

August 20, 2009 -- Broadband Update 0005

Provided by the State of Michigan Planning Consortium for Broadband

Round 1 Update: Feds Provide Additional Time for Submitting Attachments

RUS and NTIA announced additional measures to ensure that all pending electronic applications can be submitted by the extended application deadline of 5:00 p.m. Eastern Time on August 20, 2009. All applicants must complete and submit their core application by the extended deadline. To the extent that any applicant has been unable to upload any of the attachments to the application by the extended deadline, it may submit those attachments on an appropriate electronic medium by hand-delivery, overnight express, or regular mail by 5:00 p.m. ET, August 24, 2009.

For more information see [Federal Register Notice: Broadband Initiatives Program \(BIP\) and Broadband Technology Opportunities Program \(BTOP\), Notice of Funds Availability; Method of Acceptance of Supplemental Attachments.](#)

The Notice is being provided for informational purposes only. If there is any difference between this document and the Notice officially published in the Federal Register, the Federal Register Notice is controlling.

You may leave the list at any time by sending a "SIGNOFF BROADBAND" command to LISTSERV@LISTSERV.MICHIGAN.GOV. You can also tell LISTSERV how you want it to confirm the receipt of messages you send to the list. If you do not trust the system, send a "SET BROADBAND REPRO" command and LISTSERV will send you a copy of your own messages, so that you can see that the message was distributed and did not get damaged on the way. After a while you may find that this is getting annoying, especially if your mail program does not tell you that the message is from you when it informs you that new mail has arrived from BROADBAND. If you send a "SET BROADBAND ACK NOREPRO" command, LISTSERV will mail you a short acknowledgement instead, which will look different in your mailbox directory. With most mail programs you will know immediately that this is an acknowledgement you can read later. Finally, you can turn off acknowledgements completely with "SET BROADBAND NOACK NOREPRO".

More information on LISTSERV commands can be found in the LISTSERV reference card, which you can retrieve by sending an "INFO REFCARD" command to LISTSERV@LISTSERV.MICHIGAN.GOV.
