

## **Wish List of Additional Information / Layers / Themes and Functions for the GeoWebFace**

Items are listed in alphabetical order

- |   |   |
|---|---|
| <input type="checkbox"/> Base of Fresh Water Surface                              | <input type="checkbox"/> Precambrian Basement Contours              |
| <input type="checkbox"/> Basement Terrain   | <input type="checkbox"/> Production Reporting Unit (PRU) Boundaries |
| <input type="checkbox"/> Bedrock Topography                                       | <input type="checkbox"/> Published Geologic Map Outlines            |
| <input type="checkbox"/> Bedrock Valleys  | <input type="checkbox"/> Sand Dunes, Coastal and Inland             |
| <input type="checkbox"/> Blank Background Map or 'turn off' rivers/roads ...      | <input type="checkbox"/> Secondary Recovery Water Flood Areas       |
| <input type="checkbox"/> County High Points and Low Points                        | <input type="checkbox"/> SSURGO County Soils                        |
| <input type="checkbox"/> DEQ-OOGM District/Coverage                               | <input type="checkbox"/> Topographic Contours 1:100,000 / 1:24,000  |
| <input type="checkbox"/> DNR Mineral Lease Auction Results                        | <input type="checkbox"/> Type Section Locations                     |
| <input type="checkbox"/> Drift Thickness  | <input type="checkbox"/> USGS Mineral Resources Data Systems        |
| <input type="checkbox"/> Great Lakes Bathymetry                                   | <input type="checkbox"/> Wellhead Protection Areas                  |
| <input type="checkbox"/> Isopach Maps of formations ...                           | <input type="checkbox"/> Wellogic Water Well Data                   |
| <input type="checkbox"/> Karst Areas, known or inferred                           | <input type="checkbox"/> Wells with Cores and Samples               |
| <input type="checkbox"/> Marker Bed Structure Contour Maps                        | <input type="checkbox"/> Wells with RasterLogs                      |
| <input type="checkbox"/> Non Metallic Quarries                                    |   |
| <input type="checkbox"/> Places of Geologic Interest<br>Cliffs, Scenic Vistas ... |   |

Please contact the GeoWebFace Team if you have any questions, comments, contributions or concerns. Feel free to make suggestions for additions, report omissions or errors and or provide examples to help expand the usefulness of the GeoWebFace. Use whichever communication method you prefer.

Send US Postal Service mail to the GeoWebFace Team at: GeoWebFace Team, Michigan Department of Environmental Quality, Office of Oil, Gas, and Minerals, P.O. Box 30256, Lansing, MI 48909 - or

Email the GeoWebFace Team at [DEQ-GeoWebFace@michigan.gov](mailto:DEQ-GeoWebFace@michigan.gov) - or use the GeoWebFace Feedback Form. <http://ww2.deq.state.mi.us/geowebface/feedback.aspx>
