Information Regarding the Fall 2009 REP Submission

Please note the following:

- Changes that have been made to the REP Data Field Descriptions since the previous submission are noted in Arial font, with a dashed underline.

Managing your MEIS Account

E-mail address and phone number. It is important for the MEIS user information to be current. E-mail messages are sent to all authorized users of an application. Therefore, it is imperative for all MEIS users to keep their e-mail addresses current in their MEIS accounts. Because it is sometimes necessary for an individual from the state to contact an authorized user by telephone, each authorized user's phone number must be kept current as well. If an update is necessary for an authorized user's e-mail address or phone number, please do the following:

Update an MEIS account at <http://michigan.gov/meis>.

- a. Click on the MEIS logo.
- b. Log in as an MEIS user.
- c. Click on "Edit Personal Information."
- d. Click on "Save Changes" to update your account.
- e. Click on "Return to the MEIS User Management Main Menu."
- f. Log out of MEIS.

Name Change. A name change affects an authorized user's security access to an application. Authorized users are only allowed to log in as the individual named on the security agreement. If an authorized user has a name change, the authorized user must do the following:

1. Create a new MEIS account at www.michigan.gov/meis.
2. Complete and submit the appropriate security agreement form(s) for the CEPI application(s) for which he/she has authorization. The security agreement form for REP is located on the CEPI Web site at www.michigan.gov/cepi. Click on "MEIS Data Services" and then click on "Registry of Educational Personnel." The security agreement form may be found under the heading "Submit REP Data to CEPI".
3. Notify CEPI customer support (CEPI@michigan.gov) to close the former MEIS account (issued with the prior name) by faxing a completed MEIS Authorized User Removal Request form found at <http://michigan.gov/meis>.

Title IX Coordinators (Assignment submitted in Field 10: School Assignment by Grade, FTE, Wage, Accounting/Function Code, Highly Qualified Status, Academic Major, Academic Minor, and Administrator Continuing Education).

A Title IX coordinator must be designated by every local school district, including intermediate school districts and public school academies, receiving federal education funding in the state of Michigan. This is a requirement of the federal Title IX of the Education Amendments of 1972 that prohibits discrimination on the basis of sex. This person will also provide leadership and direct full compliance with the Michigan Elliott-Larsen Civil Rights Act. Equal opportunity compliance is required in curricular, co-curricular and/or extra-curricular activities. For questions concerning Title IX coordinators, please contact Roberta Stanley, supervisor and Title IX coordinator, Client Services Unit, Office of Professional Preparation Services, Michigan Department of Education, at 517-373-6791.

State of Michigan Office Contact

Each field listing in the REP Data Field Descriptions contains a state of Michigan office contact. This is the office to which questions pertaining to a particular field should be directed. As always, for technical assistance with your data submission, please contact CEPI customer support at 517-335-0505, select Option 3, or send an e-mail message to CEPI@michigan.gov. Please provide your name, district code and district name, the CEPI application name, your telephone number (including area code and extension), your e-mail address and your specific questions.

Dependencies with other fields: Field 3: Operating District Number

Programming edits: When the intermediate school district (ISD) code is invalid or blank, a fatal error is reported. The individual who uploads a file must be the authorized user for the ISD/Educational Service Agency (ESA) number that is submitted in the uploaded file, or a fatal error is reported.

Definition: These codes are the state-assigned ISD/ESA numbers. This is the code of the ISD/ESA that has the operating district or program where the staff member is employed. *For example:* St Joseph ISD's number is "75".

This field applies to assignment codes "000AX" through "99900".

Field 3: Operating District Number

Submission date:	First business day in December and June 30
Field use:	School Aid Act 388.1619; Section 501 of PA 119 of 2007; NCLB, 20 USC 6319

Field specification:	Five-character, right justified, zero fill
Record position/type:	013-017, character
Database field name:	OperatingDistrict
Code/format:	This is a five-position field (NNNNN).
Dependencies with other fields:	Field 2: Operating ISD/ESA Number

Programming edits: When the local education agency (LEA), public school academy (PSA) or ISD code is invalid or blank, a fatal error is reported. The individual who uploads a file must be the authorized user for the LEA, PSA or ISD number that is submitted in the uploaded file, or a fatal error is reported.

Definition: These codes are the state-assigned LEA, PSA or ISD numbers. Use the LEA, PSA, or ISD number of the district where the staff member is employed.

EEM (EEM) numbers are five digits. You must add a leading zero in front of the EEM numbers (e.g., 01234) for your district if you have been using four digits. To validate or request an EEM number, contact CEPI@michigan.gov.

This field applies to assignment codes "000AX" through "99900".

Field 5: First Name

Submission date:	First business day in December and June 30
Field use:	School Aid Act 388.1619; Section 501 of PA 119 of 2007; NCLB, 20 USC 6319; IDEA, 20 USC 1400 (Sec. 618)
State of Michigan office contact:	CEPI customer support, 517-335-0505, CEPI@michigan.gov
Field specification:	40-character, left justified
Record position/type:	058-097, alpha
Database field name:	FirstName
Code/format:	This is a 40-position field (Sally). If the first name is longer than 40 letters, place the first 40 letters of the first name in this field and truncate the remaining characters. If the first name is less than 40 letters, place the entire first name in this field, padded with blanks.
Dependencies with other fields:	Field 4: Last Name Field 12: Funded Position Status

Programming edits: If this field is left blank, a fatal error is reported. If Field 12: Funded Position Status has a value of "1", Field 5 must be submitted as "FUNDED" or a fatal error is reported. If "VACANT" is reported in Field 4: Last Name and "FUNDED" is reported in Field 5: First Name, then Field 12 must be reported with a value of "1" and the first five digits of Field 7: Social Security Number must be reported as the district number or a fatal error will be reported.

Definition: This is the employee's first name. In order to account for all positions in the district, report all staff members who fill positions that are temporarily vacant because of the termination of staff members. Report all pertinent information about the temporary substitute or contractor that would be submitted for an employee on staff.

Exceptions to this field are the Department of Corrections, Family Independence Agency, and Department of Community Health. For personal security reasons, these departments do not give staff members' names. For these departments, enter staff members as vacant positions (below).

Vacant positions: In order to track funded but vacant positions or for positions created since the previous school year and not yet filled: The *first* name should say "FUNDED."

This field applies to assignment codes "000AX" through "99900".

Field 7: Social Security Number

Submission date:	First business day in December and June 30
Field use:	School Aid Act 388.1619; Revised School Code, MCL 380.1231, 388.1233; Section 501 of PA 119 of 2007; Privacy Act, PL 93-579, Section 7 2005 PA 129-131 and 139
State of Michigan office contact:	CEPI customer support, 517-335-0505, CEPI@michigan.gov
Field specification:	Nine-character, blanks accepted
Record position/type:	138-146, integer
Database field name:	SocialSecurityNumber
Code/format:	This is a nine-position field (NNNNNNNNN).
Dependencies with other fields:	Field 8: Credential License Number Field 12: Funded Position Status Field 10: School Assignment Data

Programming edits: If this field is blank for assignment codes "00310" through "00413", "000NF", and "60000" through "99900" (excluding "60300" and "60400"), then a fatal error is reported. If this field and Field 8: Credential License Number are blank for assignment codes "000AX" through "00594" (excluding "00310" through "00413" and "000NF"), "60300" and "60400", (General Education, Special Education, Career/Technical Education), a fatal error is reported. If "VACANT" is reported in Field 4: Last Name and "FUNDED" is reported in Field 5: First Name, then Field 12: Funded Position Status must be reported with a value of "1" and the first five digits of Field 7: Social Security Number must be reported as the district number or a fatal error will be reported.

