Sec. 3.

(1) An individual is required to report under this act as follows:
(a) A physician, dentist, physician's assistant, registered dental hygienist, medical examiner, nurse, person licensed to provide emergency medical care, audiologist, psychologist, marriage and family therapist, licensed professional counselor, social worker, licensed master's social worker, licensed bachelor's social worker, registered social service technician, social service technician, a person employed in a professional capacity in any office of the friend of the court, school administrator, school counselor or teacher, law enforcement officer, member of the clergy, or regulated child care provider who has reasonable cause to suspect child abuse or child neglect shall make an immediate report to centralized intake by telephone, or, if available, through the online reporting system, of the suspected child abuse or child neglect. Within 72 hours after making an oral report by telephone to centralized intake, the reporting person shall file a written report as required in this act. If the immediate report has been made using the online reporting system and that report includes the information required in a written report under

subsection (2), that report is considered a written report for the purposes of this section and no additional written report is required. If the reporting person is a member of the staff of a hospital, agency, or school, the reporting person shall notify the person in charge of the hospital, agency, or school of his or her finding and that the report has been made, and shall make a copy of the written or electronic report available to the person in charge. A notification to the person in charge of a hospital, agency, or school does not relieve the member of the staff of the hospital, agency, or school of the obligation of reporting to the department as required by this section. One report from a hospital, agency, or school is adequate to meet the reporting requirement. A member of the staff of a hospital, agency, or school shall not be dismissed or otherwise penalized for making a report required by this act or for cooperating in an investigation.

(b) A department employee who is 1 of the following and has reasonable cause to suspect child abuse or child neglect shall make a report of suspected child abuse or child neglect to the department in the same manner as required under subdivision (a):

- (i) Eligibility specialist.
- (ii) Family independence manager.
- (iii) Family independence specialist.
- (iv) Social services specialist.
- (v) Social work specialist.
- (vi) Social work specialist manager.
- (vii) Welfare services specialist.

(c) Any employee of an organization or entity that, as a result of federal funding statutes, regulations, or contracts, would be prohibited from reporting in the absence of a state mandate or court order. A person required to report under this subdivision shall report in the same manner as required under subdivision (a).

(2) The written report or a report made using the online reporting system shall contain the name of the child and a description of the child abuse or child neglect. If possible, the report shall contain the names and addresses of the child's parents, the child's guardian, the persons with whom the child

resides, and the child's age. The report shall contain other information available to the reporting person that might establish the cause of the child abuse or child neglect, and the manner in which the child abuse or child neglect occurred.

(3) The department shall inform the reporting person of the required contents of the written report at the time the oral report is made by the reporting person.

(4) The written report required in this section shall be mailed or otherwise transmitted to centralized intake.

(5) Upon receipt of a written report of suspected child abuse or child neglect, the department may provide copies to the prosecuting attorney and the probate court of the counties in which the child suspected of being abused or neglected resides and is found.

(6) If an allegation, written report, or subsequent investigation of suspected child abuse or child neglect indicates a violation of sections 136b, 145c, 462a to 462h, or 520b to 520g of the Michigan penal code, 1931 PA 328, MCL 750.136b, 750.145c, 750.462a to 750.462h, and 750.520b to 750.520g, or section 7401c of the public health code, 1978 PA 368, MCL 333.7401c, involving methamphetamine has occurred, or if the allegation, written report, or subsequent investigation indicates that the suspected child abuse or child neglect was committed by an individual who is not a person responsible for the child's health or welfare, including, but not limited to, a member of the clergy, a teacher, or a teacher's aide, the department shall transmit a copy of the allegation or written report and the results of any investigation to a law enforcement agency in the county in which the incident occurred. If an allegation, written report, or subsequent investigation indicates that the individual who committed the suspected child abuse or child neglect is a child care provider and the department believes that the report has basis in fact, the department shall, within 24 hours of completion, transmit a copy of the written report or the results of the investigation to the child care regulatory agency with authority over the child care provider's child care organization or adult foster care location authorized to care for a child.

