GENERAL

This Contract is for the commodities or services specified thereunder to be furnished during the period as noted. Exact quantities to be purchased are unknown except that Contractor will be required to furnish all such materials as may be ordered during the Contract period. Quantities specified if any, are estimates based on prior purchases, and the State is not obligated to purchase in these or any other quantities. Orders for delivery will be issued directly to the Contractor by various State departments on the Direct Purchase Order Release Form and by the Office of Purchasing on the Direct Purchase Order Form.

Attached is a listing of State agencies who may wish to order from this Contract. The listing shall not limit participation of additional agencies as the need may develop at the same prices, terms and conditions.

This Contract will consist of published addenda modifying the ITB, the contents of the ITB, and the Contractor's response to the ITB requirements. In case of disagreement, the ITB as modified by the published addenda will rule. The State of Michigan shall not be bound by any part(s) of any bidder's response to the ITB which contains information, options, conditions, terms, or prices not requested nor required in the ITB.

The failure of a party to insist upon strict adherence to any term of this Contract shall not be considered a waiver or deprive the party of the right thereafter to insist upon strict adherence to that term or any other term of this Contract.

This Contract may not be modified, amended, extended, or augmented except by a writing executed by the parties hereto, and any breach or default by a party shall not be waived or released other than in writing signed by the other party.

Each provision of this Contract shall be deemed to be severable from all other provisions of this Contract and, if one or more of the provisions of this Contract shall be declared invalid, the remaining provisions of this Contract shall remain in full force and effect.

This Contract shall in all respects be governed by, and construed in accordance with, the laws of the State of Michigan.

CONTRACT TERM

The term of this Contract will be for a three (3) year period and will commence with the issuance of the Contract. This will be March 1, 1998 through February 18, 2001.

By mutual agreement of the parties, Contract may be extended for up to two one-year periods. Contractor performance, quality of products, Contractor's ability to negotiate discounted pricing for the State of Michigan and the State's requirements shall be used as a basis for any decision by the Office of Purchasing to extend the Contract into each of the two one-year extensions. At the sole option of the State, the Contract may be extended an additional 60 days following the expiration of the original Contract or following any one-year extension of the Contract. This 60 day extension shall be at the same terms and conditions which immediately preceded the extension, whether the original Contract or a one-year extension.

NEWS RELEASES

News releases pertaining to this Contract or project to which it relates shall not be made without prior written State approval, and then only in accordance with the explicit written instructions from the State. No results of the activities associated with this Contract are to be released without prior written approval of the State and then only to persons designated.

ISSUING OFFICE

This Contract is issued by the Office of Purchasing, State of Michigan, Department of Management and Budget, hereinafter known as the Office of Purchasing, for the various State of Michigan departments, hereinafter known as State agencies. Where actions are a combination of those of the Office of Purchasing and the State agencies, the authority will be known as the State.

The Office of Purchasing is the only office authorized to change, modify, amend, alter, clarify, etc., the specifications, terms, and conditions of this Contract. The Office of Purchasing will remain the SOLE POINT OF CONTACT throughout the procurement process until such time as the Director of Purchasing shall direct otherwise in writing (see paragraph below). CONTRACT ADMINISTRATOR

Upon receipt at the Office of Purchasing of the properly executed Contract Agreement(s), it is anticipated that the Director of Purchasing will direct that all State agencies be authorized to administer the Contract on a day-to-day basis during the term of the Contract. However, administration of this Contract implies no authority to change, modify, clarify, amend, or otherwise alter the terms, conditions, and specifications of such Contract. That authority is retained by the Office of Purchasing.

INCURRING COSTS

The State of Michigan is not liable for any cost incurred by the Contractor prior to signing of this Contract. The State fiscal year is October 1st through September 30th. Further, the State will consider the prime Contractor to be the sole point of contact with regard to Contractual matters, including payment of any and all charges resulting from this Contract. If any part of the work is to be subcontracted, responses must include a list of subcontractors, including firm name and address, contact person and a complete description of work to be subcontracted. The State reserves the right to approve subcontractors and to require the primary Contractor to replace subcontractors found to be unacceptable. The Contractor is totally responsible for adherence by the subcontractor to all provisions of the Contract. Any change in subcontractors must be approved by the State, in writing, prior to such change.

