About Lenovo:

Lenovo manufactures, develops, and markets a wide range of reliable, high-quality technology products including desktop computers, notebook computers, and computer monitors. Lenovo employs over 33,000 employees worldwide and has principle operations in Beijing, China, and Research Triangle Park, North Carolina.

Lenovo is committed to leadership in environmental affairs in all of its business activities. Lenovo follows applicable regulations around the world and is committed to doing more. In the US, Lenovo offers a free recycling program for households and home based businesses covering all Lenovo manufactured products nationwide. Lenovo believes these programs meet the requirements of Michigan Natural Resources and Environmental Protection Act (Part 173 Electronics). The program is publicized on Lenovo's recycling webpage at www.lenovo.com/recycling. Details of this program are included below.

Recycling Plan Details:

Consumers in Michigan are able to return their used Lenovo and Medion brand covered electronic devices for recycling through the program website at www.lenovo.com/recycling free of charge. The program covers Lenovo manufactured desktop and notebook computers and computer monitors, Medion brand computers and televisions and any brand of television. Lenovo has partnered with Reverse Logistics Group Americas, Inc. with its Take-Back and Regulatory Compliance management system to offer this program.

Consumers in Michigan can access the website and enter information about their location and equipment. Based on this information, a shipping label is generated, which the consumer can utilize to ship their used Lenovo product for recycling free of charge. Consumers merely pack the product and ship it using the free shipping label.