(7) If a local law enforcement agency receives an allegation or written report of suspected child abuse or child neglect or

discovers evidence of or receives a report of an individual allowing a child to be exposed to or to have contact with methamphetamine production, and the allegation, written report, or subsequent investigation indicates that the child abuse or child neglect or allowing a child to be exposed to or to have contact with methamphetamine production, was committed by a person responsible for the child's health or welfare, the local law enforcement agency shall refer the allegation or provide a copy of the written report and the results of any investigation to the county department of the county in which the abused or neglected child is found, as required by subsection (1)(a). If an allegation, written report, or subsequent investigation indicates that the individual who committed the suspected child abuse or child neglect or allowed a child to be exposed to or to have contact with methamphetamine production, is a child care provider and the local law enforcement agency believes that the report has basis in fact, the local law enforcement agency shall transmit a copy of the written report or the results of the investigation to the child care regulatory agency with authority over the child care provider's child care organization or adult foster care location authorized to care for a child. Nothing in this subsection or subsection (1) relieves the department of its responsibilities to investigate reports of suspected child abuse or child neglect under this act.

(8) For purposes of this act, the pregnancy of a child less than 12 years of age or the presence of a sexually transmitted infection in a child who is over 1 month of age but less than 12 years of age is reasonable cause to suspect child abuse or child neglect has occurred.

(9) In conducting an investigation of child abuse or child neglect, if the department suspects that a child has been exposed to or has had contact with methamphetamine production, the department shall immediately contact the law enforcement agency in the county in which the incident occurred.

(4) If the department classifies a report of suspected child abuse or child neglect as a central registry case, the department shall maintain a record in the central registry and, within 30 days after the classification, shall notify in writing each person who is named in the record as a perpetrator of the child abuse or child neglect. The notice shall be sent by registered or certified mail, return receipt requested, and delivery restricted to the addressee. The notice shall set forth the person's right to request expunction of the record and the right to a hearing if the department refuses the request. The notice shall state that the record may be released under section 7d. The notice shall not identify the person reporting the suspected child abuse or child neglect.

(5) A person who is the subject of a report or record made under this act may request the department to amend an inaccurate report or record from the central registry and local office file. A person who is the subject of a report or record made under this act may request the department to expunge from the central registry a report or record by requesting a hearing under subsection (6). A report or record filed in a local office file is not subject to expunction except as the department authorizes, if considered in the best interest of the child.

(6) A person who is the subject of a report or record made under this act may, within 180 days from the date of service of notice of the right to a hearing, request the department hold a hearing to review the request for amendment or expunction. If the hearing request is made within 180 days of the notice, the department shall hold a hearing to determine by a preponderance of the evidence whether the report or record in whole or in part should be amended or expunged from the central registry. The hearing shall be held before a hearing officer appointed by the department and shall be conducted as prescribed by the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. The department may, for good cause, hold a hearing under this subsection if the department determines that the person who is the subject of the report or

record submitted the request for a hearing within 60 days after the 180-day notice period expired.

(7) If the investigation of a report conducted under this act does not show child abuse or child neglect by a preponderance of evidence, or if a court dismisses a petition based on the merits of the petition filed under section 2(b) of chapter XIIA of the probate code of 1939, 1939 PA 288, MCL 712A.2, because the petitioner has failed to establish that the child comes within the jurisdiction of the court, the information identifying the subject of the report shall be expunged from the central registry. If a preponderance of evidence of child abuse or child neglect exists, or if a court takes jurisdiction of the child under section 2(b) of chapter XIIA of the probate code of 1939, 1939 PA 288, MCL 712A.2, the department shall maintain the information in the central registry as follows:

(a) Except as provided in subdivision (b), for a person listed as a perpetrator in category I or II under section 8d, either as a result of an investigation or as a result of the reclassification of a case, the department shall maintain the information in the central registry for 10 years.

(b) For a person listed as a perpetrator in category I or II under section 8d that involved any of the circumstances listed in section 17(1) or 18(1), the department shall maintain the information in the central registry until the department receives reliable information that the perpetrator of the child abuse or child neglect is dead. For the purpose of this subdivision, "reliable information" includes, but is not limited to, information obtained using the United States social security death index database.

(c) For a person who is the subject of a report or record made under this act before March 31, 2015 the following apply:

(i) Except as provided in subparagraph (ii), for a person listed as perpetrator in category I or II under section 8d either as a result of an investigation or as a result of the reclassification of a case, the department may remove the

information for a person described in this subparagraph after 10 years without a request for amendment or expunction.

(ii) For a person listed as a perpetrator in category I or II under section 8d that involved any of the circumstances listed in section 17(1) or 18(1), the department shall maintain the information in the central registry until the department receives reliable information that the perpetrator of the child abuse or child neglect is dead. For the purpose of this subparagraph, "reliable information" includes, but is not limited to, information obtained using the United States social security death index database.

(8) In releasing information under this act, the department shall not include a report compiled by a police agency or other law enforcement agency related to an ongoing investigation of suspected child abuse or child neglect. This subsection does not prohibit the department from releasing reports of convictions of crimes related to child abuse or child neglect.

