Seventh Street, in the City of Evert, County)
of Osceola, State of Michigan)
)

AQD No. 16-2009

SRN: A5764

STIPULATION FOR ENTRY OF FINAL ORDER
BY CONSENT

This proceeding resulted from allegations by the Michigan Department of Environmental Quality ("MDEQ") Air Quality Division ("AQD") against Ventra Evert L.L.C., ("Company"), a Delaware corporation, in connection with the acquisition of a facility formerly owned by the Collins and Aikman Corporation ("C & A") located at 601 Seventh Street in the City of Evert, County of Osceola, State of Michigan, with State Registration Number ("SRN") A5764. The MDEQ alleges that the Company is liable for alleged failure to timely complete performance testing on the EU-Fascia-Line ("Fascia Line") necessary to satisfy the requirements of the National Emission Standard for Hazardous Air Pollutants (NESHAP), Subpart P, Plastic Parts Surface Coating MACT, 40 CFR 63.4560, as cited herein and in the Letter of Violation ("LOV") dated July 25, 2007. The Company and MDEQ stipulate to the termination of this proceeding by entry of a Stipulation for Entry of a Final Order by Consent ("Consent Order").

The Company and MDEQ stipulate as follows:

1. The Natural Resources and Environmental Protection Act, 1994 PA 451, ("Act 451"), MCL 324.101 et seq. is an act that controls pollution to protect the environment and natural resources in the State.
2. Article II, Pollution Control, Part 55 of Act 451 ("Part 55"), MCL 324.5501 et seq. provides for air pollution control regulations in this State.
3. The Michigan Department of Natural Resources ("MDNR") is authorized pursuant to Section 5503 of Part 55 to administer and enforce all provisions of Part 55. Section 301 of Part 3 provides the authority to the Director of the MDNR to delegate powers and duties.

4. The MDEQ was created as a principal department within the Executive Branch of the State of Michigan pursuant to Executive Order 1995-18. All statutory authority, powers, duties, functions and responsibilities of the MDNR AQD were transferred to the Director of the MDEQ ("Director").

5. The Director has delegated authority to the Chief of the AQD ("AQD Chief") to enter into this Consent Order.

6. The termination of this matter by a Consent Order pursuant to Section 5528 of Part 55 is proper and acceptable.

7. The Company and the MDEQ agree that the signing of this Consent Order is for settlement purposes only and does not constitute an admission by the Company that the law has been violated.

8. This Consent Order becomes effective on the date of execution ("effective date of this Consent Order") by the AQD Chief.

9. The Company has achieved compliance and shall continue to achieve compliance with the aforementioned regulations in accordance with the requirements contained in this Consent Order.

COMPLIANCE PROGRAM AND IMPLEMENTATION SCHEDULE

10. A. ROP No. MI-ROP-A5764-2009

1. Renewable Operating Permit No. MI-ROP-A5764-2009 (ROP), EUFASCIA-LINE EMISSION CONDITIONS of the ROP, and any future revisions thereof mutually agreed upon by the Company and AQD, shall be attached hereto as Exhibit A, incorporated by reference, and made an enforceable part of this Consent Order.

B. VOC Emission Limitations

On and after the effective date of this Consent Order, the volatile organic compound (VOC) emission rate from the EUFASCIA-LINE shall not exceed the limits specified in Exhibit A of this Consent Order.

RECORDKEEPING, REPORTING, AND TESTING

11. On and after the effective date of this Consent Order, the Company shall keep separate records of the usage rate of materials used in the Fascia Line, as specified in Exhibit A. This information shall be kept on file at the plant for a period of at least five (5) years, and shall be made available to MDEQ upon written or verbal request.

12. On and after the effective date of this Consent Order, the Company shall determine and submit separate records of the usage rate of materials, and the calculated VOC emissions, on a quarterly

basis and as specified in Exhibit A and/or in accordance with methods and procedures approved by the AQD Cadillac District Supervisor. This information shall be submitted to the AQD Cadillac District Supervisor, in an approved format, within 30 days following the end of the calendar quarter in which the data was collected.

