Technical Note: Utilizing the fall 2002 Single Record Student Database (SRS) submission, this data set was created by the Center for Educational Performance and Information, Data Analysis and Reporting Unit. This data set includes only student records that passed the CEPI Error Check Program. All total duplicated student records were omitted. In addition, the following students were eliminated: graduates, "non-public" students, students that "exited before" the count date, students that "enrolled after" the count date, "adult education" students, students attending "non-public" schools, and potential dupes matching on district code, school code, last name, first name, date of birth, gender and student identification number. Race/ethnic codes include the following: American Indian (ai), Asian (as), African American (aa), Hawaiian (hw), White (wh), Hispanic (hs), and Multiracial (mr). This data set contains two new race/ethnic codes not reported in prior years. Those new codes are Hawaiian and Multiracial.

¹The totals for K-12 do not include the ungraded or early childhood pupil headcounts.
