MATERIALS SOURCE GUIDE

CONSTRUCTION & TECHNOLOGY DIVISION

November 2006
Revised September 2008

The 2006 Materials Source Guide has been revised by the team of:

Mike Cornacchia, Metro Region
Steve Hawker, University Region
Ali Wellington, Construction & Technology
Steve Purdy, Construction & Technology

The information contained in this report was compiled exclusively for the use of the Michigan Department of Transportation. Recommendations contained herein are based upon the research data obtained and the expertise of the researchers, and are not necessarily to be construed as Department policy. No material contained herein is to be reproduced - wholly or in part - without the expressed permission of the Engineer of Construction and Technology Division.

FOREWORD

This manual has been prepared to give information and guidance to personnel associated with sampling, testing and inspection of materials used in Michigan Department of Transportation and Federal Aid Secondary projects. Its purpose is to supplement the Materials Quality Assurance Procedures Manual, Procedures Manual for Bituminous Plant Inspection, Procedures for Aggregate Inspection, Density Control Handbook, and the Michigan Construction Manual to standardize procedures and assure adequate, uniform quality control.

For copies of this Materials Source Guide you can:

Download from the internet at web address:
