2-7 Drug and Alcohol Testing

2-7.5 Self-reporting

(a) Reporting. An employee who voluntarily discloses to the appointing authority a problem with controlled substances or alcohol cannot be disciplined for such disclosure if, and only if, the problem is disclosed before the occurrence of any of the following:

(1) For reasonable suspicion testing, before the occurrence of an event that gives rise to reasonable suspicion that the employee has violated this rule.

(2) For preappointment testing, follow-up testing, and random selection testing, before the employee is selected to submit to a drug or alcohol test.

(3) For post-accident testing, before the occurrence of any accident that results in post-accident testing.

(b) Employer action. After receiving notice, the appointing authority shall permit the employee an immediate leave of absence to obtain medical treatment or to participate in a rehabilitation program. In addition, the appointing authority shall remove the employee from the duties of a test-designated position until the employee submits to and passes a follow-up drug test or alcohol test. The appointing authority may require the employee to submit to further follow-up testing as a condition of continuing or returning to work.

(c) Limitation. An employee may take advantage of subsection (a) no more often than two times while employed in the classified service. An employee making a report is not excused from any subsequent drug test or alcohol test or from otherwise complying in full with this rule. An employee making a report remains subject to all drug and alcohol testing requirements after
making a report and may be disciplined as the result of any subsequent drug test or alcohol test, including a follow-up test.
