

SCS does hereby certify that an independent assessment has been conducted on behalf of:

State of Michigan

1990 US-41, South Marquette, MI, USA

For the following product(s):

Standing trees, harvested and removed from the forest in log, pulpwood, bolt, pole, and chip form, by contract purchasers; used for both solid-wood and fiber-based products. Certified species include aspen, sugar maple, red maple, oak, paper birch, balsam fir, black spruce, jack pine, red pine, white pine and other merchantable species.

This product meets all of the necessary qualifications to be certified for the following claim:

Well Managed Forest Certification

This company or district has been shown to meet all of the necessary qualifications to be certified as a Well-Managed Forest in accordance with the Forest Stewardship Council's Principles and Criteria as elaborated by the FSC-US Forest Management Standard V1.0 (July 8, 2010).

Registration # SCS-FM/COC-00090N

Valid from: 31 Dec, 2010 to 30 Dec, 2015

(This certificate itself does not constitute evidence that a particular product supplied by the certificate holder is FSC-certified [or FSC Controlled Wood]. Products offered, shipped or sold by the certificate holder can only be considered covered by the scope of this certificate when the required FSC claim is clearly stated on invoices and shipping documents. A list of the species/products covered by the scope of the certificate, and a statement that a list of products that are included in the scope of the certificate may be found at www.fsc-info.org or will be provided by SCS on request. The validity of this certificate shall be verified on www.fsc-info.org. This certificate shall remain the property of SCS, and this certificate and all copies or reproductions of this certificate shall be returned to SCS immediately upon request.)
