

Michigan State Police

Crash Advisory # 16

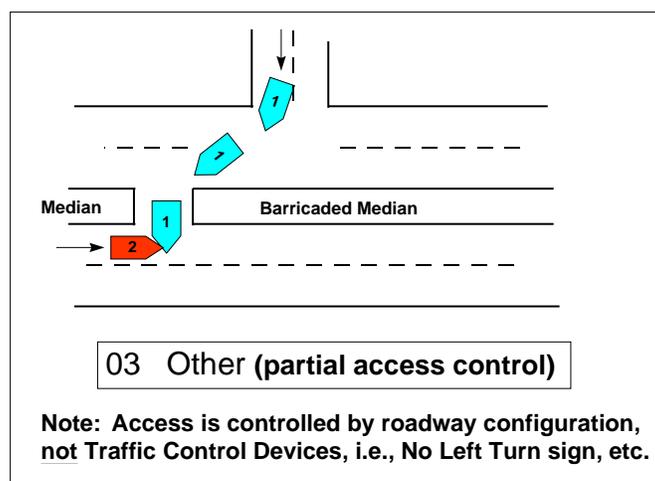

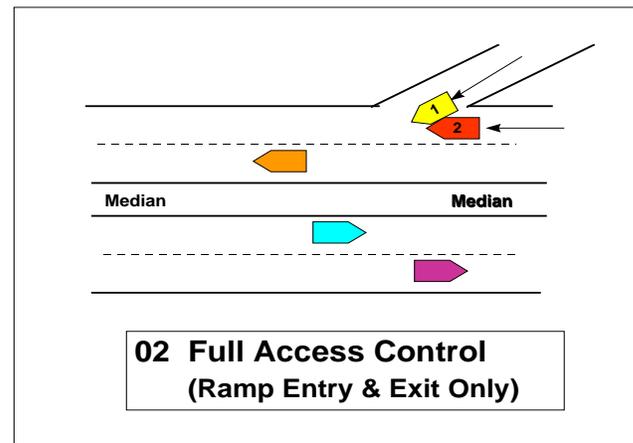

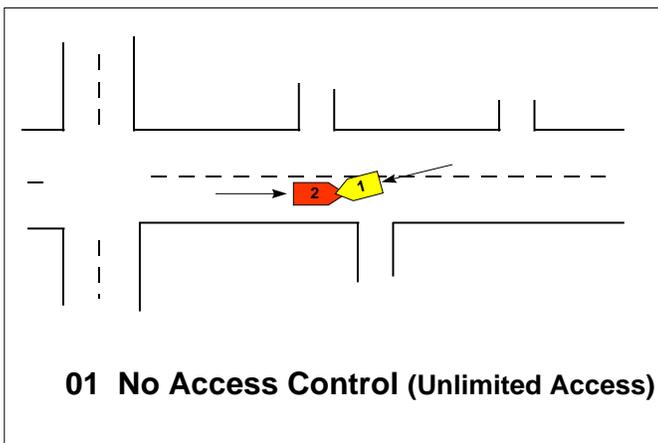

Revised January 2014

Below are diagrams for Access Control. They have been created in order to assist you in filling out the UD-10 form.

Access Control

The degree that access to abutting land, light, air, or view in connection with a roadway is fully or partially controlled by public authority. Indicate the degree access to an adjoining roadway is controlled by public authority.

Refer to Section 2 of the UD-10 Traffic Crash Report Manual for further information.

Please Distribute to All Personnel Who Complete or Review Traffic Crash Reports
