In addition, should the equipment, software, commodity, or service, or the operation thereof, become or in the Contractor's opinion be likely to become the subject of a claim of infringement, the Contractor shall at the Contractor's sole expense (i) procure for the State the right to continue using the equipment, software, commodity or service or, if such option is not reasonably available to the Contractor, (ii) replace or modify the same with equipment, software, commodity or service of equivalent function and performance so that it becomes non-infringing, or, if such option is not reasonably available to Contractor, (iii) accept its return by the State with appropriate credits to the State against the Contractor's charges and reimburse the State for any losses or costs incurred as a consequence of the State ceasing its use and returning it.

In any and all claims against the State of Michigan, or any of its agents or employees, by any employee of the Contractor or any of its subcontractors, the indemnification obligation under the Contract shall not be limited in any way by the amount or type of damages, compensation or benefits payable by or for the Contractor or any of its subcontractors under worker's disability compensation acts, disability benefits acts, or other employee benefits acts. This indemnification clause is intended to be comprehensive. Any overlap in sub clauses, or the fact that greater specificity is provided as to some categories of risk, is not intended to limit the scope of indemnification under any other sub clause.

Continuation of Indemnification Obligation

The duty to indemnify will continue in full force and affect notwithstanding the expiration or early termination of the Contract with respect to any claims based on facts or conditions, which occurred prior to termination.

Indemnification Procedures

The procedures set forth below shall apply to all indemnity obligations under this Contract.

- (a) After receipt by the State of notice of the action or proceeding involving a claim in respect of which it will seek indemnification, the State shall promptly notify Contractor of such claim in writing and take or assist Contractor in taking, as the case may be, any reasonable action to avoid the imposition of a default judgment against Contractor. No failure to so notify Contractor shall relieve Contractor of its indemnification obligations except to the extent that Contractor can demonstrate damages attributable to such failure. Within ten (10) days following receipt of written notice from the State relating to any claim, Contractor shall notify the State in writing whether Contractor agrees to assume control of the defense and settlement of that claim (a "Notice of Election"). After notifying Contractor of a claim and prior to the State receiving Contractor's Notice of Election, the State shall be entitled to defend against the claim, at Contractor's expense, and Contractor will be responsible for any reasonable costs incurred by the State in defending against the claim during such period.
- (b) If Contractor delivers a Notice of Election relating to any claim: (i) the State shall be entitled to participate in the defense of such claim and to employ counsel at its own expense to assist in the handling of such claim and to monitor and advise the State about the status and progress of the Defense; (ii) Contractor shall, at the request of the State, demonstrate to the reasonable satisfaction of the State, Contractor's financial ability to carry out its defense and indemnity obligations under this Contract; (iii) Contractor shall periodically advise the State about the status and progress of the defense and shall obtain the prior written approval of the State before entering into any settlement of such claim or ceasing to defend against such claim and (iv) to the extent that any principles of Michigan governmental or public law may be involved or challenged, the State shall have the right, at its own expense, to control the defense of that portion of such claim involving the principles of Michigan governmental or public law. Notwithstanding the foregoing, the State may retain control of the defense and settlement of a claim by written notice to Contractor given within ten (10) days after the State's receipt of Contractor's information requested by the State pursuant to clause (ii) of this paragraph if the State determines that Contractor has failed to demonstrate to the reasonable satisfaction of the State Contractor's financial ability to carry out its defense and indemnity obligations under this Section. Any litigation activity on behalf of the State of Michigan, or any of its subdivisions pursuant to this Section, must be coordinated with the Department of Attorney General. In the event the insurer's attorney represents the State pursuant to this Section, the insurer's attorney may be required to be designated as a Special Assistant Attorney General by the Attorney General of the State of Michigan.
- (c) If Contractor does not deliver a Notice of Election relating to any claim of which it is notified by the State as provided above, the State shall have the right to defend the claim in such manner as it may deem appropriate, at the cost and expense of Contractor. If it is determined that the claim was one against which Contractor was required to indemnify the State, upon request of the State, Contractor shall promptly reimburse the State for all such reasonable costs and expenses.

