Glossary of Terms

This section contains terms used in the Bulletin 1014, together with such additional terms as may be helpful in promoting a common understanding of school financial accounting and reporting procedures.

General Terms

Fund—A sum of money or other resources set aside for specific activities of a school district. A fund constitutes a complete accounting entity; all of the financial transactions for the particular fund are recorded therein.

General Fund—The fund used to record all operating revenue and expenditures of the district pertaining to education except the school food service, athletics, purchase of sites, construction of buildings, and the retirement of bonded debt.

Revenue

Local—Revenue produced within the school district boundaries for operating the schools and available to the district in the amount produced. The major source of local revenue in most districts is the general property tax levy.

State—Revenues received or to be received from the State of Michigan which are appropriated by the state out of state levied funds. The major source of state revenue in most districts is the State School Aid foundation allowance.

Federal—Revenue received or to be received from the federal government which is redistributed by the state; or redistributed by a local unit of government, such as a county or a city; or allocated directly by a federal agency, e.g., U.S. Department of Education.

ALL SOURCES—Includes revenues from local, state, federal and intermediate units of government (e.g., county), as well as incoming transfers and other transactions. Please note, the total of local, state and federal revenues will not add to the "ALL SOURCES" total because intermediate revenues and incoming transfers are not included in any of the individual revenue columns.

Expenditure Accounts

Instruction—The cost of activities dealing directly with the teaching of students in the classroom or in a classroom situation.

Basic Programs—The classroom costs related to basic instructional programs. This includes pre-school, elementary, middle and high school programs. These do not include capital outlay.

Added Needs—The classroom costs of added needs instructional programs offered by the school. This includes special education, compensatory education, and vocational education. These do not include capital outlay.

Adult Education—The classroom costs of adult/continuing education programs operated within the school's general fund. These do not include capital outlay.

Total Instructional Expenditure— The total basic, added needs, and adult education classroom instructional costs. These do not include capital outlay.

Instructional Salaries— The total classroom instructional salary and fringe benefit costs for classroom instructional personnel.

Support Services—The cost of activities which provide administrative, technical, and logistical support to facilitate and enhance instruction.

Instructional—The costs of pupil support services and instructional staff support services. These include, but are not limited to, speech therapists, guidance counselors, school nurses, and curriculum specialists. These do not include capital outlay.

Business and Administration—The total cost of general administration, school administration, business services, central services, and other support services. These do not include capital outlay.

Operations and Maintenance—The cost of those activities concerned with keeping the physical plant open, comfortable, and safe for use. These do not include capital outlay.

Total Support Services—The total cost of support services. In addition to instructional support, business and administration, and operations and maintenance, the total includes transportation services. These do not include capital outlay.

Current Operating Expenditures—The total of Instructional and Support Services Expenditures. A descriptive heading under which are grouped all General Fund expenditures of the current year used to educate elementary/secondary students. These expenditures do not include capital outlay or community services.

General Fund Expenditures—A descriptive heading under which are grouped all accounts for operating a school district. These activities include current operating expenditures, community services, and capital outlay. These amounts do not include outgoing transfers and other transactions.

Other Terms

Average Salary Per Teacher—A heading under which are gathered the full-time and prorated portions of regular teachers' salaries for teaching services provided to pupils. The computation is made by dividing the total salaries of certified staff charged to Account Code 110, Basic Programs, by the corresponding teacher count from FTE Staffing Report IM-4204.

State Aid Members—The number of pupils legally enrolled and reported to the Michigan Department of Education on the Fall DS-4061 report. The count includes prorated portions of the instructional time spent by private school pupils in the public school district.

Taxable Value Per State Aid Member (Homestead and Non-Homestead)—The figure represents a calculation made by dividing the taxable value of real estate and personal property in the district, by the number of pupils legally enrolled and reported to the MDE on the Fall DS-4061 report.

Pupil Teacher Ratio—Calculated by dividing the total K-12 enrollment not including special education by the total K-12 teachers.

Per Pupil—A revenue or expenditure category divided by the total State Aid Members of the school district.

Reader Notes

0 indicates missing or data not available, as well as actual zero values.

The following districts reported corrections to their Average Teacher Salaries for fiscal year 1996-97:

Petoskey (24070) \$51,485
Caledonia (41050) \$53,047
Berkley (63050) \$50,393

* Two public school districts appear in the 1997-98 publication with no financial data. Both entities received State School Aid for fiscal year 1997-98, but did not report either FTE or financial data to the Michigan Department of Education. Bloomfield School #1 (32140) did not operate in 1997-98 and Turtle Island Learning Circle (82931) closed at the end of fiscal year 1997-98.

Ranking of various data elements has been updated for fiscal year 1997-98. In prior years' Bulletin 1014, districts with tying amounts for a given data element have not received an equal ranking. The program creating the rankings simply assigned the next available rank to each subsequent record. For 1997-98, districts with tying values for a data element will be given an equal rank. Districts with missing or zero values will not be included in the rank. The ranking for each data element indicates the relative position of a given public school district as compared to all other public school districts reporting data for that data element. The total number of public school districts included for each element is listed on page 1 of the report.