Definition: This field provides the official identification of each employee. For assignment codes "000AX" through "00594" (excluding "00310" through "00413" and "000NF"), "60300" and "60400", either this field or Field 8: Credential License Number must have a value; all other assignments require completion of this field. The Social Security number should be submitted without hyphens or spaces, e.g., 333-22-4444 is entered as 333224444. This field must have a value if the position is vacant.

Vacant positions: In order to track funded but vacant positions:

The number should be assigned in ascending sequence by the district beginning with the district number (NNNNN), followed by four additional numbers (NNNN). For example: Detroit City School District (82010) would use a number such as 820100001 for the first vacant position, followed by 820100002 for the next vacant position.

Note: Corrections to previously submitted data such as name, birthdate, gender, Social Security number, or credential number may be made through the REP Online Single Submission

Application. All corrections to birthdates must be made through the REP Single Submission Online Application.

For districts that use the Bulk Upload Application, the PIC number must be used if changes are made to the employee's name, gender, Social Security number, or credential number. If the PIC number is not used in the Bulk Upload file when a change is made, a duplicate record will be created.

Field 8: Credential License Number

Submission date:	First business day in December and June 30

State of Michigan office contact:	Krista Ried, Office of Professional Preparation Services (OPPS), 517-373-3310, Riedk@michigan.gov
Field specification:	15-character, left justified, pad with blanks
Record position/type:	147-161, alphanumeric
Database field name:	CredentialLicenseNumber
Code/format:	This is a 15-position field.
Dependencies with other fields:	Field 7: Social Security Number Field 12: Funded Position Status Field 17: Type of Credential Field 10: School Assignment Data

Programming edits: If this field and Field 7: Social Security Number are blank for assignment codes "000AX" through "00594" (excluding "00310" through "00413" and "000NF"), "60300" and "60400", a fatal error is reported. If the credential number is not a valid number in the Teacher Certification Database (License 2000), a fatal error is reported. For assignment codes "000AX" through "00594" (excluding "00310" through "00413" and "000NF"), "60300" and "60400", either this field or Field 7: Social Security Number must have a value.

Definition: This field identifies the state-issued credential number for licensed personnel. This is the credential number on the license the employee is using for this position.

The Office of Professional Preparation Services issues credential numbers with varying lengths. If the credential license number is less than 15 digits, left justify and pad with blanks to the right of the credential number. This field is left blank when the following exist:

- For staff members with pending credentials, Field 17: Credential License Number must be coded "02".
- For staff members with an assignment code "00310" through "00413", or "000NF" who are not required to hold credentials for their positions, Field 17 may be coded "00". For staff members with assignment codes "00310" through "00413" or "000NF" who are required to hold credentials, report the appropriate credential type in Field 17. If a staff member has a split, full-time equivalency (FTE) assignment where a credential is required for one assignment but not the other, the credential should be submitted.
- For staff members with life, permanent or continuing certificates without credential numbers, Field 17 must be coded "01", "05", "08", "23", "24", "25", "26", "40", "41", "42", "43", or "55".

Contact the Michigan Department of Education, Office of Professional Preparation Services (517-373-3310) to obtain the credential numbers for permanent and continuing certificates. Two methods are available for you to obtain the new credential numbers.

1. Credential Data Exchange (CDX): The CDX is available through your REP account on the MEIS. The CDX allows you to upload a list of all of your teachers. You will then be provided with a list of all of the credentials held by an individual. Complete information about the CDX and submission requirements is available at the REP Web site, located at <https://www.michigan.gov/cepi>. Click on "MEIS Data Services," and then click on "Registry of Educational Personnel."
2. The credential numbers may be obtained online through the Office of Professional Preparation Services' Michigan Teacher Certification Status Web site, located at <https://mdoe.state.mi.us/teachercert/>. You can obtain an individual's credential number by supplying the teacher's name on the Web site. You will then be given a list of all credentials held by the individual.

Field 9: Date of Hire

Submission date:	First business day in December and June 30																								
Field use:	Revised School Code, MCL 380.1231, 388.1233; School Aid Act, MCL 388.1613, 388.1619; Section 501 of PA 119 of 2007																								
State of Michigan office contact:	CEPI customer support, 517-335-0505, CEPI@michigan.gov																								
Field specification:	10-character, date with slashes																								
Record position/type:	162-171, date																								
Database field name:	DateOfHire																								
Code/format:	This is a 10-position field (MM/DD/CCYY). All dates must appear in the following manner: DD must be a number between 01 and 31. CCYY represents the year. For example, May 8, 1987 = 05/08/1987. Each MM must be one of the following: <table><tr><td>01</td><td>January</td><td>07</td><td>July</td></tr><tr><td>02</td><td>February</td><td>08</td><td>August</td></tr><tr><td>03</td><td>March</td><td>09</td><td>September</td></tr><tr><td>04</td><td>April</td><td>10</td><td>October</td></tr><tr><td>05</td><td>May</td><td>11</td><td>November</td></tr><tr><td>06</td><td>June</td><td>12</td><td>December</td></tr></table>	01	January	07	July	02	February	08	August	03	March	09	September	04	April	10	October	05	May	11	November	06	June	12	December

03	March	09	September																						
04	April	10	October																						
05	May	11	November																						
06	June	12	December																						
Dependencies with other fields:	Field 1: Date of Count Field 12: Funded Position Status Field 13: Date of Birth Field 25: Employment Status																								

Programming edits: If the field is left blank or does not contain a valid date, a fatal error will be reported, unless Field 12: Funded Position Status is submitted with a code "1" (i.e., vacant). The date of hire must be prior to the submission date, or a fatal error will be reported. The date of hire cannot be equal to or within 14 years of the date of birth, or a fatal error will be reported.

Definition: This field identifies the initial date of hire (date employed) for the staff member within the district. A change in position in the district does not change the initial hire date. For example, if a staff member terminates and is re-employed at a later date, a new hire date would be established for that individual. If a substitute teacher is hired to fill a regular teaching position, use the date the substitute teacher was originally hired into the district in the substitute teaching position. For vacant, funded positions (vacancy created since the previous school year and not yet filled), leave this field blank. This field applies to assignment codes "000AX" through "99900".

School Assignment: When a school/facility code is invalid, blank, or not in the Educational Entity Master (EEM), a fatal error is reported. For staff members submitted in a closed school/facility, the close date of the school/facility in the EEM cannot be prior to July 1 of the current submission year, or a fatal error is reported.

Assignment: When an assignment code is invalid (not included in the official list of assignment codes in Field 10) or blank, a fatal error is reported. If a "4" or "5" is submitted in Field 12: Funded Position Status for assignment codes "000AX" through "00594", "60300" or "60400", Code "11", "12", "13" or "53", or the appropriate credential type for a credentialed employee must be submitted in Field 17: Type of Credential.

Day-to-Day Substitute Teachers ("00SUB") and Day-to-Day Substitute Paraprofessionals/aides ("00PAR"): For day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides, submit the school/facility and the assignment code "00SUB" or "00PAR" in Field 10. Do not

submit any other Field 10 data elements, or a fatal error will be reported. For bulk upload files, submit the appropriate assignment code "00SUB" or "00PAR" and the school/facility only in Field 10. The remaining data elements in this field must be left blank or a fatal error will be reported. (See Appendix A for specific reporting requirements.)

