Mason Building, 530 W. Allegan Street, Lansing, Michigan, 48933  
**Proposals are due no later than 2:00 PM local time on Monday, May 3, 2010**

## DESCRIPTION OF WORK

Professional services for channel dredging at the Bayport Boating Access Site (A-32-007). Services to include preliminary design through construction oversight for dredging an approximately 900 foot long channel and disposal of dredged sediment. Environmental testing of sediments and submission of applicable DNRE permits is included in this work. Project may be undertaken simultaneously with the U.S. Army Corps of Engineers (USACE) dredging of the outer channel. Disposal site has been identified by the DNRE and will be used by the USACE as well as for this proposed work. Coordination with DNRE staff and the USACE will be included in the work and experience working with USACE is important.

All Professional Service Contractors submitting proposals must be certified by the Department of Civil Rights for compliance with State of Michigan Equal Employment Opportunity requirements prior to submission of proposals. The DCR phone number is (313) 456-3822. A copy of the PSC's valid certificate of compliance or awardability shall be submitted with the proposal.