13. On November 6 and 7, 2007, the Company conducted testing for VOCs in accordance with methods and procedures approved by the AQD Cadillac District Supervisor to demonstrate compliance with the emission limitations specified in paragraph 10.B. of this Consent Order.

GENERAL PROVISIONS

14. This Consent Order in no way affects the Company's responsibility to comply with any other applicable state and federal, or local laws or regulations, including without limitation, any amendments to the federal Clean Air Act, 42 USC 7401 et seq., Act 451, Part 55 or their rules and regulations, or to the State Implementation Plan.

15. This Consent Order constitutes a civil settlement and satisfaction as to the resolution of the violations specifically addressed herein; however, it does not resolve any criminal action that may result from these same alleged violations.

16. Within thirty (30) days after the effective date of this Consent Order, the Company shall pay to the General Fund of the State of Michigan, in the form of a check made payable to the "State of Michigan" and delivered to the Michigan Department of Environmental Quality, Financial and Business Services Division, Revenue Control, P.O. Box 30657, Lansing, Michigan 48909-8157, a settlement amount of \$12,500.00, which includes AQD costs for investigation and enforcement. This total settlement amount shall be paid within thirty (30) days of the effective date of this Consent Order. To ensure proper credit, all payments made pursuant to this Consent Order shall include the Agreement Identification No. AQD3314 on the face of the check. This settlement amount is in addition to any fees, taxes, or other fines that may be imposed on the Company by law.

17. On and after the effective date of this Consent Order, if the Company fails to comply with paragraphs 10.B, 11 or 12 of this Consent Order, the Company is subject to stipulated fines of up to \$2,000.00 per violation per day. On and after the effective date of this Consent Order, if the Company fails to comply with any other provision of Exhibit A or this Consent Order, the Company is subject to a stipulated fine of up to \$500.00 per violation. The amount of the stipulated fines imposed pursuant to this paragraph shall be within the discretion of the MDEQ. Stipulated fines submitted under this Consent Order shall be by check, payable to the State of Michigan within thirty (30) days of written demand and

shall be delivered to the Michigan Department of Environmental Quality, Financial and Business Services Division, Revenue Control, P.O. Box 30657, Lansing, Michigan 48909-8157. To ensure proper credit, all payments shall include the Agreement Identification No. AQD3314S on the face of the check. Payment of stipulated fines shall not alter or modify in any way the Company's obligation to comply with the terms and conditions of this Consent Order.

18. The AQD, at its discretion, may seek stipulated fines or statutory fines for any violation of this Consent Order which is also a violation of any provision of applicable federal and state law, rule, regulation, permit, or MDEQ administrative order. However, the AQD is precluded from seeking both a stipulated fine under this Consent Order and a statutory fine for the same violation.

19. To ensure timely payment of the settlement amount assessed in paragraph 16 and any stipulated fines assessed pursuant to paragraph 17 of this Consent Order, the Company shall pay an interest penalty to the State of Michigan each time it fails to make a complete or timely payment under this Consent Order. The interest penalty shall be determined at a rate of twelve percent (12%) per year compounded annually, using the full increment of amount due as principal, calculated from the due date specified in this Consent Order until the date that delinquent payment is finally paid in full. Payment of an interest penalty by the Company shall be made to the State of Michigan in accordance with paragraph 16 of this Consent Order. Interest payments shall be applied first towards the most overdue amount or outstanding interest penalty owed by the Company before any remaining balance is applied to subsequent payment amount or interest penalty.

20. The Company agrees not to contest the legal basis for the settlement amount assessed pursuant to paragraph 16. The Company also agrees not to contest the legal basis for any stipulated fines assessed pursuant to paragraph 17 of this Consent Order, but reserves the right to dispute in a court of competent jurisdiction the factual basis upon which a demand by MDEQ of stipulated fines is made. In addition, the Company agrees that said fines have not been assessed by the MDEQ pursuant to Section 5529 of Part 55 and therefore are not reviewable under Section 5529 of Part 55.