Non-instructional staff members who work less than 0.5 FTE: For non-instructional staff members (assignment codes 81500 through 99900) who work less than 0.5 FTE, submit the school/facility, the appropriate assignment code and the FTE in Field 10. Do not submit any other Field 10 data elements, or a fatal error will be reported. For bulk upload files, submit the appropriate assignment code, the school/facility and the FTE only in Field 10. The remaining data elements in this field must be left blank or a fatal error will be reported. (See Appendix A in this manual for specific reporting requirements.)

Fields 1-5, 9-10, 13, 14, 15, 16, 17, 25 and 28 must be reported for all staff members [See Appendix A for reporting requirements for assignment codes "00SUB" (day-to-day substitute teachers), "00PAR" (day-to-day substitute paraprofessionals/aides) and non-instructional staff members assignment codes "81500" through "99900" with an FTE of less than 0.5.]

Assignment codes are reported for the remaining fields as follows:

If the assignment code is between "000AX" and "00594", "60300" or "60400", then Field 7: Social Security Number or Field 8: Credential License Number, Field 12: Funded Position, Field 17: Type of Credential, Field 24: Professional Development, and Field 29: Michigan Sponsoring Institution or Field 30: Non-Michigan Sponsoring Institution must be submitted (Field 29 and Field 30 are required to be submitted for new teachers only), or a fatal error will be reported.

If the assignment code is between "70000" and "79999", then Field 12: Funded Position Status, Field 17: Type of Credential, and Field 24: Professional Development must be submitted, or a fatal error is reported.

If the assignment code is "60100", "60200", "60401" "60500", "60501", "60600", "60700" or "80001" through "99900", then Field 17: Type of Credential must be submitted with zeros, or a fatal error is reported. Field 12: Funded Position Status must be left blank, or a fatal error is reported, unless the position is submitted as a vacant position or as an on-leave position.

Grade Assignment: When the grade level and educational setting are incorrect or blank for an employee (assignment codes "000AX" through "99900"), a fatal error is reported. If both a grade level and an educational setting are submitted, a fatal error is reported.

Educational Setting/Special Education Primary Age Group: A fatal error will be reported if the primary age group is not submitted under the Educational Setting for special education assignment codes "00192" through "00292" and "00403" through "00405" and "00407".

Educational Setting/Bilingual Education: A fatal error will be reported if a bilingual educational setting is not submitted under the Educational Setting for assignments codes beginning with "YA" through "YT".

FTE: If the FTE is left blank or is less than 0.00, a fatal error is reported. If the FTE is greater than 2.0, a fatal error is reported.

Wage: Reporting of the hourly wage is optional. However, a value must be submitted. Since the fall 2003 submission of the REP, districts have been able to submit both hourly wage and full-time base annual salary. Each field must have a value. If the hourly wage is submitted in this field, Field 28: Full-Time Base Annual Salary must have either the annual salary or zeros, or a fatal error is reported. If no value is entered, a fatal error is reported. The annual salary cannot

exceed \$300,000; the hourly wage cannot exceed \$999.99. When Field 12: Funded Position Status uses code "1" for a vacant position, submit zeros in both the hourly wage in Field 10 and Field 28: Annual Salary, or a fatal error is reported.

Accounting/Function Code: When the accounting/function code is invalid (not included in the official list of accounting/function codes as listed in this manual) or left blank, a fatal error is reported. Only valid accounting/function codes listed in this manual may be reported in the REP.

In an effort to improve data quality, the data field descriptions provide a list of suggested accounting/function codes for most of the assignment codes as defined by the Michigan Department of Education. If a specific accounting/function code is not listed for an assignment code or a range of accounting/function codes such as "2xx" through "3xx" is given, choose the appropriate valid accounting/function code for the assignment code from the list of valid accounting/function codes provided in this manual.

The following are the list of programming edits for the accounting/function code and assignment code alignments. *Note:* All programming edits that apply to assignment codes "000AX" through "00594" apply to the bilingual program teacher assignment codes beginning with a "YA" through "YT".

For assignment codes "000AX" through "000ZZ", "00192" through "00197", "00501" through "00594", "60200" through "60501", "92900", "94100" and "96200" (excluding "000NT", "000NY", "000ND") accounting/function codes "111" through "135" are recommended or a warning message will be reported. For assignment codes "60401" and "60501" accounting/function code "351" will also be accepted.

For assignment codes "00200" through "00392", "60100", "60600" and "60700", "70000" through "79999", and "81500" through "99900", (excluding "92900", "94100" and "96200" or 70000 codes ending with "30"), accounting/function codes "211" through "459" are recommended or a warning message will be reported. If the 70000 code ends with "30", then the accounting/function codes "111", "118" or "3xx" are recommended or a warning message will be reported.

For assignment codes "00403", "00405", "00406", an accounting/function code of "1xx" through "3xx" is recommended, for assignment codes "00410" and "00412" an accounting/function code of "125" or "3xx" is recommended, and for assignment codes "80002", "80005", and "80014" an accounting function code of "1xx" or "3xx" is recommended or a warning message will be reported.

For assignment codes "00404", "00407", "00411", "00413", "80001", "80004" and "80016" accounting/function codes "2xx" to "3xx" are recommended or a warning message will be reported.

For assignment codes "000NT", "000NY", "000ND", "00360" and "00370" accounting codes are recommended as follows or a warning message will be reported.

Assignment Code/Assignment Description	Accounting/Function Code
000NT – Guidance and Counseling	212
000NY – School Nurse	213
000ND – Library Media	222
00360 – Occupational Therapy	213
00370 – Physical Therapy	213

Note: For assignment codes listed without a specific accounting/function code or listed with a range such as "2xx" through "3xx", submit the most appropriate accounting/function code from the list of valid accounting/function codes in this field for the position held by the staff member.

Highly Qualified Status: A fatal error is reported if a "1" (yes) or "2" (no) is not submitted for core academic assignment codes "000AX" through "000ZZ", "00192" and "00197" (core academic instructional staff members as defined in NCLB), "80002", "80005", "00410" and "00412". For a list of the core academic subject areas, refer to the General Education assignment codes marked with a double asterisk (**) on pages 27 through 32 in this manual. For any non-core academic assignments within the range of codes "000AX" through "00594" that are not required to be submitted for Highly Qualified status, reporting of Highly Qualified status is optional and districts may report "0" (not applicable) in this position.

Note: Report Highly Qualified status for special education and alternative education teachers who provide direct instruction in the core academic subject areas.

For assignment codes "80002", "80005", "00410" and "00412", districts are to report Highly Qualified status. (See the definition for Highly Qualified Status in this field for specific information regarding Title I and Title C Instructional Paraprofessional/Aides) For staff members with assignment codes "80001", "80004", "00411" and "00413" districts are to submit a "0" (not-applicable).

For assignment codes "60100" through "60700", "70000" through "79999", and "80001", "80004" and "80014" through "99900", submit a "0" (not-applicable) in this position.

Academic Major: A fatal error is reported if a "1" (yes) or "2" (no) is not submitted for a core academic assignment codes "000AX" through "00594", (core academic instructional staff members as defined in NCLB; see Assignments to General Education for assignment codes marked with a double asterisk). For non-core academic assignment codes that are not required to be submitted for Highly Qualified status, report "0" (not applicable) in this position. For assignment codes "60100" through "60700", "70000" through "79999", and "80001" through "99900", submit a "0" (non applicable) in this position.

