

LEA Vendor List

The following software vendors provide student software database packages to school districts. In some cases, intermediate school districts (ISDs) provide student database packages to their members. If your vendor is not on this list, or if you are a vendor and would like to appear on this list, please contact the Center for Educational Performance and Information at cepi@michigan.gov. The state of Michigan does not promote or evaluate any particular vendor. This list is merely provided as a courtesy. You will want to ensure that the vendor software accommodates the Michigan Student Data System (MSDS) and the submission of the required MSDS file formats.

Vendor/Product	Vendor First Name	Vendor Last Name	Vendor Phone Number	Vendor E-mail