21. This compliance program is not a variance subject to the 12 month limitation specified in Section 5538 of Part 55.

22. This Consent Order shall remain in full force and effect for a period of at least three (3) years. Thereafter, the Consent Order shall terminate only upon written notice of termination issued by the AQD Chief. Prior to issuance of a written notice of termination, the Company shall submit a request, to the AQD Chief at the Michigan Department of Environmental Quality, Air Quality Division, P.O. Box 30260, Lansing, Michigan 48909-7760, consisting of a written certification that the Company has fully

complied with all the requirements of this Consent Order and has made all payments including all stipulated fines required by this Consent Order. Specifically, this certification shall include: (i) the date of compliance with each provision of the compliance program and the date any payments or stipulated fines were paid; (ii) a statement that all required information has been reported to the AQD Cadillac District Supervisor; (iii) confirmation that all records required to be maintained pursuant to this Consent Order are being maintained at the facility; and, (iv) such information as may be requested by the AQD Chief.

23. In the event the Company sells or transfers the facility during the effective period of this Consent Order, with SRN A5764, it shall advise any purchaser or transferee of the existence of this Consent Order in connection with such sale or transfer. Within thirty (30) calendar days, the Company shall also notify the AQD Cadillac District Supervisor, in writing, of such sale or transfer, the identity and address of any purchaser or transferee, and confirm the fact that notice of this Consent Order has been given to the purchaser and/or transferee. As a condition of the sale, the Company must obtain the consent of the purchaser and/or transferee, in writing, to assume all of the obligations of this Consent Order. A copy of that agreement shall be forwarded to the AQD Cadillac District Supervisor within thirty (30) days of assuming the obligations of this Consent Order.

24. Prior to the effective date of this Consent Order and pursuant to the requirements of Sections 5511 and 5528(3) of Part 55, the public was notified of a 30-day public comment period and was provided the opportunity for a public hearing.

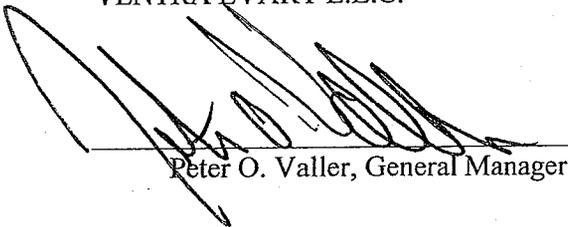

25. Section 5530 of Part 55 may serve as a source of authority but not a limitation under which the Consent Order may be enforced. Further, Part 17 of Act 451 and all other applicable laws and any other legal basis or applicable statute may be used to enforce this Consent Order.

26. The Company hereby stipulates that entry of this Consent Order is a result of an action by MDEQ to resolve alleged violations by C & A at the facility located at 601 West Seventh Street, in the City of Evart, Michigan. The Company further stipulates that it will take all lawful actions necessary to fully comply with this Consent Order, even if the Company files for bankruptcy in the future. The Company will not seek discharge of the settlement amount and any stipulated fines imposed hereunder in any future bankruptcy proceedings, and the Company will take necessary steps to ensure that the settlement amount and any future stipulated fines are not discharged, including requesting an order from the pertinent U.S. Bankruptcy Court designating the settlement amount and any future stipulated fines as exceptions to discharge pursuant to 11 U.S. Code Section 523(a)(7). The Company, during and after any future bankruptcy proceedings, will ensure that the settlement amount and any future stipulated fines

remain an obligation to be paid in full by the Company to the extent allowed by applicable bankruptcy law.

The undersigned certifies that he/she is fully authorized by the Company to enter into this Consent Order and to execute and legally bind the Company to it.

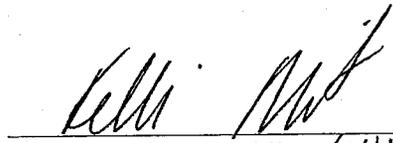

VENTRA EVART L.L.C.