Academic Minor: A fatal error is reported if a "1" (yes) or "2" (no) is not submitted for a core academic assignment code "000AX" through "00594" (core academic instructional staff members as defined in NCLB, see Assignments to General Education for assignment codes marked with a double asterisk). For non-core academic assignment codes that are not required to be submitted for Highly Qualified status, report "0" (not applicable) in this position. For assignment codes "60100" through "60700", "70000" through "79999", and "80001" through "99900", submit a "0" (non applicable) in this position.

Administrator Continuing Education: A fatal error is reported if a "1" (yes), "2" (no) or "0" (not applicable) is not submitted for assignment codes "70000" through "79999". (See administrative assignment codes for specific assignment codes to be submitted.) For assignment codes that are not required to be submitted for administrator continuing education, report "0" (not applicable) in this position.

Number of academic classes taught: For the core academic subject areas in assignment codes "000AX" through "000ZZ", "00192" and "00197", a fatal error is reported if this position does not contain a value from "1" to "9". For non-core academic assignment codes "000AX" through "000ZZ" and "00195", "00196" and "00200" through "00413", districts must report a value from

"0" to "9", or a fatal error will be reported. All other assignment codes ("00500" through "99900") must be submitted with a code of "0", or a fatal error is reported.

Definition: This field identifies the school/facility where the staff member is employed by assignment, grade level, FTE, wage, and accounting/function code, as well as the school district's determination of whether the core academic subject area teacher or Title I instructional paraprofessional/aide meets the definition of "Highly Qualified" assignment, as required by the Elementary and Secondary Education Act as reauthorized by the *No Child Left Behind Act of 2001*. This field is repeated nine times, with the employee's primary position (i.e., greatest FTE) submitted in the first position of Field 10. Districts are to report all assignments for each staff member. This field applies to assignment codes "000AX" through "99900".

School Code: Five-digit code (NNNNN)

Definition: These codes are the state-assigned numbers in the Educational Entity Master (EEM). This field also provides the relational link to all the core data sets in the warehouse.

The EEM numbers are five digits. You must add a leading zero in front of the EEM numbers for all schools/facilities that have four-digit numbers (e.g., 01234).

Any district-operated school or Unique Education Provider may receive a five-digit number. For requesting an EEM number, the following guidelines have been created. These guidelines will help differentiate a school from other entity types. Send questions or comments regarding this field to CEPI@michigan.gov.

School: Generally, a public school is an administrative unit (not necessarily a physical building) that provides instruction to students. It is operated by a primarily publicly funded education entity [Michigan Department of Education (MDE), Intermediate School District (ISD), Local Education Agency (LEA), Public School Academy (PSA)] and has ALL of the following characteristics:

- An administrator (principal) who reports directly to the entity's chief executive officer (i.e., superintendent).
- Teachers responsible for educating a specific set of students.
- Students
- Receives a state-issued Michigan School Report Card. (The Michigan Department of Education annually makes a determination of Adequate Yearly Progress [AYP] for all public elementary schools, middle schools, and high schools in Michigan. AYP evaluates schools and school districts in the areas of academic achievement, participation in state assessment, graduation rate for high schools, and student attendance for elementary and middle schools.)

School for all other entities (State Agency, Nonpublic, Higher Education, Other) would be defined as: an administrative unit (not necessarily a physical building) that provides instruction to pupils and has the following characteristics:

- Administrator
- Teachers
- Students

Unique Education Provider: A Unique Education Provider is not a school; however, it provides instructional services to children before kindergarten, supplemental instruction, or provides support education for grade levels pre-K through 12, or adult education services. Generally it has:

- Administrator, supervisor, coordinator, or director who reports to a principal or another administrator
- Teachers who may have special endorsements beyond those normally required for Pre-K through 12
- Students select to attend or are referred by another public agency/school
- Students who are not necessarily in full-time attendance
- The location does not administer state assessments: MEAP, MME, MI-Access and/or ELPA, but may administer other state assessments.
- The location does not offer a Michigan Merit diploma (if grades 9-12).

Supplements or is a primary legal entity receiving funds through MDE. (i.e., Nonpublic School, Private School, Other State Agency, Higher Education Institution, Other Recipient of Funds through MDE)

Non-Instructional Ancillary Facility (NIAF): This entity does not provide instruction but is affiliated with the LEA, ISD, PSA, State, or Other and does receive an entity code for reporting purposes. Examples: entities serving as a bus garage, transportation center, plant/maintenance facility, administrative support, food service, communications/media, sports/recreation, health services, family/community center, professional training center, agriscience/natural resources center, treatment center.

(Definitions: Michigan Department of Education May, 2008)

For bus drivers, use the administrative school/facility code ("00000") for bus drivers unless the bus garage has a separate school/facility code. Bus garages may have separate school/facility codes.

Assignment: Five-digit code (NNNAA, AANAA or NNNNN)

All school personnel must be reported in the REP regardless of the FTE count.

Definition: The following pages include the instructional and non-instructional assignment codes. In general education, it is important to select the subject area assignment code that most accurately identifies the subject area being taught by the individual teacher. **Districts are to report all assignment codes for staff members with multiple assignments.** The primary assignment should be listed first if multiple assignments are being reported for one individual. For example, if a teacher's assignment is teaching English 0.6 FTE and History 0.4 FTE, report "000BA" (English) in the first position of Field 10 and "000CC" (History) in the second position of Field 10. *Place the numerals "000" (zero) before each two-letter subject code. Do not use the letter "o" for this purpose.*

In *special education assignments*, report the subject area assignment code for instructional staff members. For teacher consultant personnel, special education support personnel, or additional special education personnel, use the numeric codes found under the Special Education Assignments heading. For example, if the assignment is a Teacher Consultant for students with learning disabilities report assignment code "00230". If a special education teacher is providing direct instruction in a core academic subject area(s), report the appropriate core academic assignment code(s) for the position. Report Highly Qualified status for special education teachers who provide direct instruction in the core academic subjects.

In *administrator assignments*, the primary position held by the individual administrator is listed first if more than one assignment exists for the employee. For example, if an employee serves as assistant principal for the majority of the class day and teaches for a third of the day, the

requirement is to list the assistant principal position as the primary position and the teaching assignment in the next position.

In *noncertified/nonlicensed assignments for codes "81500" and "99900"*, select the assignment(s) that identifies the position held by the employee as accurately as possible. The school year 2002-2003 was the first year of collection for these assigned positions. Careful consideration is recommended for selections made for each employee in the district.

For *substitute teachers, day-to-day substitute teachers, and contractors*, report all full-time and part-time substitute teachers and contractors who are filling regular positions. For example, if the district has employed an individual under a full-year permit to fill a math position, report the individual as a regularly employed math teacher. In Field 17: Type of Credential, report code "11", Permit, full-year. This same procedure is followed for individuals employed under emergency (Field 17, code "12") and 1233B (Field 17, code "13") permits who have been employed to fill regular teaching positions. Use the correct code in Field 17 for each type of permit used. For contracted employees, report the appropriate assignment code for the position. Report all remaining fields as appropriate for the assignment code reported in Field 10.

For *day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides and assignments codes "81500" through "99900" with an FTE of less than 0.5*, refer to Appendix A in this manual for instructions regarding an alternate reporting option.