2.306 LIMITATION OF LIABILITY

The Contractor's liability for damages to the State shall be limited to two times the value of the Contract or \$5,000,000 which ever is higher. The foregoing limitation of liability shall not apply to claims for infringement of United States patent, copyright, trademarks or trade secrets; to claims for personal injury or damage to property caused by the gross negligence or willful misconduct of the Contractor; to claims covered by other specific provisions of this Contract calling for liquidated damages; to Contractor's indemnification obligations (2.305); or to court costs or attorney's fees awarded by a court in addition to damages after litigation based on this Contract.

The State's liability for damages to the Contractor shall be limited to the value of the Contract.

2.307 CONTRACT DISTRIBUTION

Acquisition Services shall retain the sole right of Contract distribution to all State agencies and local units of government unless other arrangements are authorized by Acquisition Services.

2.308 FORM, FUNCTION, AND UTILITY

If the Contract is for use of more than one State agency and if the good or service provided under this Contract do not meet the form, function, and utility required by a State agency, that agency may, subject to State purchasing policies, procure the good or service from another source.

2.309 ASSIGNMENT OF ANTITRUST CAUSE OF ACTION

For and in consideration of the opportunity to submit a quotation and other good and valuable consideration, the bidder hereby assigns, sells and transfers to the State of Michigan all rights, title and interest in and to all causes of action it may have under the antitrust laws of the United States or this State for price fixing, which causes of action have accrued prior to the date of payment and which relate solely to the particular goods, commodities, or services purchased or procured by this State pursuant to this transaction.

This provision also applies to the books, records, accounts, documents and papers, in print or electronic form, of any parent, affiliated or subsidiary organization of Contractor, or any Subcontractor of Contractor performing services in connection with the Contract.

- (c) Retention of Records. - (d) Audit Resolution. If necessary, the Contractor and the State shall meet to review each audit report promptly after issuance. The Contractor will respond to each audit report in writing within thirty (30) days from receipt of such report, unless a shorter response time is specified in such report. However, a credit or debit may not be carried for more than four (4) quarterly statements. If a balance remains after four (4) quarterly statements, then the remaining amount will be due as a payment or refund within forty-five (45) days of the last quarterly statement that the balance appeared on or termination of the contract, whichever is earlier.

 - 2. In addition to other available remedies, the difference between the payment received and the correct payment amount is greater than ten (10%), then the Contractor shall pay all of the reasonable costs of the audit.

2.601 BREACH DEFINED

Failure to comply with articles, sections, or subsections of this agreement, or making any false statement in this agreement will be considered a material breach of this agreement giving the state authority to invoke any and all remedies available to it under this agreement.

In addition to any remedies available in law and by the terms of this contract, if the Contractor breaches Sections 2.508, 2.509, or 2.510, such a breach may be considered as a default in the performance of a material obligation of this contract.

In such event, the non-performing party will be excused from any further performance or observance of the obligation(s) so affected for as long as such circumstances prevail and such party continues to use its best efforts to recommence performance or observance whenever and to whatever extent possible without delay provided such party promptly notifies the other party in writing of the inception of the excusable failure occurrence, and also of its abatement or cessation.

The Contractor acknowledges that, if this Contract extends for several fiscal years, continuation of this Contract is subject to appropriation or availability of funds for this project. If funds are not appropriated or otherwise made available, the State shall have the right to cancel this Contract at the end of the last period for which funds have been appropriated or otherwise made available by giving written notice of cancellation to the Contractor. The State shall give the Contractor written notice of such non-appropriation or unavailability within 30 days after it receives notice of such non-appropriation or unavailability.

The State may terminate this Contract without further liability or penalty in the event any final administrative or judicial decision or adjudication disapproves a previously approved request for purchase of personal services pursuant to Constitution 1963, Article 11, section 5, and Civil Service Rule 7. Termination may be in whole or in part and may be immediate as of the date of the written notice to Contractor or may be effective as of the date stated in such written notice.