Peter O. Valler, General Manager

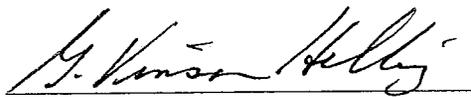

Date: 8/17/09

FINAL ORDER

The Chief of the Air Quality Division having had opportunity to review the Consent Order and having been delegated authority to enter into Consent Orders by the Director of the Michigan Department of Environmental Quality pursuant to the provisions of Part 55 of Act 451 and otherwise being fully advised on the premises,

HAS HEREBY ORDERED that the Consent Order is approved and shall be entered in the record of the MDEQ as a Final Order.

MICHIGAN DEPARTMENT OF ENVIRONMENTAL QUALITY

G. Vinson Hellwig, Chief
Air Quality Division

EXHIBIT A

Michigan Department of Environmental Quality
Air Quality Division

EFFECTIVE DATE: 5/22/2009

ISSUED TO:
Ventra Evert L.L.C.

State Registration Number (SRN): A5764

LOCATED AT:
601 West Seventh Street, Evert, Michigan 49631

RENEWABLE OPERATING PERMIT

Permit Number: MI-ROP-A5764-2009

Expiration Date: 5/22/2014

Administratively Complete ROP Renewal Application Due Between 11/22/2012 and 11/22/2013

This Renewable Operating Permit (ROP) is issued in accordance with and subject to Section 5506(3) of Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451). Pursuant to Michigan Air Pollution Control Rule 210(1), this ROP constitutes the permittee's authority to operate the stationary source identified above in accordance with the general conditions, special conditions and attachments contained herein. Operation of the stationary source and all emission units listed in the permit are subject to all applicable future or amended rules and regulations pursuant to Act 451 and the federal Clean Air Act.

SOURCE-WIDE PERMIT TO INSTALL

Permit Number: MI-PTI-A5764-2009

This Permit to Install (PTI) is issued in accordance with and subject to Section 5505(5) of Act 451. Pursuant to Michigan Air Pollution Control Rule 214a, the terms and conditions herein, identified by the underlying applicable requirement citation of Rule 201(1)(a), constitute a federally enforceable PTI. The PTI terms and conditions do not expire and remain in effect unless the criteria of Rule 201(6) are met. Operation of all emission units identified in the PTI is subject to all applicable future or amended rules and regulations pursuant to Act 451 and the federal Clean Air Act.

Michigan Department of Environmental Quality

Janis Denman, Cadillac District Supervisor

**EUFASCIA-LINE
 EMISSION UNIT CONDITIONS**

DESCRIPTION

Fascia line is used to apply adhesion promoter, base coat, and clear coat to fascia. There are automatic (robot) and manual booths for each coating type. Automatic booths are vented through a water curtain followed by a RTO. Manual booths have dry fabric filters.

Flexible Group ID: FGMACT

POLLUTION CONTROL EQUIPMENT

Fabric Filters, Water Curtain, RTO

I. EMISSION LIMIT(S)

Pollutant	Limit	Time Period/ Operating Scenario	Equipment	Monitoring/ Testing Method	Underlying Applicable Requirements
1. Volatile Organic Compounds (VOC)	168.3 pounds per hour. ²		EUFASCIA-LINE	V.1 VI.10	40 CFR 52.21(j) and (c) R 336.1702(a) R 336.1225
2. Volatile Organic Compounds (VOC)	135 tons. ²	12-month rolling time period.	EUFASCIA-LINE	V.1 VI.10	40 CFR 52.21(j) and (c) R 336.2803 R 336.2810 R 336.1702(a) R 336.1225