For *certified/noncertified positions*, if the district employs an individual in a split position as a teacher for 0.8 FTE and a paraprofessional/aide for 0.2 FTE, report the certified position as the primary assignment and the paraprofessional/aide as the secondary.

Fields 1-5, 7, 9-10* (or 28*), 11*, 13-17, and 25-27 must be reported for all staff members. Assignment codes are reported for remaining fields as follows:**

Numeric Range of Assignment Codes	Social Security or Credential Number Field 7 or 8	Funded Position Field 12	Credential Type Field 17	Credential Issued Date Field 18	Credential Expiration Date Field 19	Prof. Dev. Field 24	Sponsoring Institutions Report Either Field 29 or 30
000AX-00594, 60300 & 60400	yes	yes	yes	See <i>Note</i> below concerning these fields.		Yes	yes**
60000-60700 excluding 60300 & 60400	yes	yes	yes			No	No
70000-79999	yes	yes	yes			Yes	No
80001-80016	yes	no	yes			No	No
81500-99900	yes	no	yes			No	No

*Reporting of the hourly wage in Field 10 is optional; however, a value must be submitted. The value may be "0". See Field 28 for specific reporting requirements for annual salary.

**Field 29 or 30 must be submitted for teachers in their first three years of employment in the profession of teaching.

***Field 11: Title I and Title II, Part A, must be submitted for assignment codes "000AX" through "00594". See Field 11 for specific instructions.

Note: Reporting of Field 18: Credential Issue Date and Field 19: Date of Credential Expiration is optional. See the fields 18 and 19 for specific reporting requirements.

Pre-kindergarten teachers should be submitted with the assignment codes "60300" or "60400" (Early Childhood Education). Reporting Highly Qualified status is not required for these teachers.

Bilingual Education

In order to comply with the federal reporting requirements of the *No Child Left Behind Act*, the state must collect the bilingual program assignments based upon the subject area of instruction.

Bilingual Program Teacher Assignments

For each teacher assigned to a bilingual program, the assignment code must include the bilingual program in which the instruction is being provided and the subject area of instruction. The following steps outline the process for creating and reporting of the bilingual assignments and should be reported as follows (AANAA):

1. **Select the bilingual program area from Table 1.** (Page 31)
From the table of bilingual program areas "YA" through "YT" select the two-letter code for the bilingual program such as "YA" (Bilingual French). This will serve as the first two digits of the five-digit assignment code.
2. **Select the subject area being taught from Table 2.** (Page 31-32)
From the table of general education assignment codes "OAX" through "OZZ", select the three-digit subject area assignment code such as "OEX" (Mathematics) which will follow the two-letter bilingual program area code from step 1. The examples below illustrate sample assignment codes for teachers assigned to bilingual programs.

Examples:

"YA0EX"	Math instruction in a Bilingual French Program
"YB0BA"	English instruction in a Bilingual German Program
"YH0DC"	Chemistry instruction in a Bilingual Italian Program

3. Select the appropriate Bilingual Educational Setting for the position from the "Current Grade Assignment and Educational Setting" list. (see page 49)
4. The accounting/function code range recommendation is 111 through 135.

Note: All programming edits that apply to assignment codes "000AX" through "00594" apply to the bilingual program teacher assignment codes beginning with "YA" through "YT".

Bilingual Program Paraprofessional/Aide Assignments

For each bilingual paraprofessional/aide assigned to a bilingual program, the assignment code must include the bilingual program and the instructional or non-instructional status of the bilingual paraprofessional/aide. The following steps outline the process for creating and reporting of the bilingual paraprofessional/aide assignments and should be reported as follows (AANNN):

1. **Select the bilingual program area from Table 1. (Page 31)**
From the table of bilingual program areas "YA" through "YT", select the two-letter code for the bilingual program, such as "YA" (Bilingual French). This will serve as the first two digits of the five-digit assignment code.
2. **Select the type of bilingual paraprofessional/aide from Table 3. (Page 32)**
From the table of bilingual paraprofessional/aide assignment codes "014" and "016", select the three-digit assignment code such as "014" (instructional paraprofessional/aide) that will follow the two-letter bilingual program area code from step 1. The examples below illustrate sample assignment codes for paraprofessionals/aides assigned to bilingual programs.

Examples:

"YA014" Instructional Paraprofessional/Aide in a Bilingual French Program
 "YB016" Non-Instructional Paraprofessional/Aide in a Bilingual German Program

3. Select the appropriate Bilingual Educational Setting for the position from the "Current Grade Assignment and Educational Setting" list. (see page 49)
4. The accounting/function code range recommendation is 111 through 135.

The Michigan Department of Education, Office of Professional Preparation Services prepared the following chart to assist districts in the selection of assignment codes for the various subject areas taught by the instructional staff in a district. A more comprehensive list of "Classes that can be Taught" that utilizes the endorsement codes is available on the website at: www.michigan.gov/teachercert. Column one, "REP Assignment Code," lists the actual assignment codes as they appear in Field 10. Column two, "REP Class Assignment Title," lists the assignment code title for each specific REP assignment code. Column three, "Examples of Types of Subject Area Classes," lists examples of the types of subjects that would be included for each assignment code in the REP. This list does not include all subjects that may be taught by all districts, but is meant to aid the district in determining which assignment code to use for the instructional staff for these or similar types of subject areas.

Accounting/Function Codes/Assignment Codes:

In an effort to improve data quality, the REP Data Field Descriptions provide a list of suggested accounting/function codes for most of the assignment codes as defined by the Michigan Department of Education. If an accounting/function code is not listed for an assignment code or a range of accounting/function codes is given, choose the appropriate code for the assignment code from the list of accounting/function codes provided in this field. (See the programming edit section for more details about reporting of the accounting/function codes.)

Special Education Assignments (NNNNN)

Reporting of Special Education Personnel

In order to meet the federal reporting requirements of *No Child Left Behind Act of 2001 (NCLB)* and the *Individuals with Disabilities Education Act (IDEA)*, districts are to report the specific subject area assignments for all special education teachers. Therefore, assignment codes "00110" through "00194" (except "00192") and "00291" have been eliminated from the REP. Districts are required to select the appropriate assignment code(s) from the general education assignment codes "000AX" through "00594" for the position held by the staff member and the appropriate special education primary age group from the "Current Grade Assignment and Educational Setting" list.

Assignment code "00192" collects assignment data for special education teachers of speech/language assigned to a Speech/Language Impaired classroom (all subjects). Highly Qualified status must be reported for staff members reported with this assignment code.

Assignment codes "00195" and "00196" collect assignment data for special education teachers who are assigned to co-teaching or to classes that do not teach core academic subjects ~~require Highly Qualified status~~ (study skills and transitions skills types of assignments).

Assignment code "00197" collects assignment data for special education teachers who are assigned to non-elementary level classrooms where ALL students are assessed by alternate achievement standards (MI-Access). This assignment code requires the teacher to be Highly Qualified at the elementary level.

Assignment code "00292" collects assignment data for a Speech Pathologist with a Certificate of Clinical Competence who is assigned in a non-teaching capacity.