(9) A member or staff member of a citizen review panel shall not disclose identifying information about a specific child protection case to an individual, partnership, corporation, association, governmental entity, or other legal entity. A member or staff member of a citizen review panel is a member of a board, council, commission, or statutorily created task force of a governmental agency for the purposes of section 7 of 1964 PA 170, MCL 691.1407. Information obtained by a citizen review panel is not subject to the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(10) Documents, reports, or records authored by or obtained from another agency or organization shall not be released or open for inspection under subsection (2) unless required by other state or federal law, in response to an order issued by a judge, magistrate, or other authorized judicial officer, or unless the documents, reports, or records are requested for a child abuse or child neglect case or for a criminal investigation of a child abuse or child neglect case conducted by law enforcement.

(11) Notwithstanding subsection (2) and section 5, information or records in the possession of the department or the department of licensing and regulatory affairs may be shared to the extent necessary for the proper functioning of the department or the department of licensing and regulatory affairs in administering child welfare or child care facility licensing under this act or in an investigation conducted under section 43b of the social welfare act, 1939 PA 280, MCL 400.43b. Information or records shared under this subsection shall not be released by either the department or the department of licensing and regulatory affairs unless otherwise permitted under this act or other state or federal law. Neither the department nor the department of licensing and regulatory affairs shall release or open for inspection any document, report, or record authored by or obtained from another agency or organization unless 1 of the conditions of subsection (10) applies.

guardian would not endanger the child's health or welfare, the local law enforcement agency or the department shall inform the child's parent or legal guardian of the investigation as soon as the local law enforcement agency or the department discovers the identity of the child's parent or legal guardian.

(2) In the course of its investigation, the department shall determine if the child is abused or neglected. The department shall cooperate with law enforcement officials, courts of competent jurisdiction, and appropriate state agencies providing human services in relation to preventing, identifying, and treating child abuse and child neglect; shall provide, enlist, and coordinate the necessary services, directly or through the purchase of services from other agencies and professions; and shall take necessary action to prevent further abuses, to safeguard and enhance the child's welfare, and to preserve family life where possible. In the course of an investigation, at the time that a department investigator contacts an individual about whom a report has been made under this act or contacts an individual responsible for the health or welfare of a child about whom a report has been made under this act, the department investigator shall advise that individual of the department investigator's name, whom the department investigator represents, and the specific complaints or allegations made against the individual. The department shall ensure that its policies, procedures, and administrative rules ensure compliance with the provisions of this act.

(3) In conducting its investigation, the department shall seek the assistance of and cooperate with law enforcement officials within 24 hours after becoming aware that 1 or more of the following conditions exist:

- (a) Child abuse or child neglect is the suspected cause of a child's death.
- (b) The child is the victim of suspected sexual abuse or sexual exploitation.
- (c) Child abuse or child neglect resulting in severe physical injury to the child. For purposes of this subdivision and section 17, "severe physical injury" means an injury to the child that requires medical treatment or hospitalization and that seriously impairs

the child's health or physical well-being.

(d) Law enforcement intervention is necessary for the protection of the child, a department employee, or another person involved in the investigation.

(e) The alleged perpetrator of the child's injury is not a person responsible for the child's health or welfare.

(f) The child has been exposed to or had contact with methamphetamine production.

(4) Law enforcement officials shall cooperate with the department in conducting investigations under subsections (1) and (3) and shall comply with sections 5 and 7. The department and law enforcement officials shall conduct investigations in compliance with the protocols adopted and implemented as required by subsection (6).

(5) Involvement of law enforcement officials under this section does not relieve or prevent the department from proceeding with its investigation or treatment if there is reasonable cause to suspect that the child abuse or child neglect was committed by a person responsible for the child's health or welfare.

(6) In each county, the prosecuting attorney and the department shall develop and establish procedures for involving law enforcement officials and children's advocacy centers, as appropriate, as provided in this section. In each county, the prosecuting attorney and the department shall adopt and implement standard child abuse and child neglect investigation and interview protocols using as a model the protocols developed by the governor's task force on children's justice as published in FIA Publication 794 (revised 8-98) and FIA Publication 779 (8-98), or an updated version of those publications.