II. MATERIAL LIMIT(S)

Material	Limit	Time Period/ Operating Scenario	Equipment	Monitoring/ Testing Method	Underlying Applicable Requirements
1. Adhesion Promoter	1.0 pounds VOC per gallon of coating. ²	Minus water as applied, after controls. Based on a daily average.	EUFASCIA-LINE	V.1 VI.2	40 CFR 52.21(j) R 336.2810 R 336.1702(a) R 336.1225
2. Basecoat	0.7 pounds VOC per gallon of coating. ²	Minus water as applied, after controls. Based on a daily average.	EUFASCIA-LINE	V.1 VI.2	40 CFR 52.21(j) R 336.2810 R 336.1702(a) R 336.1225
3. Clearcoat	0.7 pounds VOC per gallon of coating. ²	Minus water as applied, after controls. Based on a daily average.	EUFASCIA-LINE	V.1 VI.2	40 CFR 52.21(j) R 336.2810 R 336.1702(a) R 336.1225

III. PROCESS/OPERATIONAL RESTRICTION(S)

1. The permittee shall not operate the thermal oxidizer unless a minimum temperature of 1400 degrees Fahrenheit and a minimum retention time of 0.5 seconds in the combustion chamber of the thermal oxidizer is maintained.² **(40 CFR 52.21(j), R 336.1702(a))**
2. The permittee shall maintain a minimum overall VOC control efficiency (combined capture and destruction efficiency) of 86 percent across EUFASCIA-LINE.² **(R 336.1205, R 336.1225, R 336.1702(a), R 336.2802, R 336.2810, 40 CFR 52.21, R 336.1910)**
3. The permittee shall not operate the fascia line unless all automatic booth water wash equipment is installed and operating properly.² **(R 336.1301(c), R 336.1910)**
4. The permittee shall not operate the fascia line unless all manual booth dry filters are installed and operating properly.² **(R 336.1301(c), R 336.1910)**
5. The permittee shall not operate the fascia line unless the thermal oxidizer is installed and operating properly in accordance with the Malfunction Abatement Plan (MAP) for the thermal oxidizer. **(40 CFR 52.21(j), R 336.1702(a), R 336.1910, R 336.1911)**

IV. DESIGN/EQUIPMENT PARAMETER(S)

1. The permittee shall use either electrostatic guns or bells for automatic and manual booth application of basecoat and clearcoat coatings. The spray guns for all coating application will be either HVLP or multi-port spray equipment or equivalent technology with comparable transfer efficiency.² **(40 CFR 52.21(j), R 336.1702(a))**
2. The permittee shall utilize the thermal oxidizer combustion chamber outlet temperature as an indicator of proper function of the thermal oxidizer. The appropriate range of temperature defining proper operation of the thermal oxidizer is 1400 degrees F to 1600 degrees F. **(40 CFR 64.6(c)(1)(i),(ii))**
3. The permittee shall utilize thermal oxidizer inlet duct air flow as an indicator of proper function of the capture system. The appropriate range of inlet duct air flow defining proper operation of the capture system is 55,000 scfm to 65,000 scfm. **(40 CFR 64.6(c)(1)(i),(ii))**

V. TESTING/SAMPLING

Records shall be maintained on file for a period of five years. **(R 336.1213(3)(b)(ii))**

1. The VOC content of coatings, as applied, minus water, shall be tested using Method 24. The five most frequently used coatings plus five random coatings shall be tested on an annual basis.² **(R 336.1213(3))**
2. Upon prior written approval by the District Supervisor, Air Quality Division, the VOC content of coatings may be determined using manufacturers formulation data.² **(R 336.1702(a))**
3. The permittee shall perform capture efficiency and destruction efficiency testing every five years. Permittee shall perform capture efficiency of the manual and automatic booths and destruction efficiency of the regenerative thermal oxidizer, using a method approved by the AQD. **(R 336.1702(a), R 336.1213(3))**

VI. MONITORING/RECORDKEEPING

Records shall be maintained on file for a period of five years. **(R 336.1213(3)(b)(ii))**

1. The permittee shall keep a daily record of the identification and the coating category (adhesion promoter, basecoat, or clearcoat) for each coating used.² **(40 CFR 52.21(j), R 336.2810, R 336.1702(a))**