SPECIFICATIONS

Definite Specifications - All commodities and services to be furnished thereunder shall conform to the specifications as noted in the "Invitation To Bid" and/or copies of specifications attached

The clothing shall be of a quality that will withstand average to above average daily wear and institutional laundering. A complete listing of the line(s) of clothing which will be provided during the term of the Contract is shown on the Item Listing at the end of the terms and conditions. If, during the term of the Contract, new items of clothing are added to the Contractor's line, Contractor shall contact Corinne Sackrider, Office of Purchasing, and if the State and the Contractor are agreeable, the new items will be added to the item listing of clothing. Some of the agencies may require the Contractor to provide a service to their particular agency which shall include going directly to the agency and measuring each individual for his/her clothing needs, including any special fitting needs, abilities and disabilities, habits and preferences. Contractor shall be able to respond to facility problems and consult with staff.

INSPECTION OF PRODUCT

Defective items shall be exchanged or credited by the Contractor depending upon the Agency's request.

PERFORMANCE REVIEW

Performance reviews may be conducted quarterly, semi-annually or annually depending on Contractor's past performance with the State. Performance reviews may include, but not be limited to, quality of product being delivered, timeliness of delivery, and the amount of back orders and status of such orders. Upon a finding of poor performance, which has been documented by the Office of Purchasing, the Contractor shall be given an opportunity to respond and take corrective action. If corrective action is not taken in a reasonable amount of time, as determined by the Office of Purchasing, the Contract may be cancelled for default. The Office of Purchasing reserves the right to cancel the Contract immediately at any time for default, if it is discovered and documented that seconds or irregular products are being delivered to any State agency by the Contractor.

PRICE

Prices quoted are the maximum for a period of 180 days from date Contract becomes effective.

Prices may be subject to revision at the end of each 180 day period if there are changes in the general industry. Revisions may be either increases or decreases and may be requested by either party. Evidence of general industry changes, such as revised printed price lists or notices, and evidence that the change actually affected the Contractor's costs for materials must accompany the request. The prices quoted shall be firm for 180 days. Requests for price changes shall be received in writing at least thirty (30) days prior to their effective date and are subject to written acceptance before becoming effective. If proposed prices are not acceptable to either party, the Contract may be cancelled. The Contractor remains responsible for performing according to the Contract terms at the Contract price for all orders received before price revisions are approved or before the Contract is cancelled.

The postmark or fax date of the Contract Release will determine prices to be charged on orders (requesting a single shipment to be delivered prior to the effective date of the price revision) which may already be in transit to the Contractor prior to the new price implementation date. Orders issued by agencies requesting multiple deliveries, over a specified period of time, which may overlap two price periods, shall reflect the current price at the time of delivery.

SPECIAL REQUIREMENTS

Some agencies will need to have the Contractor go directly to the agency to measure and fit clients for their clothing needs as well as adding client labels to garments. Also if the shipment weighs less than 150 lbs. but costs \$3000 or more, it must be sent by the appropriate carrier listed above.

If the Contractor fails to follow these shipping instructions, the State shall pay the carrier used and deduct the difference from the Contractor's invoice for the amount which was charged and the amount which would have been charged if the requested carrier had been used.

Any purported assignment in violation of this Section shall be null and void. Further, the Contractor may not assign the right to receive money due under the Contract without the prior written consent of the State Purchasing Director.

DELEGATION

The Contractor shall not delegate any duties or obligations under this Contract to a subcontractor other than a subcontractor named in the bid unless the State Purchasing Director has given written consent to the delegation.

SITE VISITS

The State may conduct a site visit to tour and inspect Contractor's storage facilities and/or place of business. Site visit may also include a visit to the manufacturing/mill companies which will be providing the clothing. The Office of Purchasing, DMB, will schedule these visits, if required.

INDEMNIFICATION**1. General Indemnification**

The Contractor shall indemnify, defend and hold harmless the State, its departments, divisions, agencies, sections, commissions, officers, employees and agents, from and against all losses, liabilities, penalties, fines, damages and claims (including taxes), and all related costs and expenses (including reasonable attorneys' fees and disbursements and costs of investigation, litigation, settlement, judgments, interest and penalties), arising from or in connection with any of the following:

(a) any claim, demand, action, citation or legal proceeding against the State, its employees and agents arising out of or resulting from (1) the product provided or (2) performance of the work, duties, responsibilities, actions or omissions of the Contractor or any of its subcontractors under this Contract.

(b) any claim, demand, action, citation or legal proceeding against the State, its employees and agents arising out of or resulting from a breach by the Contractor of any representation or warranty made by the Contractor in the Contract;

(c) any claim, demand, action, citation or legal proceeding against the State, its employees and agents arising out of or related to occurrences that the Contractor is required to insure against as provided for in this Contract;

(d) any claim, demand, action, citation or legal proceeding against the State, its employees and agents arising out of or resulting from the death or bodily injury of any person, or the damage, loss or destruction of any real or tangible personal property, in connection with the performance of services by the Contractor, by any of its subcontractors, by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable; provided, however, that this indemnification obligation shall not apply to the extent, if any, that such death, bodily injury or property damage is caused solely by the negligence or reckless or intentional wrongful conduct of the State;

(e) any claim, demand, action, citation or legal proceeding against the State, its employees and agents which results from an act or omission of the Contractor or any of its subcontractors in its or their capacity as an employer of a person.

