Instructions for Completing the Electronic Device Manufacturer Registration Form:

PLEASE NOTE: ALL FIELDS MUST BE COMPLETED. IF A FIELD DOES NOT APPLY,

Please explain the processes and methods used to recycle or reuse the covered electronic devices received from Michigan consumers. Examples of processes and methods include direct export to a recycler outside of the United States, outside of Michigan, or to a Michigan electronics handler that dismantles and segregates metal, plastic, and glass components; shreds metal and plastics; and grinds glass. Metal is sold to foundries and steel manufacturers, glass to glass manufacturers, and plastic to plastic manufacturers for producing new metal products or components of products. Please also identify materials that are disposed, including the disposal method (e.g. disposed of at a nonhazardous solid waste landfill). [Section 17303(2)(c)(iii)(B)]

3)

Please describe your Takeback Program:

VTech offers a convenient mail-back program to provide free recycling of VTech branded covered devices for eligible consumers in Michigan. The program covers VTech branded tablets. VTech partners with Reverse Logistics Group Americas, Inc. and its Take-Back and Regulatory Compliance management system to offer this program. Consumers can access the webpage vtechtakeback.rlgamericas.com and enter information about their location and the equipment they intend to recycle. Based on this information, a free shipping label is generated and sent to the consumer, which the consumer can utilize to ship their used VTech product for free recycling. Consumers merely pack the product and ship it using the free shipping label.
