be used to cover motor transport division rates on state vehicles used to transport offenders to community service work project sites.

(2) The community service work program shall provide offenders with community service work of tangible benefit to a community while fulfilling court-ordered community service work sanctions and other postconviction obligations.

(3) As used in this section, "community service work" means work performed by an offender in an unpaid position with a nonprofit or tax-supported or government agency for a specified number of hours of work or service within a given time period.

Sec. 603. (1) All prisoners, probationers, and parolees involved with the electronic tether program shall reimburse the department for the equipment costs and telephone charges associated with their participation in the program. The department may require community service work reimbursement as a means of payment for those able-bodied individuals unable to pay for the cost of the equipment.

(2) Program participant contributions and local community tether program reimbursement for the electronic tether program appropriated in part 1 are related to program expenditures and may be used to offset expenditures for this purpose.

(3) Included in the appropriation in part 1 is adequate funding to implement the community tether program to be administered by the department.