Special education personnel who were previously submitted with assignment code "00350" (Curriculum Resource Consultant) should be reported with one of the following assignment codes:

- "00200" though "00292" (Teacher consultants and other special education personnel)
- "00380" (Miscellaneous other Professional Personnel)
- Use a five-digit administrative assignment code, such as "78261" (Consultant, District, Special Education)

Special education personnel who were previously submitted with assignment code "00387" (Work Study Coordinator) should be reported with one of the following assignment codes:

- "00375" (Transition Coordinator)
- "00200" though "00292" (Teacher consultants and other special education personnel)
- Use a five-digit administrative assignment code, such as "78261" (Consultant, District, Special Education)

Current Grade Assignment and Educational Setting: 22-digit code (Integer)

If a staff member is working in the classroom, enter the grade level or educational setting assignment for the person employed by the district. When a position is vacant, use the appropriate grade-level assignment or educational setting for the vacant position.

If a staff member is working in a specific grade level, report the grade-level code whenever possible. If a biology teacher is assigned to grades 9, 10, and 11, enter "0000000000111000000000".

If a teacher is conducting a ninth-grade auto mechanics class, report grade nine. If a teacher is conducting a high school auto mechanics class in a vocational setting, report the educational setting of Career and Technical Education, "000000000000000001000".

For assignment codes "000AX" through "99900", report the grade level whenever possible or select the appropriate educational setting. For assignment codes "81500" through "99900", report the grade level whenever possible or use the educational setting code "0000000000000000000001" (Administrative or Support Staff -- all levels). *For those districts using the online application, simply select the appropriate grade level or educational setting for each staff member.*

Do not submit both a grade level and an educational setting.

Special Education Primary Age Group

Definition: The *Individual with Disabilities Education Act (IDEA) 2004* requires the count of special education personnel. Special education personnel are defined as special education teachers, special education teacher consultants, special education related services staff and special education paraprofessionals/aides. Special education teachers, teacher consultants and instructional aides must be submitted by the primary age group that they serve. Indicate the age group that the staff member is responsible for at least 50 percent or more of his/her instruction time. For special education staff members with assignment codes "00192" through "00292" and "00403" through "00407", districts must submit the primary age group, or a fatal error will be reported.

OR

FTE: Four-digit code (N.NN)

This is the full-time equivalency (FTE) of a staff member being employed in this district. This refers to the amount of time required to perform an assignment stated as a proportion of a full-time position, and computed by dividing the amount of time employed by the time normally required for a full-time position. The FTE submitted should be determined by district policy and contracts within the district. This is an internal process based upon the local ISD's, district's, or PSA's structure.

Districts are required to report FTE for all staff members regardless of the FTE count, except day-to-day substitute teachers and day-to-day substitute paraprofessionals. This includes all assignment codes (000AX through 99900 except assignment codes "000SUB" and "00PAR").

Report the FTE of the vacant position. Report the proportionate FTE for each assignment for each staff member. For example, if a teacher works full time, but works in two schools/facilities, report each school/facility separately using a "0.5" FTE for each. If a teacher is assigned to a biology class for three-fourths of his/her schedule and an English class for one-fourth of his/her schedule, report "0.75" FTE for biology in the first position, and "0.25" FTE for English in the second position of Field 10. If a principal works three-fourths' time as an administrator and one-fourth time teaching mathematics, the FTE would be submitted as administrator "0.75" and teaching "0.25".

FTE greater than 1.0: It is possible to report an FTE greater than 1.0 if the person is employed in two regular assignments for the district. For example, if a teacher works in a regular teaching assignment for 1.0 FTE and works in the community services program after school in a 0.25 FTE assignment, report each assignment/position separately by FTE. The total FTE cannot exceed 2.0.

Hourly Wage: Six-digit code (NNN.NN)

Note: The reporting of Hourly Wage is optional. However, the position must have a value.

Districts may submit both the hourly wage and the full-time base annual salary. Each field must have a value, or a fatal error is reported. The full-time base annual salary cannot exceed \$300,000; the hourly wage cannot exceed \$999.99. When Field 12: Funded Position Status contains code "1" for a vacant position, submit zeros in both the hourly wage in Field 10 and Field 28: Full-Time Base Annual Salary, or a fatal error is reported. For example, if an employee earns \$25.85 per hour, report the earnings as "25.85". The payroll person in the district determines the hourly wage based upon contractual agreements, hours per workday, and number of days per contractual school year.

For example: Jim Smith is a third-year math teacher in the high school with a salary of \$32,000, and Sally Jones is a 20-year, fifth-grade teacher with a salary of \$43,000. The district contract indicates that high school teachers work 7.5-hour days and 183 days per year, while elementary teachers work 6.5-hour days and 184 days per year. A method to determine hourly wage for Jim Smith would be: $32,000 / (7.5 * 183)$. In this example, Jim Smith would have an hourly wage of \$23.32, and Sally Jones would have an hourly wage of \$35.95 ($43,000 / [6.5 * 184] = 35.95$).

Accounting/Function Code: Three-digit code (NNN)

Enter the appropriate code as determined for accounting purposes for each position in a given school district. For example, all special education instructors should be submitted as "122"; school administrators, such as principals and assistant principals, should be submitted as "241". The Michigan Public School Accounting Manual can be located at: http://www.michigan.gov/mde/0,1607,7-140-6530_6605-21321--,00.html. The Michigan Public School Accounting Manual (Bulletin 1022) serves as a mandatory guide to the uniform classification and recording of accounting transactions for Michigan public school districts.

Highly Qualified Status: One-digit code (Integer)

Definition: This code is a one-position integer character. For staff members with assignment codes "000AX" through "000ZZ", "00192" and "00197" (core academic instructional staff members as defined in NCLB, see Assignments to General Education), "80002" and "80005" (Title I instructional paraprofessionals/aides, such as Title I Targeted Assistance Program or Title I Schoolwide Program), and "00410" and "00412" (Title IC Migrant Education Program instructional paraprofessionals/aides), submit a "1" (yes) in this position if the staff member meets the Michigan Department of Education's definition for a Highly Qualified teacher or Highly Qualified paraprofessional/aide for the assignment in this repetition of Field 10. If a staff member does not meet the definition for Highly Qualified, submit a "2" (no) in this position.

For assignment codes "80002" and "80005" (Title I instructional paraprofessionals/aides), districts are to report Highly Qualified status as follows:

Title I Targeted Assistance only – Report the instructional paraprofessionals/aides supporting Title I activities.

Title I Schoolwide – Report all instructional paraprofessionals/aides. In a Title I school that has been designated as a schoolwide program, ALL instructional paraprofessionals/aides must be Highly Qualified. This would include special education (assignment code "00403"), early childhood, library media, technology lab paraprofessionals/aides, etc.

The Michigan Department of Education has received approval from the United States Department of Education for the following definition of Highly Qualified teachers or paraprofessionals/aides: Teachers or paraprofessionals/aides will be defined as Highly Qualified for a assignment if they meet one or more of the six criteria listed on the Michigan Department of Education Web site:

<http://www.michigan.gov/mde/>. Click on the State Board of Education link on the left navigation bar. On the new page, click on "Policies" on the left navigation bar, and then click on Policies: 2003. Then click on "The Michigan Definition for Identifying Highly Qualified Teachers" dated April 24, 2003. The document is located at the following Web site: (http://www.michigan.gov/documents/definitionofhighlyqualifiedteachers_63281_7.pdf). For further information, go to: <http://www.mea.org/nclb/index.html> (specific questions regarding Highly Qualified status may be referred to Krista Ried, Office of Professional Preparation Services at 517-373-3310).