The Contractor shall indemnify, defend and hold harmless the State, its employees and agents from and against all losses, liabilities, damages (including taxes), and all related costs and expenses (including reasonable attorneys' fees and disbursements and costs of investigation, litigation, settlement, judgments, interest and penalties) incurred in connection with any action or proceeding threatened or brought against the State to the extent that such action or proceeding is based on a claim that any piece of equipment, software, commodity or service supplied by the Contractor or its subcontractors, or the operation of such equipment, software, commodity or service, or the use or reproduction of any documentation provided with such equipment, software, commodity or service infringes any United States or foreign patent, copyright, trade secret or other proprietary right of any person or entity, which right is enforceable under the laws of the United States. In addition, should the equipment, software, commodity, or service, or the operation thereof, become or in the Contractor's opinion be likely to become the subject of a claim of infringement, the Contractor shall at the Contractor's sole expense (i) procure for the State the right to continue using the equipment, software, commodity or service or, if such option is not reasonably available to the Contractor, (ii) replace or modify the same with equipment, software, commodity or service of equivalent function and performance so that it becomes non-infringing, or, if such option is not reasonably available to Contractor, (iii) accept its return by the State with appropriate credits to the State against the Contractor's charges and reimburse the State for any losses or costs incurred as a consequence of the State ceasing its use and returning it.

3. Indemnification Obligation Not Limited

In any and all claims against the State of Michigan, its departments, boards, agencies, commissions, officers, employees, and agents, by any employee of the Contractor or any of its subcontractors, the indemnification obligation under the Contract shall not be limited in any way by the amount or type of damages, compensation or benefits payable by or for the Contractor or any of its subcontractors under worker's disability compensation acts, disability benefits acts, or other employee benefits acts. This indemnification clause is intended to be comprehensive. Any overlap in subclauses, or the fact that greater specificity is provided as to some categories of risk, is not intended to limit the scope of indemnification under any other subclause.

4. Continuation of Indemnification Obligation

The duty to indemnify will continue in full force and effect notwithstanding the expiration or early termination of the Contract with respect to any claims based on facts or conditions which occurred prior to termination.

CONTRACT DISTRIBUTION

The Office of Purchasing shall retain the sole right of Contract distribution to all State agencies unless other arrangements are authorized by the purchasing office.

CONTRACTOR'S LIABILITY INSURANCE

The Contractor shall purchase and maintain such insurance as will protect him from claims set forth below which may arise out of or result from the Contractor's operations under the Contract (Direct Purchase Order), whether such operations be by himself or by any Subcontractor or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable:

- (1) Claims under workers' compensation, disability benefit and other similar employee benefit act. A non-resident Contractor shall have insurance for benefits payable under Michigan's Workers' Compensation Law for any employee resident of and hired in Michigan; and as respects any other employee protected by workers' compensation laws of any other state the Contractor shall have insurance or participate in a mandatory state fund to cover the benefits payable to any such employee.
- (2) Claims for damages because of bodily injury, occupational sickness or disease, or death of his employees.
- (3) Claims for damages because of bodily injury, sickness or disease, or death of any person other than his employees, subject to limits of liability of not less than \$300,000 each occurrence and, when applicable \$300,000 annual aggregate, for non-automobile hazards and as required by law for automobile hazards.
- (4) Claims for damages because of injury to or destruction of tangible property, including loss of use resulting therefrom, subject to a limit of liability of not less than \$50,000 each occurrence for non-automobile hazards and as required by law for automobile hazards.
- (5) Insurance for Subparagraphs (3) and (4) non-automobile hazards on a combined single limit of liability basis shall not be less than \$300,000 each occurrence and when applicable, \$300,000 annual aggregate.

The insurance shall be written for not less than any limits of liability herein specified or required by law, whichever is greater, and shall include Contractual liability insurance as applicable to the Contractor's obligations under the Indemnification clause of the Contract (Direct Purchase Order).

BEFORE STARTING WORK THE CONTRACTOR MUST FURNISH TO THE OFFICE OF PURCHASING, CERTIFICATE(S) OF INSURANCE VERIFYING LIABILITY COVERAGE. THE CONTRACT OR DIRECT PURCHASE ORDER NO.