The change order granting the time extension may provide that the contract completion date will be extended only for those specific elements related to the changed work and that the remaining contract completion dates for all other portions of the work will not be altered. AND PRICING**

KELMAR ASSOCIATES, LLC

April 21, 2004

Mr. Gonzalo G. Llano
Administrator
Unclaimed Property Division
P.O. Box 30756
Lansing, MI 48909

Dear Mr. Llano:

Thank you for taking the time out of your busy schedule to speak with Mark McQuillen and myself last Thursday. As we discussed, Kelmar Associates, LLC (Kelmar) is most interested in securing a contract with the state of Michigan (MI) to conduct unclaimed property examinations. We also discussed how other states have expedited their procurement processes by contracting with Kelmar under a "sole source" or no-bid basis. These states were able to contract with Kelmar on a sole source basis because of a unique convergence of circumstances within the unclaimed property industry. These circumstances equally apply to MI and are enumerated as follows:

- Kelmar is widely recognized as a leading contract audit firm in the United States for "general ledger" unclaimed property services. Kelmar has more unclaimed property examiners than any contract audit firm.
 - Kelmar is currently conducting unclaimed property examinations of numerous Fortune 1,000 companies, from its New England, Mid-Atlantic and West Coast offices.
 - Kelmar's examination experience encompasses every major industry type.
 - As the primary contract escheat examination firm for Delaware, Kelmar is uniquely positioned to benefit its other client states due to the importance of incorporation rules in abandoned property and the high percentage of Delaware-incorporated entities.
 - By joining a Delaware-mandated examination, MI could substantially benefit from an economy of scale because a direct examination of a major corporation for unclaimed property with only MI addresses is frequently not cost effective.
 - Kelmar's extensive knowledge of how Holders (through Public Accounting Firms) conduct "self-audits" or "voluntary disclosures" allow our client states to better evaluate these self-determinations of escheat liability.
 - Since its inception two and a half years ago, Kelmar has provided a clear and proven track record of success in assisting states with increasing their unclaimed property compliance.
-

- Kelmar works exclusively on behalf of its client states. Kelmar does not, under any circumstances, represent holders in consulting or voluntary disclosures. In addition, Kelmar only conducts mandated examinations for its client states and under no circumstances does Kelmar conduct or attempt to conduct examinations without direct written authority in advance of contact by a client state. Also, Kelmar does not “process” abandoned property, rather, each recommended finding is based upon a thorough examination of the books and records of the company. Lastly, Kelmar does not substitute the judgment of any other firm or substitute the judgment of the holder for its own.

MI Contract Terms

As requested, we want to memorialize our understanding and agreement with the following MI contract terms:

- Kelmar agrees to receive a gross contingency fee of 12% of the unclaimed funds paid to MI as a result of a Kelmar examination subject to a 1% discount if MI pays Kelmar within 20 days after receipt of an invoice from Kelmar. Therefore, Kelmar will receive a net overall fee of 11%.
- Kelmar estimates that its fees for the first three years of the contract will be one million dollars per year. We understand that MI can make adjustments to the yearly fee limit as actual results warrant.

Present Opportunities for MI

As we stated, Kelmar has recently been assigned several examinations, by Delaware, of multi-billion dollar companies. Based upon our experiences with companies in similar industries, we strongly believe that our examination findings will uncover significant amounts of MI-address abandoned unclaimed property. However, after Kelmar has seen the confidential books and records of these companies, Kelmar will not represent any more states in these examinations. Therefore, if there is anything that we can do to expedite the procurement process so that you may be able to participate in these examinations, please let us know.

Again, we appreciate the opportunity to present our qualifications to you and we look forward to hearing from you in the near future.

Sincerely,

A handwritten signature in black ink that reads "Samuel E. LaRosa".
