NSF Center for Public Health Education
789 N. Dixboro Rd.
Ann Arbor, MI 48198
Att: Nancy Quay

Dear Ms Quay:

The following training materials and accredited program submitted to us have been reviewed and approved in accordance with the Michigan Department of Agriculture's (MDA) "Procedures For Approving Food Safety Training Materials and Programs".

Approved Training Materials:

The NSF "Health Guard Training Series" meets MDA's "Guidelines for Food Safety Training Materials". The training material package consists of:

1. Professional Food Manager Certification Training manual Version 3.0,
2. Professional Food Manager Certification Training Kit with power point CD, Version 3.0
3. These are also available in Spanish

All materials listed above are Copyright 2004 by NSF International.

Name of Accredited Certification Program:

1. National Registry of Food Safety Professionals
2. Thompson-Prometric

Thank you for submitting the training materials and accredited program information to MDA for approval. Information regarding this approval will be posted on the MDA list of Approved Food Safety Training Materials and Programs.

You may view the list on our website at: www.michigan.gov/mda

Expiration:

MDA approval of food safety training material and programs expires three (3) years from the date of original issuance. Please feel free to contact me at (517)-335-4604, with any questions.

Sincerely,

Barbara Coy, R.S., Food Service Specialist
Food Service Sanitation Section Food and Dairy Division