2. The permittee shall keep a daily record of the VOC content in pounds per gallon of coating (minus water) as received and as applied for each coating category (adhesion promoter, basecoat, or clearcoat) and for each coating used.² **(40 CFR 52.21(j), R 336.2810, R 336.1702(a), 40 CFR 60 App. A, Method 24)**
3. The permittee shall keep a daily record of the VOC content in pounds per gallon of reducers and catalysts used.² **(40 CFR 52.21(j), R 336.2810, R 336.1702(a), 40 CFR 60 App. A, Method 24)**
4. The permittee shall keep a daily record of the amount, in gallons, of coating applied.² **(40 CFR 52.21(j), R 336.1702(a))**
5. The permittee shall keep a daily record of the volume weighted average VOC content (after controls) as applied for each coating category (adhesion promoter, basecoat, or clearcoat).² **(40 CFR 52.21(j), R 336.1702(a))**
6. The permittee shall keep a monthly record of the amount, in gallons, of cleanup and purge solvents used and reclaimed.² **(40 CFR 52.21(j), R 336.1702(a))**
7. The permittee shall keep a monthly record of the daily hours of operation.² **(40 CFR 52.21(j), R 336.1205(1)(a)(ii)(B))**
8. The permittee shall monitor and record the temperature in the thermal oxidizer near the combustion chamber outlet on a continuous basis and maintain continuous records of the temperature in the thermal oxidizer.² **(40 CFR 52.21(j), R 336.1205, R 336.1702(a), R 336.1901, 40 CFR 64.6(c)(1)(iii), 40 CFR 64.7(b), 40 CFR 64.7(c))**
9. The permittee shall monitor the thermal oxidizer inlet air flow on a continuous basis and record the air flow at least once every 15 minutes while EUFASCIA-LINE is operating. **(40 CFR 52.21(j), R 336.1205), R 336.1702(a), R 336.1901, 40 CFR 64.6(c)(1)(iii), 40 CFR 64.7(b), 40 CFR 64.7(c))**
10. The permittee shall use the formulas in Appendix 7 to keep a separate monthly record of VOC emission calculations determining VOC emission rate in pounds per hour, tons per month, and tons per 12-month rolling time period as determined at the end of each calendar month.² **(40 CFR 52.21(j), R 336.1702(a), R 336.1213(3))**
11. Except for defined malfunctions, repairs, and QA/QC activities, the permittee shall conduct all monitoring in continuous operation (or shall collect data at all required intervals) at all times that EUFASCIA-LINE is operating. **(40 CFR 64.7(c))**
12. The permittee shall use the thermal oxidizer temperature to assure compliance with the VOC limit. An excursion for VOC shall occur if the thermal oxidizer temperature measured near the combustion chamber outlet is less than 1,507 degrees F while EUFASCIA-LINE is operating. **(40 CFR 64.6(c)(2))**
13. The permittee shall use the thermal oxidizer inlet duct air flow to assure compliance with the VOC limit. An excursion for VOC shall occur if the air flow at the inlet of the thermal oxidizer is less than 59,575 SCFM based on a three hour average while EUFASCIA-LINE is operating. **40 CFR 64.6(c)(2))**

See Appendix 7

VII. REPORTING

1. Prompt reporting of deviations pursuant to General Conditions 21 and 22 of Part A. **(R 336.1213(3)(c)(ii))**
2. Semiannual reporting of monitoring and deviations pursuant to General Condition 23 of Part A. The report shall be postmarked or received by the appropriate AQD District Office by March 15 for reporting period July 1 to December 31 and September 15 for reporting period January 1 to June 30. **(R 336.1213(3)(c)(i))**

