

Benefits for students, parents and alumni participating in the Michigan E-transcript Initiative:

- Students, parents and alumni can request transcripts online 24 hours a day/7 days a week.
- There is no charge to have transcripts sent to participating colleges in Michigan and partner states.
- Automated notification to students when transcripts are processed and received, reducing student support calls.
- Faster delivery to Michigan and nationwide colleges and scholarship programs.

Benefits for Secondary Institutions participating in the Michigan E-transcript Initiative:

- Transcripts can be processed electronically for your school by Docufide for delivery to any destination globally.
- Reduces the school staff's time commitment to processing transcripts, allowing staff to focus on other, more important student needs.
- Faster delivery to Michigan and nationwide colleges and scholarship programs.
- The student Unique Identification Code (UIC) will be included in the transcript, making the link between high school and postsecondary education records a reality. This step will assist with statewide efforts to retain federal stimulus dollars that were received and distributed to public education institutions conditionally upon compliance with the requirements of the America Recovery and Reinvestment Act of 2009 (ARRA).

Benefits for Postsecondary Institutions participating in the Michigan E-transcript Initiative:

- Handle transcripts in a much more efficient and timely manner.
- Creates a legible copy to be read by and shared with admissions counselors, academic advisors, scholarship committees, etc.
- Eases the review process by providing a standard appearance to the transcript.
- Comprehensive reporting built into the system for all authorized administrators. Reports available for sent and received transcripts with a robust set of search criteria and export capability to Excel for further data analysis.
- The student Unique Identification Code (UIC) will be included in the transcript, making the link between high school and postsecondary education records a reality. This step will assist with statewide efforts to retain federal stimulus dollars that were received and distributed to public education institutions conditionally upon compliance with the requirements of the America Recovery and Reinvestment Act of 2009 (ARRA).
