

# Welcome Michigan Green Labs Initiative Participants!

Jennifer Battle  
Director, Campus Sustainability

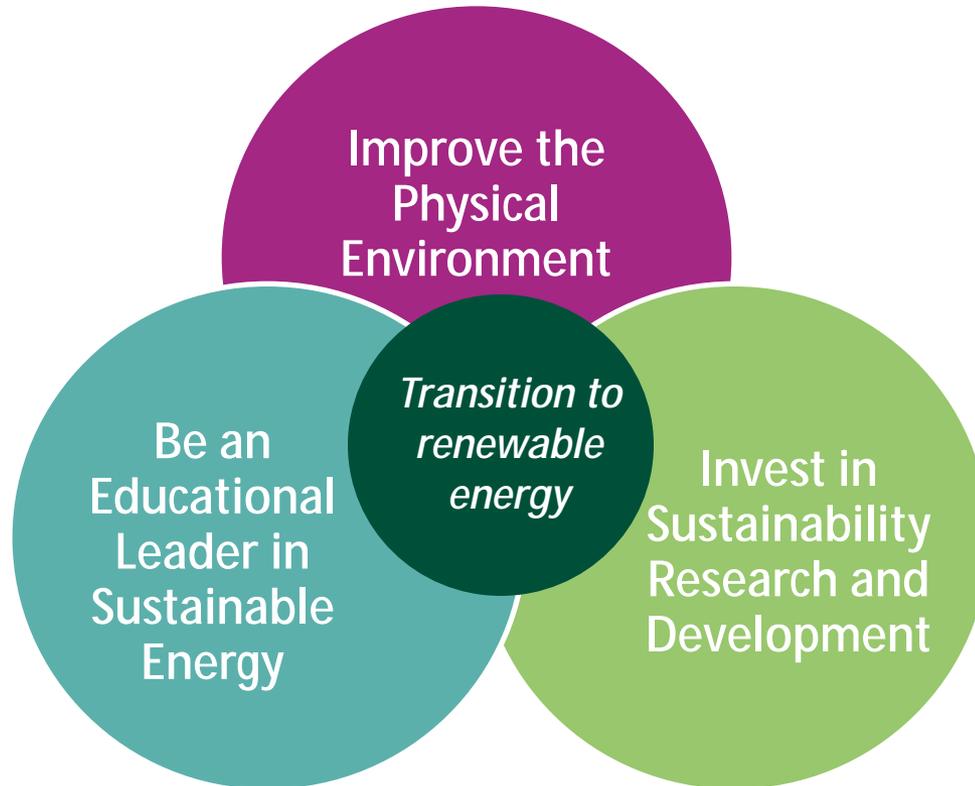

# Sustainability and Energy

- Sustainability is part of our DNA
  - Provide economic, environmental, and community value for solving the world's most pressing problems
- Energy and climate change are among the biggest challenges for this and future generations

# Energy Transition Plan

[Energytransition.msu.edu](http://Energytransition.msu.edu)

# Safe & Sustainable Labs

- Laboratory facilities among the highest energy users on campus
- Safe & Sustainable Labs initiative looks for opportunity to reduce energy use, improve laboratory performance, while maintaining safety

---

THEY'VE BEEN CALLED  
**LEADERS. LIFESAVERS.  
WORLD CHANGERS.**

THEY'RE ALSO CALLED  
**SPARTANS.**

---

Discover how nearly 500,000 Spartans make a difference every day.
