MCLA 500.3104 requires submission by all Property and Casualty Insurers for the purpose of determining assessable premiums.

DEFINITIONS:

Pursuant to the Michigan Catastrophic Claims Association's Plan of Operation, the following definitions apply:

Section 4.01(h) "Written Car Years" means the number of net direct written vehicle years (or the total number of net direct written vehicle months divided by twelve, if so reported) of insurance providing to any and all vehicles, except Historical Vehicles, the security required by Sections 3101 and 3103 of the Michigan Insurance Code, written in the State of Michigan by each Member and 3103 Member, or all such members, as applicable. The method each Member and 3103 Member uses to calculate Written Car Years for the purpose of reporting such information to the Association shall be the same method the member uses to calculate the number of written car years the member reports to its statistical agent. As used in the term "Written Car Years" and in this definition, "car" includes motorcycle. The Board may establish, by resolution, the manner for determining Written Car Years with respect to commercial or other vehicles where some other unit of exposure is used.

Section 4.01(g) "Historical Vehicle" means a vehicle that is a registered historic vehicle under section 803A or 803P of the Michigan Vehicle Code, 1949 PA 300 MCL 257.803A and 257.803P.

Section 803a provides the secretary of state may issue to the owner of a historic vehicle a historic vehicle registration plate, which shall bear the inscription "historical vehicle - Michigan" and the registration number. Section 803p provides that the owner of a historic vehicle may use an authentic Michigan registration plate of the same year as the model year in which the vehicle was manufactured instead of a historic vehicle registration plate issued under section 803a by presenting the authentic plate number and year to the secretary of state at the time of registration. Pursuant to Section 257.20a of the Michigan vehicle code, "Historic Vehicle" means a vehicle which is over 25 years old, and which is owned solely as a collector's item and for participation in club activities, exhibitions, tours, parades, and similar uses, including mechanical testing, but is not used for general transportation.

In summary, in order for a vehicle to be assessed at the historical vehicle assessment rate, the vehicle must meet the definition of a historical vehicle as defined in Section 257.20a and must either have a historic vehicle registration plate or authentic Michigan registration plate.

Section 4.01(i) "Written Historical Vehicle Years" means the number of net direct written Historical Vehicle years (or the total number of net direct written Historical Vehicle months divided by twelve, if so reported) of insurance providing to any and all Historical Vehicles the security required by Sections 3101 and 3103 of the Michigan Insurance Code, written in the State of Michigan by each Member and 3103 Member, or all such members, as applicable. The method each Member and 3103 Member uses to calculate Written Historical Vehicle Years for the purpose of reporting such information to the Association shall be the same method the member uses to calculate the number of Written Car Years the member reports to its statistical agent, except that this method will be applied to policies on Historical Vehicles.