For each assignment, submit a "1" (yes) in this position if the instructional staff member meets any one of the criteria presented in this document or a "2" (no) if the instructional staff member does not meet the criteria. For example, when entering information for John Smith for an assignment of Art Education Teacher: if he has earned 18 additional semester credit hours in a planned program since the issuance of a provisional certificate, John Smith is submitted as Highly Qualified.

For your convenience, a teacher worksheet tool is available from the CEPI Web site: <http://www.michigan.gov/cepi>. Click on "MEIS Data Services"; click on the "Registry of Educational Personnel" link on the left navigation bar, and then under the heading REP Help and Resources click on "Highly Qualified Help". The worksheet tool and other helpful information regarding Highly Qualified status are available on this link.

For any non-core academic assignment codes included in the range "000AX" through "00594" that are not required to be submitted for Highly Qualified status, report "0" (not applicable) in this position. For staff members with assignment codes "60100" through "60700" and "70000" through "79999" and "80001", "80004" and "80014" through "99900", submit a "0" (not applicable) in this position.

Academic Major: One-digit code (Integer)

Definition: This code is a one-position integer character. For staff members assigned to core academic assignment codes "000AX" through "000ZZ", "00192" and "00197" (core academic instructional staff members as defined in NCLB; see Assignments to General Education), place a "1" (yes) in this field if

the staff member holds an academic major, coursework equivalent to an undergraduate academic major, a graduate degree, or advanced certification or credentialing for the assignment in this repetition of Field 10. Place a "2" (no) in this position if the staff member does not have the required major or equivalency for this assignment.

For non-core academic assignment codes "000AX" through "00594" that are not required to be submitted for Highly Qualified status, report "0" (not applicable) in this position. For staff members with assignment codes above "00594", place a "0" (not applicable) in this position.

Academic Minor: One-digit code (Integer)

Definition: This code is a one-position integer character. For staff members assigned to core academic assignment codes "000AX" through "000ZZ", "00192" and "00197" (core academic instructional staff members as defined in NCLB; see Assignments to General Education), place a "1" (yes) in this position if the staff member holds an academic minor or coursework equivalent to an undergraduate academic minor for the assignment in this repetition of Field 10. Place a "2" (no) in this position if the staff member does not have the required minor or equivalency for this assignment.

For non-core academic assignment codes "000AX" through "00594" that are not required to be submitted for Highly Qualified status, report "0" (not applicable) in this position. For staff members with assignment codes above "00594", place a "0" (not applicable) in this position.

Note: For core academic assignment codes "000AX" through "000ZZ", "00192" and "00197" that must be submitted for Highly Qualified status, academic major and academic minor, all three categories must be submitted with an appropriate response. When reporting data via the REP Single Submission Online Application, report "yes" or "no". When reporting data via the Bulk Upload Application, report "1" (yes) or "2" (no).

Administrator Continuing Education: One-digit code (Integer)

Definition: This code is a one-position integer character. For administrative assignment codes "70000" through "79999", report a "1" (yes) if the district/building administrator has met the continuing education requirement for eligibility for employment. Report a "2" (no) if the administrator has not met the continuing education requirement. (See the administrative assignment codes for specific assignment codes that must be submitted.) For assignment codes that are not required to be submitted for administrator continuing education, report a "0" (not applicable) in this position. For assignment codes "000AX" through "60700" and "80001" through "99900", report "0" (not applicable) in this position.

Number of Core Academic Classes Taught: One-digit code (Integer)

Definition: This code is a one-position integer character. For staff members with core academic assignment codes "000AX" through "000ZZ", "00192" and "00197", report the number of core academic classes taught ("1" through "9") for each core academic assignment code submitted in Field 10. For example, if a staff member is submitted with the assignment code "000EX" and teaches Algebra I, Algebra II, Advanced Math, Pre-Algebra and General Math, report "5" in this position. The "5" represents five classes taught by the staff member. Or, if a staff member is assigned two subject areas — three classes of English "000BA" and two classes of History "000CC", report "3" in this position for English "000BA" and "2" in this position for History "000CC".

For non-core academic assignment codes "000AX" through "00413", report a value of "0" through "9". (Reporting of the number of classes taught is optional for non-core academic assignment codes.) All other assignment codes "00500" through "99900", report a "0" (not applicable) for this position. Highly Qualified percentages will then be calculated based upon data submitted.

For more information concerning the reporting of the number of classes taught, you may refer to a reference document at www.michigan.gov/cepi. Click on MEIS Data Services and then click on the Registry of Educational Personnel. The document, Calculating the Number of Core Academic Classes Taught, is located under the heading Current REP Submission.

Field 15: Racial/Ethnic Code

Submission date:	First business day in December and June 30
Field use:	Section 501 of PA 119 of 2007; NCLB, 20 USC 6319
State of Michigan office contact:	CEPI customer support, 517-335-0505, CEPI@michigan.gov
Field specification:	Six-character
Record position/type:	637-642, character
Database field name:	RacialEthnicCode
Code/format:	<p>This is a unique six-position field using any combination of "0" through "6" in the proper position (NNNNNN). Because this is a multiple-occurrence field, the indicator of the code is located by position in the format. The primary racial/ethnic choice is represented with a "1" and the second choice is a "2", etc.</p> <p>For example, a person whose primary racial/ethnic choice is Asian American would receive a code of "010000". If the same person were also White, they would receive the code of "010020". In this example, a person who is primarily of the Hispanic ethnic group and is also of the Black and Asian races, would be coded "032001". If a person were of equal races, such as an American Indian and Hispanic, they would be submitted as "100001". Using this procedure, multiple racial/ethnic classifications are possible when self-selection occurs.</p>
Dependencies with other fields:	Field 12: Funded Position Status

Programming edits: If the code is invalid or blank, a fatal error is reported, unless Field 12: Funded Position Status contains code "1" (i.e., vacant). If a "1" is submitted in Field 12, this field must be left blank, or a fatal error is reported. At least one of the six digits must be a "1", or a fatal error is reported. Repetition of a "1" in all positions will result in a fatal error.

Definition: First identify a racial group and then the ethnicity of the staff member. If the person is self-selecting, a multiple of the following codes with PRIMARY AND/OR SECONDARY CHOICES MUST BE REPORTED. For vacant positions created since the previous school year and not yet filled, leave this field blank.

100000	<i>American Indian or Alaska Native.</i> A person having origins in any of the original peoples of North America and South America (including Central America), and who maintains tribal affiliation or community attachment.

For example, if the employee holds a general education certificate with a mathematics endorsement and a Temporary Vocational Authorization and is assigned to a mathematics position, report the general education certificate.

If the certificate has expired and an application for a new certificate is in process, enter the certificate pending status code "02". If the district has applied for a substitute permit, but it is not yet approved, use the pending status code "02".

Database field name:	HoursofProfessionalDevelopment
Code/format:	This is a 27-position field. (NNNNNNNNNNNNNNNNNNNNNNNNNNNNNNNN)
Dependencies with other fields:	Field 10: School Assignment Data

Programming edits: This field must have a value. If no professional development was completed or required, report zeros. For any professional development category (nine categories) that is not submitted with specific hours, report zeros or a fatal error is reported.

