This permit is subject to revocation by the Director of the Michigan Department of Natural Resources (Director) for any violation of Act 641 under which it is issued or for any violation of the rules authorized thereunder, or any conditions noted. This permit shall be available through the applicant during the entire effective date and remains the property of the Director. Failure to comply with the terms and provisions of this permit may result in legal action leading to civil and/or criminal penalties as stipulated in Act 641. **THIS PERMIT IS NOT TRANSFERABLE UNLESS PRIOR AUTHORIZATION HAS BEEN OBTAINED FROM THE DIRECTOR.**

Russell J. Harding, Deputy Director
Michigan Department of Natural Resources

The permittee shall comply with all terms of this permit and the provisions of Act 641 and its rules. This permit includes the permit application and any attachments to this permit.

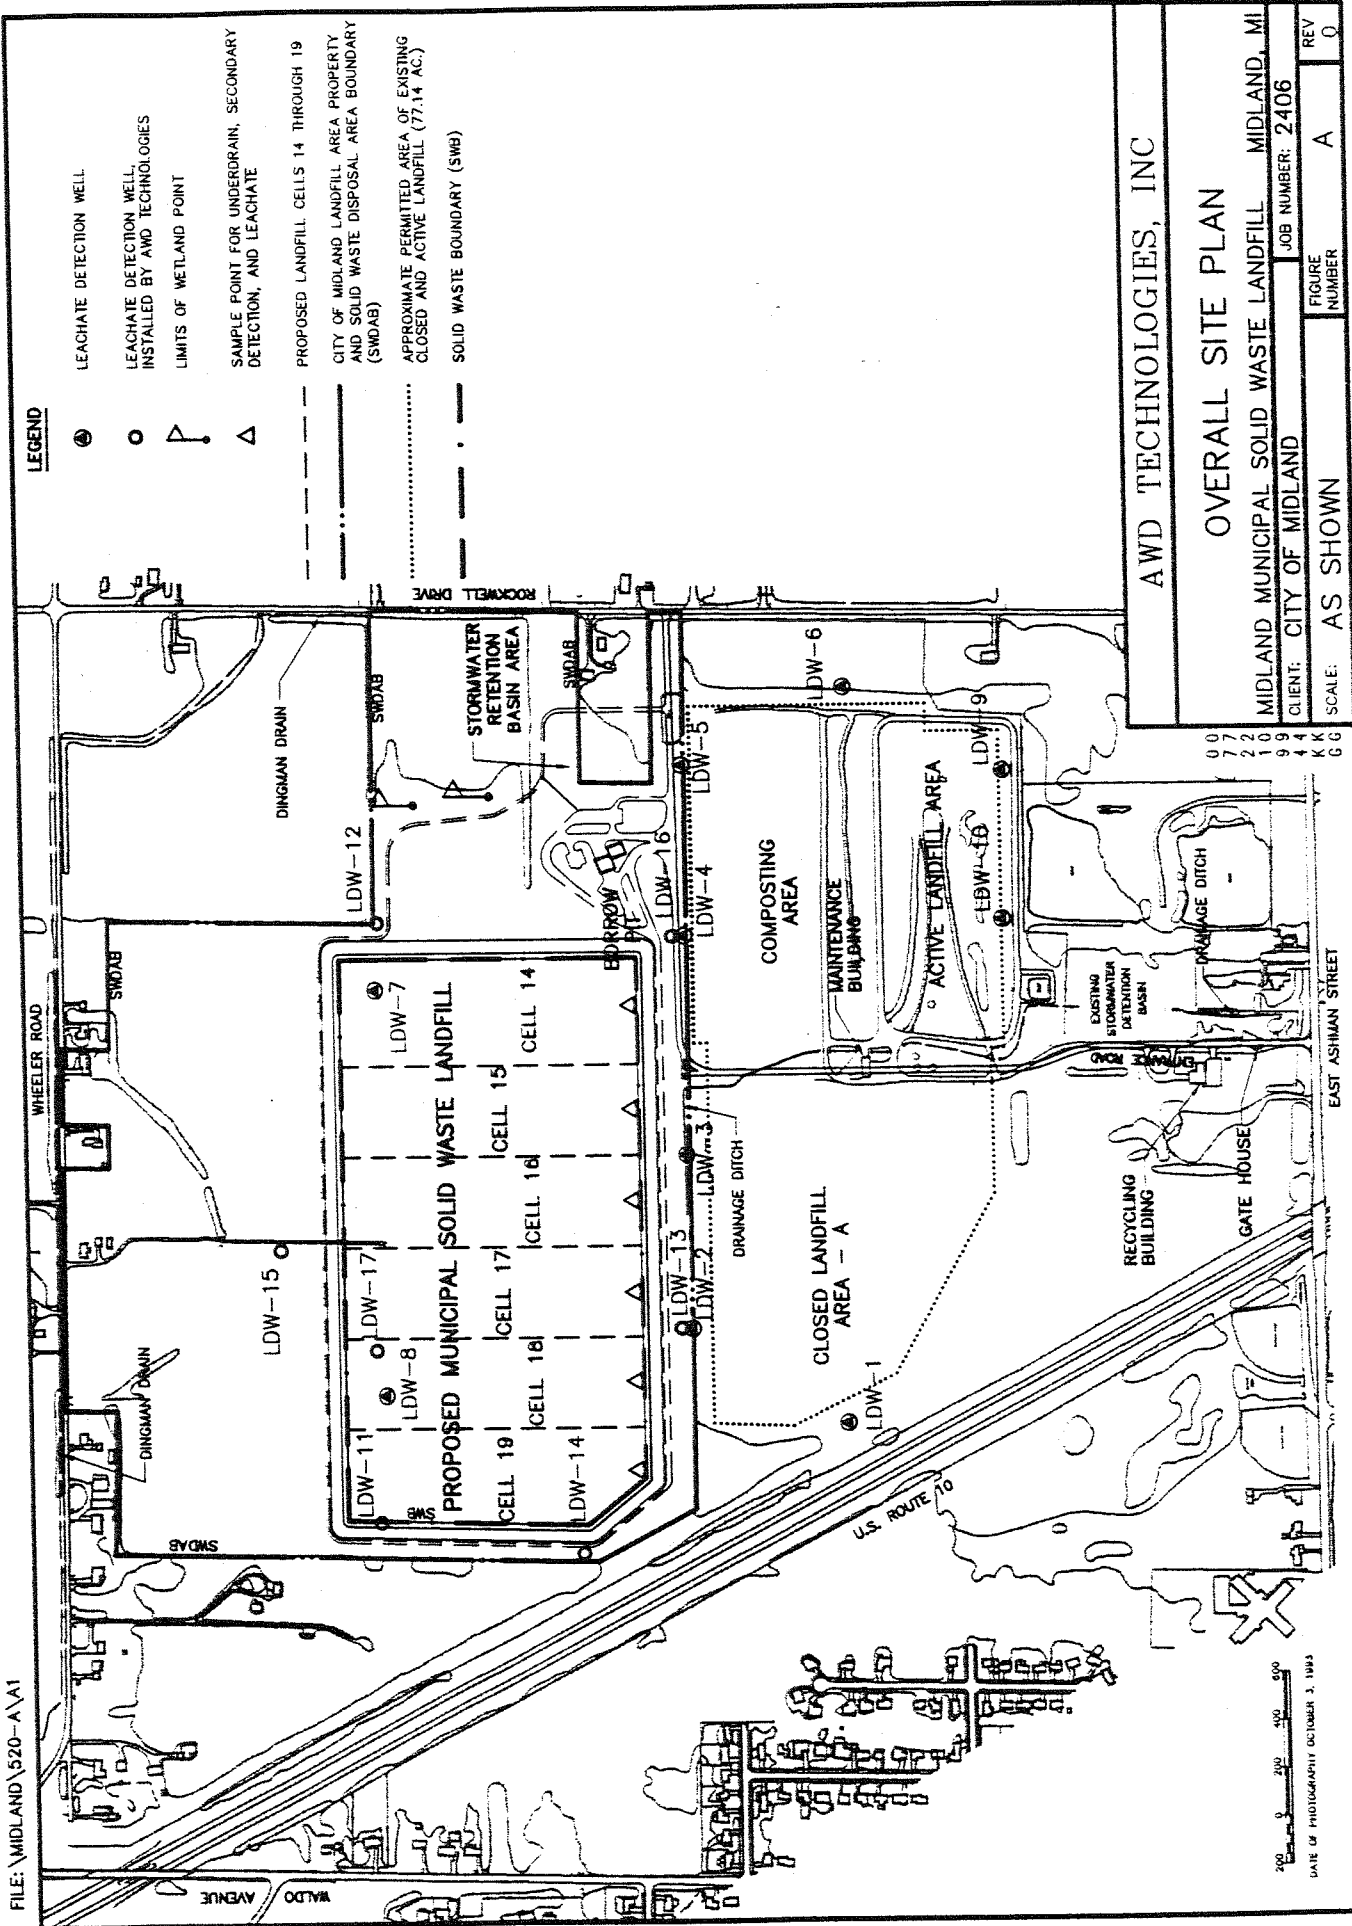

1. The permittee shall construct the Facility in a manner that will not violate any state or federal law.
2. This permit authorizes the construction of the disposal area as defined in the Application for Solid Waste Disposal Area Construction Permit (Application) documents, dated April 7, 1994 and received by the Michigan Department of Natural Resources (Department) on April 8, 1994 (new disposal area). The new disposal area authorized by this permit shall not be utilized for the disposal of solid waste until an operating license for the disposal area is issued by the Department.
3. The attached map (Attachment A) shows the facility, the area permitted for construction, monitoring points, leachate storage units, site roads, and related appurtenances.
4. Issuance of this permit is based on the assumption that the information submitted in the Application dated April 7, 1994, received by the Department on April 8, 1994, and any subsequent amendments is accurate. Any inaccuracies or deviations found in this information may be grounds for the revocation or modification of this permit and/or other enforcement action. The permittee shall inform the Department's Waste Management Division, Saginaw Bay District Supervisor, of any known inaccuracies and/or any deviation in the information of the Application which would affect the permittee's ability to comply with the applicable rules or permit conditions. This permit is issued based on Department review of the Application.
