

COMPREHENSIVE SCHOOL REFORM DEMONSTRATION PROGRAM (CSRDP)

Parents can check to see if their school is involved with the Comprehensive School Reform Demonstration Program (CSRDP). Participating schools have chosen to involve the entire staff in schoolwide reform and to work with a particular school reform model. Trainers from the developer work with staff on school restructuring, materials and instructional delivery methods, and other changes needed to implement the model. Many of the models involve assistance from community members to make the program successful.

The models being implemented in Michigan are:

- Middle Start
- Co-NECT
- Integrated Thematic Instruction
- School Development Program
- Different Ways of Knowing
- ATLAS Communities
- Talent Development High School
- MicroSociety
- Core Knowledge
- Lightspan
- Success for All/Roots and Wings
- Coalition of Essential Schools
- Koalaty Kids
- Community for Learning
- Breakthrough to Literacy/Soar to Success