(7) If there is reasonable cause to suspect that a child in the care of or under the control of a public or private agency, institution, or facility is an abused or neglected child, the agency, institution, or facility shall be investigated by an agency administratively independent of the agency, institution, or facility being investigated. If the investigation produces evidence of a violation of section 145c or sections 520b to 520g of the Michigan penal code, 1931 PA 328, MCL 750.145c and 750.520b to 750.520g, the investigating agency shall

transmit a copy of the results of the investigation to the prosecuting attorney of the county in which the agency, institution, or facility is located.

(8) A school or other institution shall cooperate with the department during an investigation of a report of child abuse or child neglect. Cooperation includes allowing access to the child without parental consent if access is determined by the department to be necessary to complete the investigation or to prevent child abuse or child neglect of the child. The department shall notify the person responsible for the child's health or welfare about the department's contact with the child at the time or as soon afterward as the person can be reached. The department may delay the notice if the notice would compromise the safety of the child or child's siblings or the integrity of the investigation, but only for the time 1 of those conditions exists.

(9) If the department has contact with a child in a school, all of the following apply:

(a) Before contact with the child, the department investigator shall review with the designated school staff person the department's responsibilities under this act and the investigation procedure.

(b) After contact with the child, the department investigator shall meet with the designated school staff person and the child about the response the department will take as a result of contact with the child. The department may also meet with the designated school staff person without the child present and share additional information the investigator determines may be shared subject to the confidentiality provisions of this act.

(c) Lack of cooperation by the school does not relieve or prevent the department from proceeding with its responsibilities under this act.

(10) A child shall not be subjected to a search at a school that requires the child to remove his or her clothing to expose his buttocks or genitalia or her breasts, buttocks, or genitalia unless the department has obtained an order from a court of competent jurisdiction permitting such a search. If the access

occurs within a hospital, the investigation shall be conducted so as not to interfere with the medical treatment of the child or other patients.

(11) The department shall enter each report made under this act that is the subject of a field investigation into the CPSI system. The department shall maintain a report entered on the CPSI system as required by this subsection until the child about whom the investigation is made is 18 years old or until 10 years after the investigation is commenced, whichever is later, or, if the case is classified as a central registry case, until the department receives reliable information that the perpetrator of the child abuse or child neglect is dead. Unless made public as specified information released under section 7d, a report that is maintained on the CPSI system is confidential and is not subject to the disclosure requirements of the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(12) After completing a field investigation and based on its results, the department shall determine in which single category, prescribed by section 8d, to classify the allegation of child abuse or child neglect.

(13) Except as provided in subsection (14), upon completion of the investigation by the local law enforcement agency or the department, the law enforcement agency or department may inform the person who made the report as to the disposition of the report.

(14) If the person who made the report is mandated to report under section 3, upon completion of the investigation by the department, the department shall inform the person in writing as to the disposition of the case and shall include in the information at least all of the following:

(a) What determination the department made under subsection (12) and the rationale for that decision.

(b) Whether legal action was commenced and, if so, the nature of that action.

(c) Notification that the information being conveyed is confidential.

(15) Information sent under subsection (14) shall not include personally identifying information for a person named in a

report or record made under this act.

(16) Unless section 5 of chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.5, requires a physician to report to the department, the surrender of a newborn in compliance with chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.1 to 712.20, is not reasonable cause to suspect child abuse or child neglect and is not subject to the section 3 reporting requirement. This subsection does not apply to circumstances that arise on or after the date that chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.1 to 712.20, is repealed. This subsection applies to a newborn whose birth is described in the born alive infant protection act, 2002 PA 687, MCL 333.1071 to 333.1073, and who is considered to be a newborn surrendered under the safe delivery of newborns law as provided in section 3 of chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.3.

(17) All department employees involved in investigating child abuse or child neglect cases shall be trained in the legal duties to protect the state and federal constitutional and statutory rights of children and families from the initial contact of an investigation through the time services are provided.

(18) The department shall determine whether there is an open friend of the court case regarding a child who is suspected of being abused or neglected if a child protective services investigation of child abuse and child neglect allegations result in any of the following dispositions:

(a) A finding that a preponderance of evidence indicates that there has been child abuse or child neglect.

(b) Emergency removal of the child for child abuse or child neglect before the investigation is completed.

(c) The family court takes jurisdiction on a petition and a child is maintained in his or her own home under the supervision of the department.

(d) If 1 or more children residing in the home are removed and 1 or more children remain in the home.

(e) Any other circumstances that the department determines are applicable and related to child safety.

(19) If the department determines that there is an open friend of the court case and the provisions of subsection (18) apply,

the department shall notify the office of the friend of the court in the county in which the friend of the court case is open that there is an investigation being conducted under this act regarding that child and shall also report to the local friend of the court office when there is a change in that child's placement.