3. Annual certification of compliance pursuant to General Conditions 19 and 20 of Part A. The report shall be postmarked or received by the appropriate AQD District Office by March 15 for the previous calendar year. **(R 336.1213(4)(c))**
4. Quarterly reporting demonstrating compliance with applicable VOC emission and content limits shall be submitted to the District Supervisor within 30 days following the end of a calendar quarter in which the data were collected.² **(40 CFR 52.21(j), R 336.1702(a))**
5. The permittee shall submit a complete capture efficiency and destruction efficiency test protocol to the AQD for approval at least 30 days prior to the anticipated test date. **(R 336.1213(3))**
6. The permittee shall submit a complete capture efficiency and destruction efficiency test report of the test results to the AQD within 60 days following the last date of the test. **(40 CFR 63.4520(b), R 336.2001(4), R 336.1213(3))**
7. Results of VOC content testing shall be submitted to the District Supervisor within 30 days of the completion of testing. **(R 336.1213(3))**
8. Each semiannual report of monitoring and deviations submitted pursuant to VII.2 shall include: **(40 CFR 64.9)**
 - a. Summary information on the number, duration, and cause (including unknown cause, if applicable) of exceedances and excursions, as defined in 40 CFR 64.1, and the corrective actions taken. If there were no excursions and/or exceedances in the reporting period, then this report shall include a statement that there were no excursions and/or exceedances;
 - b. Summary information on the number, duration and cause (including unknown cause, if applicable) for monitor downtime incidents (other than for calibration checks). If there were no periods of monitor downtime in the reporting period, then this report shall include a statement that there were no periods of monitor downtime;
 - c. A description of the actions taken to implement a Quality Improvement Plan (QIP) during the reporting period, if applicable. If a QIP has been completed, the report shall include documentation that the plan has been implemented and reduced the likelihood of similar levels of excursions or exceedances occurring.

The permittee shall promptly notify the AQD for the need to modify the CAM plan if it is found to be inadequate and submit a proposed modification to the ROP if necessary. **(40 CFR 64.7(e))**

See Appendix 8

VIII. STACK/VENT RESTRICTION(S)

The exhaust gases from the stacks listed in the table below shall be discharged unobstructed vertically upwards to the ambient air unless otherwise noted:

Stack & Vent ID	Maximum Exhaust Dimensions (inches)	Minimum Height Above Ground (feet)	Underlying Applicable Requirements
1. SV-FL-ADHES-MAN	48 ²	58 ²	R 336.1225 40 CFR 52.21 (c) and (d)
2. SV-FL-BASE-MAN	56 ²	58 ²	R 336.1225 40 CFR 52.21 (c) and (d)
3. SV-FL-CLEAR-MAN	48 ²	58 ²	R 336.1225 40 CFR 52.21 (c) and (d)
4. SV-FL-THERMAL-OX	82 ²	58 ²	R 336.1225 40 CFR 52.21 (c) and (d)

IX. OTHER REQUIREMENT(S)

1. All coating applicators shall be properly installed maintained and operated according to manufacturers specifications.² **(40 CFR 52.21(j), R 336.1702(a))**
2. All purge solvents and coating from all coating applicators used in the fascia line shall be captured and stored in closed containers and disposed of in an acceptable manner.² **(R 336.1702(a))**
3. Upon detecting an excursion, as indicated in EUFASCIA-LINE (VI) (12) and (13), the permittee shall restore operation of EUFASCIA-LINE to its normal or usual manner of operation as expeditiously as practicable in accordance with the approved Malfunction Abatement Plan (MAP) and good air pollution control practices for minimizing emissions. The permittee shall document the actions taken to restore normal operation. **(40 CFR 64.7(d))**
4. The permittee shall, at all times, maintain the compliance assurance monitoring, included but not limited to, maintaining necessary parts for routine repairs of the monitoring equipment. **(40 CFR 64.7(b))**
5. The permittee shall comply with all of the requirements of 40 CFR 64 (Compliance Assurance Monitoring). **(40 CFR 64.6(c)(3))**

Footnotes:

¹This condition is state only enforceable and was established pursuant to Rule 201(1)(b).

²This condition is federally enforceable and was established pursuant to Rule 201(1)(a).
