TAKEBACK PROGRAM CONSUMER CONTACTS

8a. What Web site address do you provide to consumers for information on your takeback program? www.e-worldonline.com

8b. If provided, what telephone number do you provide to consumers for information on your takeback program? 877-342-6756

TAKEBACK PROGRAM INFORMATION

9. Please describe your takeback program.

The MITS program was founded by veterans in the electronic recycling field and developed with one objective in mind: "To provide the premium administrative recycling solution for manufacturers of Electronics throughout the United States".

Scope and Intent of this Plan:

Implementation of this plan will provide a program that will:

1) Define the methods that will be used to collect CED's.

CED's or Covered Electronic Devices covered under this plan include: a desktop or personal computer, computer monitor, portable computer, or television sold to a consumer and small business.

2) Explain the processes and methods that will be used to recycle recovered and CED's including a description of the recycling process that will be used, with names and location of all authorized recyclers to be directly utilized by the plan.

3) Describe the means that will be utilized to publicize the collection service, including specification of a website or toll free telephone number that provides information about the MITS recycling program in sufficient detail to allow consumers to learn how to return their used television for recycling (including limitations placed by collection sites on the number of used CED's permitted for drop-off by consumers and small businesses).

4) Describe the intention of the registrant to fulfill its obligation through its own operations, either individually or with other registered manufacturers.

5) The electronic manufacturers listed will not provide collection or recycling services to business entities under a vendor-to-business purchaser recycling agreement.

6) An explanation of what entities will finance the collection of the CED's.

7) Demonstrates the quality of recyclers and transporters being utilized for this plan. (R2 certification explanations).

10. What information do you provide to consumers on how and where to return covered electronic devices that are labeled with your name or brand label?

Collection locations listed on the MITS website will accept up to 7 CED's of any brand per Consumer or small business per day free of charge. Collection locations will not accept any electronic device which does not qualify as a CED under Michigan Regulation. CED's included: Desktop or personal computer, computer monitor, portable computer, television, or printer sold to a consumer.

Consumers and small businesses who may not be physically able to bring CED's to collection sites have the option to utilize the mail back program; details are on the MITS website.

11. How do you provide information to consumers on how and where to return covered electronic devices?

Referring consumers to the MITS website.

TAKEBACK PROGRAM REPORT (include this information beginning with the first registration submitted after the implementation of the takeback program)

12. The total weight of the covered electronic devices received by the takeback program from consumers during the prior year: *N/A*

TAKEBACK PROGRAM REPORT (include this information beginning with the first registration submitted after the implementation of the takeback program)

12. The total weight of the covered electronic devices received by the takeback program from consumers during the prior year:

NA Tons

13. The processes and methods used to recycle or reuse the covered electronic devices received from consumers:

NIA
