

GEORGE HAKIM
DIRECTOR OF FACILITIES ADMINISTRATION, DMB

George Hakim has been the Director of Facilities Administration, Department of Management and Budget, since October 2, 2006. He is a licensed Professional Engineer with extensive institutional and commercial experience and is an accomplished facilities administration professional who has successfully managed diverse projects for academic institutions, such as Cranbrook, and firms involved with automotive product development, hospitality industry, and engineering. George earned a bachelor's degree in civil engineering from the University of Detroit and continued post-graduate study at Wayne State University.

Within DMB, George oversees an extensive facilities operation that includes over 300 employees in four separate divisions: Building Operations, Design and Construction, Security and Emergency Management and the Real Estate division. This diverse operation includes statewide building and grounds maintenance, the state capital outlay program, which includes major construction, and project management, state-wide strategic space planning, including state land acquisitions and leasing, as well as providing parking administration and 24/7 security and emergency management services for DMB facilities.