Definition: Indicate the number of hours by type(s) of the professional development in which this employee participated during the school year (July 1 to June 30). For teachers, this field is used to determine to what extent the employee has engaged in district-supported, as well as independent professional development, including that specified within Section 380.1526 and/or 380.1527 of the Michigan Compiled Laws (MCL). For administrators, this field is used to determine to what extent the administrator has engaged in professional development as required by Section 380.1246 of the MCL. Professional development information as it relates to Highly Qualified teachers and principals is needed in part to document Michigan's progress toward high standards as defined by the *No Child Left Behind Act of 2001*. This field applies to assignment codes "000AX" through "00594" and "70000" through "79999".

Consider ongoing, structured and documented professional learning opportunities such as curriculum development, peer coaching, technology training, analyzing student work, online learning, learning to work with parents and small collegial study groups. Include in these hours time devoted to follow-up of previous professional development. If a professional learning opportunity falls into two categories, choose the primary one.

For information regarding the submission of professional development data and/or MCL Section 1526 or MCL Section 1527: contact Bonnie Rockafellow at 517-373-7861 (RockafellowB@michigan.gov) or Donna L. Hamilton, 517-241-4546, (hamiltond3@michigan.gov). Further professional development information can be found at www.michigan.gov/mde, under the Office of Professional Preparation Services section.

If the number of professional development hours is 0.49 or below, round down to the nearest whole number of hours. If the number of hours is 0.5 or above, round up to the nearest whole number of hours.

State of Michigan office contact:	Office of School Improvement, 517-373-4588
Field specification:	Six-character
Record position/type:	738-743, numeric
Database field name:	AnnualSalary
Code/format:	This is a six-position field (NNNNNN)
Dependencies with other fields:	Field 10: School Assignment Data Field 12: Funded Position Status

Programming edits: Annual Salary has been redefined to mean full-time base salary so that it can be used to determine comparability under Title I, Part A of No Child Left Behind. If the full-time base annual salary is submitted in this field, the hourly wage in Field 10 must be submitted with either the hourly wage or zeros, or a fatal error is reported. If no value is entered, a fatal error is reported. The full-time base annual salary cannot exceed \$300,000; the hourly wage cannot exceed \$999.99.

If Field 12: Funded Position Status has a value of "1" (vacant, funded, open position, no one assigned), the full-time base annual salary in Field 28 and the hourly wage in Field 10 must be zeros, or a fatal error is reported.

Definition: The purpose of Field 28 is to collect the Full-Time Base Annual Salary for employees in given assignments in order to meet the needs of Title I, Part A of the *No Child Left Behind Act (NCLB)*. The full-time base annual salary for all employees is the base salary (basic contract) for a first-year full-time employee at this educational level. It does not include increments for years of service or longevity payments. The full-time base salary is used in determining comparability under Title I of NCLB. This field must be submitted by districts required to complete the Title I Comparability Application. Reporting of this field is optional for all other districts. When applicable, indicate the full-time base annual salary for all employees of the district whose assignment code is reported with accounting function codes 111-113, 122-127, 211-218, 222-225, 241, or 249. This field applies to assignment codes "000AX" through "99900" and must have a value.

The following are two examples of how to report the base salary for the new and the experienced employees:

Example 1: Jane Doe is a first-year teacher with a bachelor's degree and has a base salary of \$40,000; John Smith is a fifth-year teacher with a bachelor's degree and has a base salary of \$40,000. All employees at the bachelor's degree level have a base salary of \$40,000.

Example 2: Jane Smith is a first-year teacher with a master's degree and has a base salary of \$50,000; John Doe is a fifth-year teacher with a master's degree and has a base salary of \$50,000. All employees at the master's degree level have a base salary of \$50,000.

If this field and Field 30 are left blank when a code of "97" or "98" is submitted in Field 25: Employment Status, a fatal error is reported unless Field 12: Funded Position Status uses code "1" (i.e., vacant position). If the institution code submitted is invalid, a fatal error is reported.

Bulk Upload File: If a value is submitted for Field 29 in a Bulk Upload file, Field 30 must contain spaces, or a fatal error is reported.

REP Single Submission Online Application: If a value is submitted for Field 29 in the Online Single Submission Application, Field 30 must be left blank, or a fatal error is reported.

Appendix A

Reporting of Day-to-Day Substitute Teachers and Day-to-Day Substitute Paraprofessionals/Aides

In an effort to streamline the reporting of day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides to meet the reporting requirements of the School Safety Legislation, it has been determined that day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides may be submitted to the Registry of Educational Personnel (REP) with fewer data elements. The required fields are those that are necessary for accurate reporting of the employees' records, so that the crosscheck of data may be completed with the Michigan State Police.

The assignment code "00SUB" (day-to-day substitute teacher) and "00PAR" (day-to-day substitute paraprofessional/aide) have been added for reporting of day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides. Districts are encouraged to use these new assignment codes for day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides, as the use of these codes allows reporting of fewer data elements. However, if a district chooses to use "000NX" (Other) to report day-to-day substitute teachers, or a paraprofessional/aide assignment code, the district will be required to submit all of the fields appropriate for the assignment code. These two assignment codes may only be used for staff members working in day-to-day substitute positions.

A day-to-day substitute teacher or a day-to-day substitute paraprofessional/aide is an individual employed by a district to serve in short-term assignments that are less than one semester in length. A school district can employ a person under a substitute teacher permit as long as the assignment is less than one semester. Online Submission: A special submission screen for day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides is available in the REP Application. Instructions for the submission of day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides are available in the REP User's Guide. Submission of the "000NX" (Other) assignment code for day-to-day substitute teachers or paraprofessional/aides rather than submitting the assignment code "00SUB" or "00PAR" will require the submission of all fields appropriate for the assignment code.

Bulk Upload Submission: Day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides may be included in bulk upload files with the limited number of required fields. Edits placed on the assignment codes "00SUB" and "00PAR" allow districts to omit fields not listed in this appendix. Use of the "000NX" (Other) assignment code for day-to-day substitute teachers or a paraprofessional/aide assignment code other than "00SUB" or "00PAR" will require the submission of all fields appropriate for the assignment code.

The User's Guide will be available when the REP opens for the Fall 2009 Submission.

School/Facility Code: Day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides who work in multiple schools/facilities may be submitted with a school/facility code of "00000" (central administrative unit).

The fields listed below are required for the submission of day-to-day substitute teachers and day-to-day substitute paraprofessionals/aides. Refer to the Fall 2009 REP Data Field Descriptions for complete information regarding field definitions.

Reporting of Non-Instructional Employees (Assignment Codes "81500" through "99900")

Non-instructional employees who are employed by a district and who work less than 0.5 full-time equivalency (FTE) may be submitted with fewer required data elements. The required fields are those necessary for accurate reporting of the employees' records to the federal government as well as those necessary for the crosscheck of data by the Michigan State Police. These employees include contract workers, substitutes (temporary employees) for positions such as secretarial, custodial, and food service, as well as other non-instructional positions.

Online Submission: A special submission screen for non-instructional employees with assignment codes "81500" through "99900" is available in the REP Application. Bulk Upload: Non-instructional employees may be included in the bulk upload file with the limited number of required fields. The edits will be based upon the FTE count submitted for the employee. Any non-instructional employee (assignment codes "81500" through "99900") with less than 0.5 FTE submitted may be submitted with the reduced number of fields as listed in this document.

School/Facility Code: Non-instructional staff members who work in multiple school/facilities may be submitted with a school/facility code of "00000" (central administrative unit).

Assignment Code: Report the appropriate assignment code for the position held by the non-instructional staff member.
