Yes

No

9e. Is your Takeback program reasonably convenient and available to and otherwise designed to meet the needs of consumers in this state?

Yes

No

9f. What is the number of devices a consumer may deliver to your program each day? Unlimited #7

10. What information do you provide to consumers on how and where to return covered electronic devices that are labeled with your name or brand label?

Our company works with MRM to provide electronics recycling in Michigan. MRM provides consumers with information on how and where to return covered electronic devices on its website: www.mrmrecycling.com. this site has a map of the united States and consumers can find information on the MRM program in Michigan by clicking on the state of Michigan on the map.

the Michigan page on the MRM website lists all brands participating in the MRM program in Michigan. The MRM mailback program of TV products provides a mailback option for consumers who want to recycle brands participating with MRM. the MRM take back locations provide collection locations for consumers who wish to recycle Video Display devices. all brands of VDD's are accepted at MRm at no charge to consumers at MRM recycling collection locations

11. How do you provide information to consumers on how and where to return covered electronic devices?

Since MRM collection locations accept all brands for recycling , the MRM information for my brand can also help consumers regarding recycling of all brands

In addition to the information on the MRM Electronics take back program provided on the MRM website as described in question 10 above, MRM links to the Michigan DNRE Electronics Takeback Program on this page. If consumers have questions about how and where to recycle in general or are seeking sites to recycle covered TV's that are not labeled with our brand label, they can click on this link to find additional recycling information.

TAKEBACK PROGRAM REPORT (include this information beginning with the first registration submitted after the implementation of the Takeback program)

12a. The number of collection and/or recycling locations (permanent or intermittent) in the state of Michigan. MRM list multiple locations and at last count were 80 locations.

12b. List the weight of the covered electronic devices received by the Takeback program from consumers during the prior year:

0 Tons by mailback 0 Tons thru collection locations 0 Tons through collection days 0 Tons through Retailers

13. The processes and methods used to recycle or reuse the covered electronic devices received from consumers: units will be delivered to an authorized recycler in USA by MRM. MRM uses a variety of recyclers in Michigan. Items are sent to recyclers for processing where they are broken down into commodities. Glass is separated and sent to a glass-to-glass process, smelter or other glass processing method, Metals are separated and sent to metals recycling process; precious metals and certain batteries are sent to precious metal processors. plastics are shredded and sent for use in new plastic processing. all batteries and mercury lamps are removed and sent for further processing to specialized recycling facilities for those materials.

More information on MRM's requirements for recycling vendors can be found on the MRM website.
