## TAKEBACK PROGRAM CONSUMER CONTACTS

8a. What Web site address do you provide to consumers for information on your takeback program? <http://cobyusa.com/?p=recycle>

8b. If provided, what telephone number do you provide to consumers for information on your takeback program? 877-909-5407

## TAKEBACK PROGRAM INFORMATION

9. Please describe your takeback program.

Coby offers a convenient mail-back program to provide free recycling of Coby branded products for consumers in Michigan. The program covers Coby branded notebook computers and video display devices.

Coby has partnered with AERCCR, Inc. and its Take-Back and Regulatory Compliance management system to offer this program. Consumers can access the webpage at [cobytakeback.aerccr.com](http://cobytakeback.aerccr.com) and enter information about their location and the equipment they intend to recycle. Based on this information, a free shipping label is generated and sent to the consumer, which the consumer can utilize to ship their used Coby product for free recycling. Consumers merely pack the product and ship it using the free shipping label.

10. What information do you provide to consumers on how and where to return covered electronic devices that are labeled with your name or brand label?

Please refer to the "Recycling Plan Details" above.

11. How do you provide information to consumers on how and where to return covered electronic devices?

Information about Coby's take-back program is found on the website <http://cobyusa.com/?p=recycle>

## TAKEBACK PROGRAM REPORT (include this information beginning with the first registration submitted after the implementation of the takeback program)

12. The total weight of the covered electronic devices received by the takeback program from consumers during the prior year:

3.864 Tons

13. The processes and methods used to recycle or reuse the covered electronic devices received from consumers:

The processes and methods used to recycle or reuse the covered electronics devices received from consumers in Michigan include a vertically integrated, closed-loop, 100% green compliant recycling solution. This recycling solution meets the strict requirements of the EPA's Responsible Recycling (R2) certification, as well as the international standards of ISO 9001:2008, 14001:2004 and OHSAS 18001:2007. The goal is zero electronics to landfill supplemented with full management of the byproducts of electronics recycling, paper and plastics.

I, the undersigned registrant, swear and affirm, UNDER PENALTY OF LAW, that the statements contained herein are true and correct. I certify under penalty of law that the information contained on this form, to the best of my knowledge and belief, is true, accurate, and complete. I am aware that there are significant penalties for submitting false information.