(20) Child protective services may report to the local friend of the court office any situation in which a parent, more than 3 times within 1 year or on 5 cumulative reports over several years, made unfounded reports to child protective services regarding alleged child abuse or child neglect of his or her child.

(21) If the department determines that there is an open friend of the court case, the department shall provide noncustodial parents of a child who is suspected of being abused or neglected with the form developed by the department that has information on how to change a custody or parenting time court order.

Sec. 8d.

(1) For the department's determination required by section 8, the categories, and the departmental response required for each category, are the following:

(a) Category V - services not needed. Following a field investigation, the department determines that there is no evidence of child abuse or child neglect.

(b) Category IV - community services recommended. Following a field investigation, the department determines that there is not a preponderance of evidence of child abuse or child neglect, but the structured decision-making tool indicates that there is future risk of harm to the child. The department shall assist the child's family in voluntarily participating in community-based services commensurate with the risk to the child.

(c) Category III - community services needed. The department determines that there is a preponderance of evidence of child abuse or child neglect, and the structured decision-making tool indicates a low or moderate risk of future harm to the child. The department shall assist the child's family in receiving community-based services commensurate with the risk to the child. If the family does not voluntarily participate in services, or the family voluntarily participates in services, but does not progress toward alleviating the child's risk level, the department shall consider reclassifying the case as category II.

(d) Category II - child protective services required. The department determines that there is evidence of child abuse or child neglect, and the structured decision-making tool indicates a high or intensive risk of future harm to the child. The department shall open a protective services case and provide the services necessary under this act. The department shall also list the perpetrator of the child abuse or child neglect, based on the report that was the subject of the field investigation, on the central registry as provided in section 7(7), either by name or as "unknown" if the

perpetrator has not been identified.

(e) Category I - court petition required. The department determines that there is evidence of child abuse or child neglect and 1 or more of the following are true:

(i) A court petition is required under another provision of this act.

(ii) The child is not safe and a petition for removal is needed.

(iii) The department previously classified the case as category II and the child's family does not voluntarily participate in services.

(iv) There is a violation, involving the child, of a crime listed or described in section 8a(1)(b), (c), (d), or (f) or of child abuse in the first or second degree as prescribed by section 136b of the Michigan penal code, 1931 PA 328, MCL 750.136b.

(2) In response to a category I classification, the department shall do all of the following:

(a) If a court petition is not required under another provision of this act, submit a petition for authorization by the court under section 2(b) of chapter XIIA of the probate code of 1939, 1939 PA 288, MCL 712A.2.

(b) Open a protective services case and provide the services necessary under this act.

(c) List the perpetrator of the child abuse or child neglect, based on the report that was the subject of the field investigation, on the central registry as provided in section 7(7), either by name or as "unknown" if the perpetrator has not been identified.

(3) The department is not required to use the structured decision-making tool for a nonparent adult who resides outside the child's home who is the victim or alleged victim of child abuse or child neglect or for an owner, operator, volunteer, or employee of a licensed or registered child care organization or a licensed or unlicensed adult foster care family home or adult foster care small group home as those terms are defined in section 3 of the adult foster care facility licensing act, 1979 PA 218, MCL 400.703.

(4) If following a field investigation the department determines that there is a preponderance of evidence that an individual listed in subsection (3) was the perpetrator of child abuse or child neglect, the department shall list the perpetrator of the child abuse or child neglect on the central registry as provided in section 7(7).

722.628e Investigation checklist.

Sec. 8e.

(1) The department shall implement an investigation checklist to be used in each investigation of suspected abuse and neglect handled by the department.

(2) Subject to subsections (3) and (4), an investigation shall not be closed until the checklist described in subsection (1) is completed.

(3) A supervisor must review the completed checklist. If the supervisor determines that the investigation complies with the investigation checklist and with the following state laws and department policy, the investigation may be closed:

(a) Face-to-face contact was made with all alleged child victims.

(b) A petition was filed as required by sections 8d(1)(e), 17, and 18.

(c) A petition was filed when court intervention was needed to ensure child safety.

(d) Any other items that impact child safety and well-being that are specifically outlined in department policy to require the approvals outlined in subsection (4).

(4) If the supervisor determines that the investigation does not comply with the investigation checklist and the state laws and department policy outlined in subsection (3), the supervisor shall determine the reason the investigation checklist and state law or department policy outlined in subsection (3) were not followed. An investigation that falls under this subsection shall not be closed until after the local office director has reviewed

the investigation.
